**Subject**                      Funds for Affordable Housing

---

**Message**                      I request that this Tuesday you appropriate the funds for affordable housing as you have promised and agreed to. No end run around this vital need, please. And please do not give it ALL to simply buy land but rather help housing be built AND made easily available to people who desperately need it (Here I speak from personal experience). We have one of the best housing authorities in the country which is just WAITING for you to do the right thing. Sincerely, Maureen Kowsky
