Date/Time/Comments: Sandy Brooking – worked closely with Fire/EMS administration regarding the language – additional language was agreed upon by Department. Per the Department, this is the brand new technical rescue agreement but the Hazmat agreement has been in force for years and this is now the formal agreement to establish a team.

NOTES:
 Prior Executed Inter local Agreement regarding the Pinellas County Hazardous Materials Response Team between City of Largo, Pinellas Park, St. Petersburg, Seminole and Palm Harbor Special Fire Control District was referenced for historical insurance requirements and language by Fire Services.
