Article 3 section 2 of this Constitution contrasts an Original Jurisdiction with that of a Maritime Jurisdiction stating that This Constitution, is to rise from under This Constitution as of Fact! ~~Seen as This and This constitution is reflected (also) in Article 6.~~

Which in turn makes This Constitution, in hindsight, to be viewed "retrospectively" as a Bill of Attainder, as a Letter of Marque, recognized as a Reprisal.

Hypocritically, This constitution is in violation in/of itself, conflicting itself in Article 1 section 9 and 10, throwing the entire political establishment into a state of Constitutional ~~Default~~ CHICANERY  
THIS GOVERNMENT BEING BASED IN A LESS THAN EFFICIENT CONSTITUTION IN ARTICLE 7.

In an "Maritime Act" of Self-Evident <sup>POLITICAL</sup> ~~GOVERNMENTAL~~ Fraud, Bigotry, Sacrilege and Blaspheme, The supplanting of such ~~political~~ indignation is a "High Seas" Constitutional crime.

IN THE COURSE OF TIME:

This government Held in "Secrecy" as a political "Black-out" operation in Article 1 section 5. Multigenerationally propagated, Assailed by George Washington, as Encompassed in his Farewell Address,

Recognized as a Ship of War (again) in Article 1 section 10.

Birthing itself as a Despot water Jurisdiction under the 14<sup>th</sup> Amendment using its Maritime law. "Tyrannically" in pursuit of "disestablishing" the Religion of Christianity as based on the reclaimed water variance application.

This "Maritime Tact" legally navigated on a defective constitution, <sup>HAVING</sup> ~~been~~ fallen into default! And, Hoping to (twice) double-down on its deception, is beyond a reasonable doubt not a legitimate government as of 246 years ago.

SUCH POLITICAL POWERS SHALL NOT BE BINDING UPON THIS LAND.
