Comments	I strongly believe that we need to have a state wide mask mandate. There are people that are acting like children and putting others lives at risk.

Topic State of emergency/Mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Support

Comments As a citizen of Pinellas County, I respectfully request that Ordinance 24-10 (mask mandate) be continued for the health and safety of all citizens but especially the children you have chosen to sacrifice. Additionally, please continue the state of emergency so citizens may continue to receive the aide we so desperately need.

I support extending the local state of emergency as well as the mask mandate for public spaces. The threat from COVID-19 is not over and unless we continue these measures to minimize the spread, we will have large spikes in cases. Residents will be at risk and more people will needlessly die. It is not time to lift the mask mandate.

Please, please, please do not lift the mask mandate. The numbers are coming down which has been helped with everyone having to wear masks. I know there are people that want the mandate lifted but I think it's a very dangerous decision if it is. There are still too many people getting sick and dying from the virus. Plus flu season is on the horizon. Look at the numbers in the past 2 weeks since the schools have reopened. Students and teachers are getting sick, college campuses are closing. Lifting the mask mandate because "people are impatient" - from the August 27 story in the "Tampa Bay Newspapers North Pinellas" - would be a foolish decision. Thank you for your consideration of this request.

Pinellas county counts on public safety with Covid. Using the CDC recommendations is critical especially masks. The wearing of masks indoors is key to stopping covid. And your verbal support for contact tracing is helpful. Without the county comission taking strong stands on Covid the adverse impact to pinellas county will continue. I urge focussing on action to promote covid safety by using CDC recommendations rather than lockdowns. Thank you.
