I am a very active 70 year old who continues to volunteer with both the American Red Cross and the Guardian ad Litem Program. I have done this for about 20 years and have impacted hundreds of lives of those who cannot help themselves. You now have the opportunity to help thousands of Pinellas County citizens by keeping the mask mandate in place. MASKS SAVE LIVES.

It is not that much to ask for people to wear a mask when in public. Without it there is every probability that cases will again spike, more people will die and business will again have to close. We can maintain and even improve by just having everyone wear a mask in public.

Thank you for listening and I hope you will heed the science, not the loudest voices.
