Philip	Bierneator	pebdcom@gmail.com	7272216038	Yes	The Youth Advisory Committee helped me grow as a person and as a citizen. My experience as a first year member of YAC taught me about the importance of being involved in the decision-making in my community and the areas of concern that need more attention. Last year we toured Sweden Island and learned about how the tides and the ocean affected the island. We also had a presentation on the Pinellas County Parks and Recreation department. This year we are going to the sustainability department. The speaker was so enthusiastic about what he was saying. Everything that was important to me was making Valentine's Day cards for the nursing home residents. We were able to experience and learn about so many different organizations and government operations. Even though I'm a first year and third-grader I can finish strong to help others and to mentor and train I am make a difference.	As a second year member of YAC I plan on running for a board position. I have had the opportunity to learn and observe the systems and process involved on being on the board for YAC last year. I am ready to take on the extra responsibility this year. Because of my experiences at Heritage Village this summer I feel I am going to be able to help the YAC board with connections to the Pinellas County House at Seven Gables and the school. This internship gave me communication and leadership skills which will help me as I continue my involvement with YAC. I would gain so much from this experience growing my leadership skills and ability to form relationships with other members and stakeholders. I also quite simply enjoy learning more about Pinellas County's history and infrastructure.	I am currently a sophomore at Clearwater Central Catholic. Besides attending school I work at Chick-fil-A, I play on the varsity golf team, I play flag football, I bowl and on my schools JV team. I also love spending time outside. I also have my braider's license. This summer I was able to enjoy our waterways with friends and go fishing. I also have helped with many beach cleanups and I love being able to see the impact I have made on our waterways or history in the future. I also want to play college baseball. Jadeen	Varro	jadeenvarro18@gmail.com	7273188610	Yes	I believe YAC is a committee that has the ability to make significant contributions to our local community. I feel that the Pinellas County Youth Advisory committee is an opportunity to hold with other leaders from schools around the county. I would hope to gear the relationships I have with the people I meet into a lasting connection that will last for years to come. I also has many different opportunities to explore and learn about our county. It also provides you with the opportunity to learn how the county functions, and how it operates. I feel that YAC is a great opportunity for a young voice. I hope to excel at in the future, possibly even county government.	I hope to gain connections throughout my YAC experience. I feel YAC is an opportunity to meet people from all walks of life and from all sides of the other group. I also hope to gain leadership skills. This is something that I learn by listening to the speakers and many county leaders that come and speak to us. I feel that I have a lot to learn about our local government. This is something that can always be improved. Lastly, career prep is also something that I look to gain from YAC. YAC provides you with opportunities to go out and explore many different types of career that are available in Pinellas County. Hayden	Wolfram	hayden@mosaicre.us	7273853173	Yes	I would love to join the Youth Advisory Committee to strengthen my relationships with our local governments and learn all about them. I want to be a part of the decision-making process in our community, and I have learned through various long-term and short-term projects. I would also like to use it as an opportunity to meet people from all walks of life and gain leadership skills and have fun to run a proper meeting by following the proper rules. This will help me in the future as I will attend hundreds of meetings with agencies and such.	As I mentioned earlier, I hope to learn and continue to build on how to interact with people from all walks of life and how to interact with our local governments such as the problems at hand, how they find solutions, and how they make decisions. I also want to build on my knowledge of our local government and AN members for all the opportunities they unlock for me. Lastly, I hope to gain the platform to put forth my ideas and messages. Liam	Trader	liamptb@gmail.com	7273242497	No	To make an impact on my community, to learn more about my local government and to work with my peers to address problems.	I hope to develop my leadership skills, make professional and social connections and have a positive impact on my community.	