Client Notes

- The below are the estimated materials and labor to complete all of the recommendations that Hunter Industries sent on 4/16/2022 in order to bring the systems surge protection to within the manufactures specifications for maximum lightning protection. The below are their

recommendations:

**Controller**

Install 2amp inline fuses from the incoming field wires

Install Ground plate at the controller

**Field**

Install Firmware updates to zones 1-34

Install 2 ground plates on islands # and #

Install 2 missing 1 station decoders

Install 5 defective 1 station decoders (Power surge damage)

Install 8-15' ground rods with #6 bare copper wire

Signature  x	SUBTOTAL	\$12,226.44
	SALES TAX	\$0.00
	<b>TOTAL</b>	<b>\$12,226.44</b>

Signature above authorizes Yellowstone Landscape to perform work as described above and verifies that the prices and specifications are hereby accepted. All overdue balances will be charge a 1.5% a month, 18% annual percentage rate.  
Limited Warranty: All plant material is under a limited warranty for one year.
