Topic Tenant Bill of Rights

BCC Agenda Date 8-2-2022

Your Stand on the Issue Support

Comments

I am urging you to support a strong Tenant Bill of Rights here in Pinellas county. It is important that a robust prohibition on income discrimination is passed without loopholes or exceptions, and that it does not allow individual cities to opt out. The objections raised by corporate interests like the Bay Area Apartment Association are completely disingenuous and should not be given precedence over the rights of working class tenants. The majority of those who receive vouchers through the Pinellas County Housing Authority are extremely low income & non-white. Allowing landlords to unscrupulously deny voucher recipients is a tacit endorsement of class & racial discrimination by the Pinellas county government. Any risk or cost to landlords by prohibiting income discrimination pales in comparison to that of low income tenants, who currently face homelessness & material suffering due to an uneven playing field. In addition, I would like to see the notice of rent increase portion changed from 60 days to 6 months for all lease types, including month-to-month. Please vote yes and pass a strong countywide Tenant Bill of Rights tonight without any of the provisions demanded by the landlord lobby.

Topic Ordinance amending Chapter 42 of the Pinellas County Code adopting a Tenants Bill of Rights requiring the provision of information renters' rights under federal, state, and local law, prohibiting discrimination based on source of income, and requiring notice of late fees.

BCC Agenda Date 8-2-2022

Your Stand on the Issue Support

Comments As a St. Pete tenant who's rent was raised \$300 after the first year, I'm disturbed by the fact that landlords can reject certain payment sources. The ability for landlords to turn down tenants using vouchers is another unnecessary barrier to getting community members stably housed. St. Pete is lucky to have the amount of resources available to get and keep our community housed, and this bill would support that mission by breaking down the barrier some of us face when getting discriminated against by landlords who won't accept vouchers.

Your Stand on the Issue Support

Comments I support a tenants bill of rights in Pinellas county. Due to the fact that the landlord tenant balance of power in Florida is tilted very far in the direction of the landlord we need more protection for tenants. If a tenant who has a housing voucher can't find housing what good does that voucher do them? please do not allow the corporate money to interest to water down these protections for tenets. Elected officials should represent all of their constituents and this includes the working poor. Thank you.

Topic Tenant Bill of Rights

BCC Agenda Date 8-2-2022

Your Stand on the Issue Support

Comments

This bill of rights for Tenants is the least you can do for the working class of this area. When our incomes even at \$15/hr are only \$2600/mo and you want us to pay \$1800 for a 1 bedroom apt, how are single parents supposed to secure a home for their children? 1/3 of our income is only \$866/mo NOT \$1800. YES, there is a housing crisis and a huge gap between income and housing expenses. When people have vouchers a landlord should be required to take that as proof of payment. Having a voucher does no good if no one takes it. Just like qualifying for ERAP benefits and then not getting them because there is no more money. What good does it do??? You ask the most needy among us to wait years for a voucher, then only give them a few months to find a place to "accept" it and if they don't, they lose it. After waiting for 10+ years to even get the assistance. That is NO assistance. That is a bait and switch and should not be happening to our families and especially to our children here in Pinellas County and St Petersburg, FL. Please realize that without homes for the working class, basic services will not get done. Think of all those in food service, retail, healthcare, housekeeping, daycare and even teachers who are not earning enough to cover rent at \$1800. Three times that is \$5400/mo or \$64,800. If we are not earning that, then we have been priced out of the rental market in the area. And that's just for a 1 bedroom, not for a family home with 2 or 3 bedrooms, they are well over \$2K. Please do all you can to help us to secure truly affordable homes for our families and help those most in need.

Dear Commissioner Charlie Justice,

Dear Commissioner Charlie Justice,

My name is Mike Hughes. I am a resident of Dunedin. I am urging your support for the Tenant's Bill of Rights in Pinellas County. This bill is important in ensuring tenants' rights amid the housing emergency. I also ask that you consider adding a requirement of six-month notice for rent increases and termination of month-to-month rentals.

It is essential that this strong prohibition on income discrimination is passed as it is currently written, without loopholes or exceptions.

Most of those who receive vouchers through the Pinellas County Housing Authority are low-income & non-white. Allowing landlords to continue to deny voucher recipients a home ultimately results in many losing their vouchers altogether and is a form of class & racial discrimination. Tenants also need as much time as possible to make provisions for their housing.

Please vote yes, pass the countywide Tenant Bill of Rights, and add a provision requiring six-month notice for rent increases and termination of month-to-month rentals.

Sincerely,
Mike Hughes

Hon. Charlie Justice
Chairman, Pinellas County Commission
315 Court Street
Clearwater, FL 33756

Dear Chairman Justice,

On behalf of over 10,000 members of the Pinellas REALTOR® Organization (PRO), we are writing you today regarding the "Tenant Bill of Rights" ordinance. We are thankful for the commission's action to defer the issue until August 2nd and ask that the county adopt a program the same as City of St. Petersburg. After more than two years of advocacy, community outreach, and compromise the City of St. Petersburg enacted a "Tenants Bill of Rights" that works for both tenants and landlords. Expanding that ordinance across the county makes sense for continuity for all involved.

Our association is concerned with the aspects of the ordinance referencing financial regulations and how that would affect "mom and pop" owners, as well as potential tenants. For decades both renters and landlords have operated under the same guidelines whether the property was in Lealman or Disston Heights. While we understand that system has changed in many municipalities, we hope that our county can keep consistency, so all parties involved have a reasonable expectation when entering into a lease. Housing is a necessity, and often renters are on the brink of homelessness or owners are weeks from defaulting on their property. We do not have an ideal system but adding two separate bureaucracies to an already stressful process is unnecessary.

The opt-in option for municipalities is an excellent option for the Pinellas County ordinance, but we are not confident St. Petersburg would opt-in to a different Pinellas ordinance. That is why we ask that the Pinellas County ordinance mirror the St. Petersburg ordinance with the addition of the opt-in option. The county would have reforms to the system and uniformity for both renters and owners.

Thank you for your consideration on this issue. Our recommendation comes with the utmost respect for your service to our community. If you have any questions about our position, please contact our Vice President of Public Affairs Joe Farrell.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Hendrickson", with a long horizontal flourish extending to the right.

Manuela Hendrickson
