**BOUNDARY LINE AGREEMENT**

THIS BOUNDARY LINE AGREEMENT ("Agreement") entered on the \_\_\_\_\_ day of \_\_\_\_\_, 2023, by and between the **Board of Trustees of the Internal Improvement Trust Fund of the State of Florida** ("Board") and **Pinellas County** ("Upland Owner"), whose address is 315 Court Street, Clearwater, Florida 33756.

WITNESSETH:

WHEREAS, the Board owns the sovereignty lands in Old Tampa Bay ("Board's Property");  
and

WHEREAS, the Upland Owner owns those lands adjacent to and upland of Old Tampa Bay that are more particularly described in Pinellas County DB 1199, Page 201 and numerous deeds for that portion of Desoto Estates, PB13, Page 55 vacated per OR 666, Page 570, Public Records of Pinellas County, Florida; and

WHEREAS, the common boundary line between the Board's Property and the property owned by the Upland Owner is the current mean high-water line of Old Tampa Bay; and

WHEREAS, the Upland Owner wishes to construct and maintain a shoreline stabilization project consisting of living shoreline salt marsh vegetation plantings, low-profile oyster habitat breakwaters, and riprap breakwaters ("Project"); and

WHEREAS, the Board and the Upland Owner wish to establish a common boundary line between their properties prior to commencement of the Project.

NOW, THEREFORE, for and in consideration of the mutual benefits to be derived by each party from this Agreement and of the further agreements hereinafter contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. The common boundary line between the Board's Property and the property owned by the Upland Owner shall be the mean high-water line that is more particularly depicted and described on ***"Tidal Water Survey, dated June 13, 2023 and prepared by Pinellas County Survey and Mapping Department,"*** a copy of which was sent to the Florida Department of Environmental Protection, Bureau of Survey and Mapping, Mean High Water Repository, and also depicted on ***"Sketch and Description for Philippe Park Mean High Water Line, dated June 13, 2023 and prepared by Pinellas County Survey and Mapping Department,"*** a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference ("Boundary Line").

2. The Boundary Line will not change as a result of any fill placed or accretion that occurs waterward of the Boundary Line subsequent to the date of this Agreement. The Boundary Line may change as a result of erosion subject to the provisions of Paragraph 3, below.

3. If after the execution of this Agreement, the Project is not maintained in a timely and reasonable manner and erosion occurs, the natural mean high-water line at the time of that determination shall become the new common boundary line between the Board's Property and the property owned by the Upland Owner. If erosion occurs landward of the Boundary Line, the Upland Owner shall have one year from the date of the erosion to perform any needed maintenance before the Boundary Line established in this Agreement would be subject to change. In no event will the new common boundary line be located waterward of the Boundary Line.

4. The common-law rights and riparian rights of the Upland Owner who ceases to be holder of title to the mean high water line shall be preserved and maintained as described in s. 161.201, Florida Statutes, upon the establishment of the Boundary Line or a new common boundary line pursuant to this Agreement.

5. This Agreement shall be binding upon, inure to the benefit of, and be enforceable against all parties hereto and their respective successors and assigns.

**PINELLAS COUNTY MAP**

**SURVEYOR'S NOTES:**

1. This Sketch and Description was prepared with the benefit of a Topographic and Hydrographic Survey of Philippe Park North Shoreline certified by the undersigned on 4/13/21, and a Tidal Water Survey certified by the undersigned on 6/13/23 (Pinellas County Survey File Number 2171).
2. Coordinates, distances and bearings are referenced to the West Zone of the Florida State Plane Coordinate System, North American Datum of 1983, 2011 adjustment (NAD 83/2011), US Survey Feet, based on the surveys referenced above.
3. Mean High Water elevation at this location is 0.76 ft North American Vertical Datum of 1988 (NAVD 88) according to a Florida Department of Environmental Protection Tidal Water Survey Procedural Approval dated 4/14/23.

