Mr. Eggers,

As a concerned citizen residing in Pinellas County, East Lake Woodlands, please know that is is of

utmost importance that people keep wearing their masks in all indoor establishments.

Do not do away with this county wide rule, and in fact, please consider expanding the use of masks to include outdoor areas. Recent drive by visits to the Dunedin Causeway and downtown Dunedin found most (90%) not wearing masks while not social distancing in the least.

We need your help to stay safe until a proper vaccine is ready for use.

Thank you for your consideration.

Jody Sherman
