Description & Comments			
(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)			
<p>The purpose of this Amendment is for a 24-month extension and increase for continuation of services to manage and coordinate debris cleanup programs for Parks and Conservation Resources (Adopt-A-Trail), Public Works (Adopt-A-Mile/ Adopt-A-Pond) and Solid Waste (Litter Control and SeeClickFix Program).</p> <p>The contract is included in the FY23 Adopted Budget and the Proposed FY24 Budget. The annual amount projected to be spent on the contract is \$718,664.86, an increase of 10.40%, due to higher operational costs incurred by the vendor, Keep Pinellas Beautiful. The amendment will have a negative fiscal impact on the Public Works and Solid Waste budgets creating FY23 shortages of \$142.49 and \$3168.74 respectively and FY24 shortages of \$1030.07 and \$12,906.58 respectively. Parks and Conservation Resources has budgeted enough resources to absorb the increase.</p> <p>The 7.11% CPI 12 month average requested in the amendment, based on November 2022 Bureau of Labor Statistics, is significantly higher than the 4.05% CPI 12 month average for May 2023 which is the most recent data available. The CPI 12 month average has trended downward for the last year, June 2022-May 2023. Public Works, Solid Waste, and Parks and Conservation Resources FY23 and FY24 budgets have enough resources to absorb a 4.05% CPI 12 month average increase.</p>