Active homeschool graduate, taking courses towards a Cambridge certificate and a Capstone project at Sarasota High School. Doing so, enables me to get ahead in my studies, so I can focus on other things in life. Have been a Legislative Page in the Florida House of Representatives which I enjoyed and made this opportunity especially interesting. It also helped me understand the government, and learn what most people are on a regular basis. I have played competitive baseball for many years including winning districts and being runner-up in regionals. I have also been a member of the The Bradenton Boys Club, a neighborhood family center throughout the year. The Center does important work but is also personal to our family as the Boys Club helped my brother and sister, and I, in our lives. It was a guardianship for me, my brother and my cousins. I attend camp every camp for a month each summer which has expanded my network and enabled me to meet people from all walks of life and backgrounds. In May of 2020, I graduated from the Eckerd Academy of Engineering with a Cybersecurity Certificate. I am a member of the Junior Civitan Club (Junior Society). I am semi-fluent in Spanish as a graduate of The Ridgewood Series, for Gifted Studies Spanish Immersion program. I volunteered for the Sarasota Chamber of Commerce Leadership Program in Sarasota County this summer. In 2019, I accepted an invitation to participate in the Duke University Talent Identification program (Duke TIP) and the Duke Blue Devils College Prep contacted the Coal Scouts program in 2019. Saoirsi	Matsatia	saoirsimatsatia@gmail.com	4252035501	Yes	I wish to join the Pinellas County Youth Advisory Committee because it is a fantastic way to learn more about the community in Pinellas County. It is also a great opportunity to meet people from all walks of life and to connect meaningfully because the main focus is to current problems and how to improve them or how to make a positive impact. Additionally, I want to provide different perspectives because I am a Pinellas County resident for only a year, transferring that I moved from Seattle, Washington last year.	What I hope to gain from my experiences in Pinellas County Youth Advisory Committee this year is knowledge as well as opportunities. I am hoping that becoming a youth adviser for this committee, I will be able to further my knowledge of the Pinellas County government and how it functions and also allow me to gain opportunities in leadership and volunteering to help and community projects hands on to make an impact on the community	being involved in things like ballet sales, fundraisers, other activities, community service, Key Club, Tri-M Music Honor Society, and other extracurricular activities. For instance, I joined the Red Cross club and the Environmental club through North Creek High School, the school I attended before moving to Florida. In the Red Cross club, we did many things for the planet. The class council consisted of five people from a specific grade level that got to make decisions and plans for fundraisers within the school and community. Environmental club was responsible for organizing many school events, an example of which is dances. I was also a YC (youth counselor) in a program called Kids Club. Kids Club was a program that ran from 3-6 pm through games, sports, dances, and much more. Before every dance, I, along with forty other students helped prepare for the camp as it is mostly a sleepover camp for people who needed a place to stay for the night or a place to hide for people who needed them through the rough time, ranging fathers to nursing homes because they did not get to have much interaction with loved ones. Because of the pandemic, I was able to be a YC for Kids Club and allowed me to learn more about issues like mental health, food insecurity, and I even allowed me to speak to professionals in fields similar to these, which I hope to do in the future. Although I was only a YC for one year, I was able to see my first year being a part of YAC. In that year I was able to become a valuable and really special my eyes to all the good that students can achieve. Caroline	Wallace	carolineweallaceiiiwallace@gmail.com	7274830005	Yes	I care deeply about Pinellas County and our local area. The experiences last year were immersive and engaging. I particularly enjoyed the tours we took of Pinellas County facilities such as the wastewater treatment plant and the jail. I learned a great deal about our local government and I feel that I have a passion that the government provides matters me appreciate living here and hope one learn how to be a better citizen and steward of the environment. I am excited that my little sister is joining the committee, as I did last year in YAC that he is applying to join YAC too.	I hope to carry on the experiences I gained last year and move forward to learn even more. I would like to better understand how county governments work and how decisions are made. I would also like to learn more about dealing with homelessness or emotional challenges. I would also like to learn more about what my generation can do to protect the environment as we move into adulthood.	I am a senior in the International Baccalaureate program and I have focused my in-depth studies on environmental issues such as the rampant overuse of plastic straws and the effects of climate change in oceans. Alexander	Bilsanski	alexanbilsanski@gmail.com	2482330788	No	To me, the Youth Advisory Committee will offer the opportunity to explore career fields I am already interested as well as collaborate with peers across the county who share my interests. I am a fan of the work done by the YAC campaign, however, that focuses only on the federal government. The issues that affect youth are also affected by the local and state level the County Government and the opportunities it offers. The YAC also will give me the chance to meet new friends in the county as I have only been here for a year and I have spent most of my life in Ohio for about 2 years. Moving down to Florida has also made me more passionate about protecting the environment and wildlife, so I am now that importance of preserving future dangers.	While I was on the Open House meeting, I learned about the various subcommittees the YAC offered as was especially interested in the marketing and the Youth Leadership Pinellas program.
