

Care Ride, LLC

Wheelchair Transportation Service

August 18, 2016

Ems Pinellas County:

Care Ride is in full support of the changes to 88-12.

It's very encouraging for EMS has taken the stance of moving forward in the transportation for clients in wheelchairs and Non- Emergency Stretchers.

The staff has been excellent in explaining the proposed changes and I commend Craig Hare and Melissa Hiles for keeping providers updated and safety minded. This helps us to continue the safe transportation for the residents of Pinellas County.

If you need any support in the future, our company will be glad to participate.

Sincerely,

Douglas M Johnson, Administrator Care Ride LLC
