Hello!

OMB has no objection to Airport submitting a grant application to Federal Aviation Administration for Construction of New General Aviation Taxiways (PID 000034A).

This is a single year reimbursement grant project that will likely impact FY22. The requested funding is $637,671.00. Airport plans to provide a $35,426.00 match. The total estimated project cost associated with this grant is $708,524.00.

Based on the thresholds for delegated approval, this grant application will require County Administrator approval to apply. Please route the grant application through Legistar / Granicus (based on the Grants COE Granicus Approval Flowchart). Please include this email when you send the application through Legistar / Granicus.

Once the application approval is complete, apply for the grant.

In the event you receive the award, please follow these instructions to execute the grant agreement. Please contact me with any questions.

For additional instructions for grant approval and set-up, please visit the Grants Center of Excellence Reference Page.

OPUS Project Title: Construct New General Aviation Taxiways - PID #000034A

Duration: Multi Year

Proposed Abstract (Project Scope of Work): PIE is hiring a professional engineering consultant to develop the design and bid documents for a new taxiway that will provide access from the airfield to an undeveloped 130-acre parcel known as Airco. This is the DESIGN ONLY portion of the project, which is the new construction of Taxiways "D" and "G3".

Benefit Summary (How will this benefit the County, Dept, etc?): These taxiways will provide connectivity between PIE's airfield and the Airco parcel, which will be developed with aeronautical and non-aeronautical tenants in the next 5 years. There is currently no connectivity between the airfield and the parcel.

Director Approval (Attach): No

Is the proposal submitted for a different Department?: No

If submitting for a different department, what is that department name?:
