Covid vaccines for the at risk disabled under age 65	<p>Please let us know what the plan is for those of us who are permanently disabled and can not drive.</p> <p>In my own case, I am 61 years old. I have COPD. I have lost about two thirds of my vision and can not drive. I have severe pain issues . Lastly, I have cancer and will start radiation treatment in February.</p> <p>These high risk factors along with transportation to and from radiation therapy daily for 2 months will certainly adversely impact my immune system.</p> <p>I am glad that you are vaccinating the first responders, health care workers and senior citizens first.</p> <p>Sadly, so far, all I have been told is to wait and maybe next month something will happen by someone who was contracted to answer phones.</p> <p>I am pleading with you to not forget those of us who with disabilities.</p> <p>Please let me know what I have to do to stay alive.</p> <p>Thank you and awaiting your positive and helpful response, Steve Moriarty</p>	Stephen Moriarty	11430 70th Ter N. Vaccinations or lack of	<p>Dear Commissioners & Administrator,</p> <p>I am an un-vaccinated senior citizen. We are all aware of the problems with the role out of vaccinations & our only source has been the Department of health. I am reading about the vaccine being distributed through other sources in other counties ie: Publix and now through churches in seven cities including Tampa. What about Pinellas County? Why no distributions to other sources here/</p> <p>Just asking.</p> <p>Loren Corrieri</p>	Loren Corrieri	1316 Pasadena Ave S 307	South Pasadena	33707	7274409079	lorenc4re@tampabay.rr.com	2021-01-10 19:17:44
VACCINATION OF RESIDENTS 65 AND OLDER	<p>I appreciate several replies from Commissioners recently which emphasized the separation of the health department and PCBC in terms of function and responsibility regarding the virus vaccination subject. I also received an informative email from the health department stating that the matter of the supply of vaccines was murky. That is no a good sign of the communication between the federal health authorities and the state of Florida, Governor DeSantis has also made comments which indicate he in in the dark about the supply of vaccines and timing of deliveries. That is disheartening to resident 65 and older and especially people of color in that age group who have increased risk. I know Commissioners are working on this and hope favorable news will be announced in the next week or so. While California and Texas have the greatest problems with infections and deaths Florida's statistics are far from comforting. TREASON and End the Covid Hoax/Masks - Trump won!	<p>End the Covid Hoax NOW.</p> <p>Dear Crooked Politicians (you know who you are),</p> <p>As you all try to force Joe "Pedophile" Biden and Kameltoe Harris upon the American people, just know that we know the truth. Not only did we watch "the steal: in real time, we have been watching the hearings and listening to the evidence too. Besides that, the link below, of Lt. Gen. Tom McInerney speaking, clearly says that they watched and recorded the election fraud in real time and that the Italian and Chinese, among others, were involved. Italian's are confessing now and it's all over the news (outside of America of course). Our Military Intelligence confiscated Pussy Pelosi's laptop, among others during "the raid", lol. The Real Cost of Covid and let Covid 19 vaccinations	<p>Happy New Year,</p> <p>Why have other counties been far more responsive in addressing the vaccination distribution process than Pinellas County; Non working phones and websites, no updates on local news, none of the improvements made in other counties to ease our ability to schedule at best or reserve at least a vaccination appointment.</p> <p>It is hard to believe that there was such an inept response considering the time we had to prepare a system for vaccine distribution and the expected demand knowing fear and anticipation seniors had for the vaccine. If actions are controlled by the FL Dept if Health, I still do not understand why the vast differences in the delivery protocols between the various counties.</p>	Stephen Gregory Smith	19817 Gulf Blvd Unit 103	Belleair Beach Indian Shores	33785	7178809554	alutz21@gmail.com gsmith9895@comcast.net	2021-01-08 18:58:25 2021-01-08 13:35:32
Coronavirus vaccine distribution	<p>I am absolutely appalled at the way Pinellas County government is handling the distribution of the coronavirus vaccine for the elderly 65 years of age and above. In my opinion, the elderly 65 and above with underlying conditions such as mine with ALS, which affects the central nervous system and ultimately the pulmonary for one's breathing, should have a priority in obtaining the vaccine. I have been trying for over a week and a half to schedule an appointment with Pinellas County health without success. And now turning to you as my representative to request assistance in obtaining the coronavirus vaccine for my wife and myself.</p>	William and Camille Motley	1140 Idlewild Dr. S. COVID vaccine	I will be 80 years old this month. I've been a Pinellas resident and home owner sine 1994. The effort to distribute the vaccine is a disorganized mess. On Tuesday I attempted to make a reservation both by repeated phone calls and the designated web site — I could not get through with either pathway. Yesterday after being on hold for one hour and twenty minutes I talked to a staff person who told me there was no vaccine available and that my only option was to keep checking back. I asked why the county wasn't emulating the more successful distribution in Citrus County which has chosen Publix Pharmacy. Please take action to make getting the vaccine a transparent and fair process. At least allow registration and a lottery system to know that I'll eventually get vaccinated. Why people will die in a few months after taking the mRNA Vaccine!	