SUBJECT: Additional funding for the 2022-2023 CBDG Grant Project

Dear Ms. Suarez,

PEMHS is appreciative of the support provided by your department in obtaining and managing the grant funding required for a much-needed remodel of our crisis stabilization units, as well as our administrative office building. Without your support and partnership, these improvements would not be possible.

2022-2023 CBDG Grant awarded PEMHS with \$189,230.00. Evans Construction's quote for the grant scope of work totaled \$198,583.00. PEMHS would like to request additional funding, in the amount of \$9,353.00 for the difference in funding awarded and the cost of work.

We stand at your disposal for any additional information or documentation.

Thank you for considering our request.

Sincerely,

Helena Calhoun
