Summary:

This request is for a resolution providing authority for use of golf carts within the unincorporated Bardmoor North Community. Petitions were distributed to the three hundred thirty-four (334) eligible

property owners residing within the boundary area. A total of eighty-eight (88) petitions were returned. Of those, fifty-eight (58) or 65.9% endorsed the creation of the golf cart community and thirty (30) or 34.1% did not endorse the golf cart community.

Section 316.212 of Florida Statutes authorizes the Board to permit the use of golf carts on County right-of-way within designated areas in any Unincorporated County area, considering factors such as speed, volume, and the character of other motor vehicle traffic using these roadways. The authorization requires approval from the Board through a resolution to establish policy.

Golf cart accessibility will be limited to local neighborhood roads which have low traffic volumes, minimal through traffic and primarily provide access to adjacent residential properties, so long as their operations are in compliance with Section 122-67 of the Code. This Section allows for (a) roadways to be designated for golf cart use by ordinance or resolution; and (b) add appendices where the geographical limits of roadways designated for golf cart use may be codified.

Background Information:

County Staff performed a safety study of the area and determined that the neighborhood roadways would be conducive to golf cart travel. The County has developed a plan for the installation of additional regulatory signage to alert the public and law enforcement as to the boundaries where golf carts may operate in the area.
