Hi,

I read that you are going to consider whether or not to extend the mask ordinance. I would really very much ask you to extend it. I have autoimmune issues and am already struggling. I limit where I go, no parks, restaurants, or social gatherings. It brings me great comfort to see everyone wearing masks at grocery stores and doctors appointments. I think the mask ordinance has been very successful and keeping it in place a little longer would be helpful. Even my two year old wears one! I know many people are vocal about not wanting masks, but I love them. I think they work and protect the elderly and people like me.

Thank you,

Grace Peterso