**SECTION 27, 34 & 35,  
TOWNSHIP 28 SOUTH,  
RANGE 16 EAST  
DESCRIPTION**

A Mean High Water Line, located in Government Lot 4 of Section 27, Government 1 of Lot 34, and Government Lot 1 of Section 35, all within Township 28 South, Range 16 East, Pinellas County, Florida, and being further described as follows:

Commencing at a found 5/8" iron in a 10" round concrete monument (NGS designation PCDSM GPS 42, PID DF5820); thence N35°42'52"W, for a distance of 1,303.19 feet to a found 5/8" iron rod with disk stamped "PCDSM GPS 41 1999" in a 10" round concrete monument (NGS designation PCDSM GPS 41, PID DF5778); thence S17°12'44"E, for a distance of 29.50 feet to the Mean High Water Line of Old Tampa Bay at the face of a concrete seawall and the POINT OF BEGINNING; thence along said Mean High Water Line and face of seawall the following twenty-six (26) courses:

- (1) S00°09'04"W, for a distance of 35.65 feet;
- (2) thence S04°04'08"E, for a distance of 10.04 feet to a Point of Curvature;
- (3) thence Southerly, 52.59 feet along the arc of a curve, concave to the East, having a radius of 92.00 feet, a central angle of 32°45'13", and a chord bearing S20°26'45"E, 51.88 feet, to a Point of Tangency;
- (4) thence S36°49'21"E, for a distance of 22.37 feet;
- (5) thence S41°12'29"E, for a distance of 7.60 feet;
- (6) thence S45°05'44"E, for a distance of 20.01 feet to a Point of Curvature;
- (7) thence Southeasterly, 75.59 feet along the arc of a curve, concave to the Southwest, having a radius of 192.89 feet, a central angle of 22°27'15", and a chord bearing S33°52'07"E, 75.11 feet, to a Point of Tangency;
- (8) thence S22°38'29"E, for a distance of 28.88 feet to a Point of Curvature;
- (9) thence Southerly, 20.54 feet along the arc of a curve, concave to the West, having a radius of 131.11 feet, a central angle of 08°58'33", and a chord bearing S18°09'12"E, 20.52 feet to a Point of Tangency;
- (10) thence S13°39'56"E, for a distance of 10.69 feet to a Point on Curve, a radial to said point being S74°51'16"W;
- (11) thence Southerly, 64.84 feet along the arc of a curve, concave to the East, having a radius of 420.50 feet, a central angle of 08°50'08", and a chord bearing S19°33'48"E, 64.78 feet, to a Point of Non-Tangency;
- (12) thence, S26°23'48"E, for a distance of 8.37 feet to a Point on Curve, a radial to said point being S60°16'14"W;
- (13) thence Southeasterly, 33.22 feet along the arc of a curve, concave to the Northeast, having a radius of 864.85 feet, a central angle of 02°12'03", and a chord bearing S30°49'48"E, 33.22, feet to a Point of Reverse Curvature;
- (14) thence Southeasterly, 29.91 feet along the arc of a curve, concave to the Southwest, having a radius of 297.14 feet, a central angle of 05°45'59", and a chord bearing S29°02'50"E, 29.89 feet, to a Point of Non-Tangency;
- (15) thence S24°32'21"E, for a distance of 38.38 feet to a Point on Curve, a radial to said point being S63°42'53"W;
- (16) thence Southeasterly, 127.95 feet along the arc of a curve, concave to the Northeast, having a radius of 434.37 feet, a central angle of 16°52'36", and a chord bearing S34°43'25"E, 127.48 feet, to a Point of Reverse Curvature;
- (17) thence Southeasterly, 30.69 feet along the arc of a curve, concave to the Southwest, having a radius of 392.04 feet, a central angle of 04°29'08", and a chord bearing S40°55'09"E, 30.68 feet, to a Point of Non-Tangency;
- (18) thence S33°33'54"E, for a distance of 79.86 feet to a Point of Curvature;
- (19) thence Southeasterly, 14.26 feet along the arc of a curve, concave to the Northeast, having a radius of 93.00 feet, a central angle of 08°47'12", and a chord bearing S37°57'31"E, 14.25 feet, to a Point of Tangency;
