I just read something on the net that said you are in favor of getting rid of the mask ordinance that's in place. Are you out of your mind?!!!!! Our infection and death rate in Pinellas are no where they need to be for us to let up now. Do you care about the most vulnerable of our fellow citizens. I worked as a teacher in the Pinellas School System and will not go back until a vaccine is developed. Most of my teaching colleagues are scared to death having to go into work. Several teachers nationwide have died from COVID during the first week of the opening of schools and you want to eliminate mandatory masks. I hope you will reconsider. You do not want the death of any innocent people on your hands I hope.