<p>Please watch the short video link I enclosed and share with others you care about.</p> <p>I believe all state and local leaders have a responsibility to protect children and families from taking the deadly vaccine!</p> <p>This video explains how people and children will die in a few months after taking the coronavirus mRNA vaccine.</p> <p>The corrupt govt may try to cover it up as a NEW VIRUS STRAIN problem rather than a deadly vaccine problem.</p> <p>It's been known the coronavirus appears to target old people but now that children are getting vaccinated, there appears to be a new virus strain that was recently discovered that is all of a sudden targeting children.</p> <p>The fake news narrative has to create a new deadly strain explaining why vaccinated people and children are dying after taking the mRNA vaccine so people won't question the corrupt domestic enemy govt. that says the vaccine is safe.</p> <p>PLEASE NOTICE current breaking news stories about heightened NEW VIRUS</p>	Mari 11	n/a	TAMPABAY			mari11@zohomail.com	2021-01-06 12:10:55
County Health Department	<p>Commission Chairwoman Pat Gerard:</p> <p>After almost three hours attempting to schedule a COVID-19 vaccine on Monday I came to the following conclusions:</p> <p>The County information officer is not up to the task:</p> <ol style="list-style-type: none"> 1. I searched for hours Monday on the internet trying to find where to go to find the registration link prior to the Monday noon start up and found it by accident on a Google search link to information found in a Twitter report. 2. It appears he uses Twitter as a primary communication source when I would think our large senior community uses other more conventional media. 3. There is an obvious lack of communication with the St. Petersburg Times regarding our County's inoculation program when compared to Hillsborough County's coverage, who incidentally appear much more organized than our great county. 3. During registration on Monday why didn't the information officer withdraw the registration link on the Health Department's web page when it was obvious the web site and phone lines were down and announce that registration had stopped. This would have stopped needless disappointment and headaches. Incidentally, the Health Department's phones are still ringing busy on Wednesday and appear to still not be working. Also, why did they leave the web cite link up until past 6 p.m on Monday? 	James V. Ragsdale Jr	8148 22nd Ave. North	St. Petersburg	33710	727-421-7937	jimbobragdale@gmail.com	2021-01-06 11:15:29

Masks	<p>I want to urge you to stop this mask mandate now. I understand in the beginning when we knew nothing about this virus, but we have been living with it for a year now. EVERYONE knows loads of people that have caught it and the overwhelming majority of them are over it in a couple days. The government mandates on what we where, how many people we can be around and how close we can be needs to end now. It is a cowardly and unethical mandate you put out that penalizes, businesses if a patron choses to not wear a mask. The government over reaction has already severely damaged many of these businesses. Now threaten them with fines or pulling licenses. Who in the heck do you think you are.</p> <p>Vaccines are out, and the sheep are lining up to take it. The time is now to get off your high horse and let we citizens live a free adult life. Public Health Department Appalling and Unprofessional service	<p>Dear Commissioners: I hope that all of somehow make changes with the Pinellas Health Department. They have since March/April to prepare for a vaccine. They can blame their IT department, the feds, the state, etc, but they have done a terrible job getting ready. Today, my wife and I made about 200 calls to the health department and it was always busy. (Probably deliberately off the hook) and when we tried to sign up via the website for a shot, it would never work. When Government talks about Medicare for all, I think about how well the Driver's License Bureau, the VA, and our health Department handles the vaccine, and roll my eyes. I hope that all of you make the point the seniors should not have to make hundreds or more than likely thousands of calls to get thru to this institution intrusted with a life or death vaccine. Please help the seniors. Bill Handley, PH: 813-685-7272, email, bill@apollogroupus.com</p>	Bill Handley	3798 Executive Drive	Palm Haorbor	FL	813-685-7272	bill@apollogroupus.com	2021-01-05 18:06:26
Vaccine Signup System	<p>Both my wife and I, ages 66 & 69 attempted to sign up for a vaccine. We hundreds of attempts both on the phone and online. We got through at one point and were told the system crashed and to try again later. We did and made hundreds more attempts. We were very discouraged and disappointed. The vaccine was known to be coming for months and I it incomprehensible that our health dept were not prepared what everyone was knew would be an onslaught of requests. Vaccine registration	This is by far the biggest challenge that the County Health Department has had to start the year off and they BLEW IT! We need answers from the FL Dept of Health	Honorable Commissioners, County residents deserve answers about the poor system for distributing COVID-19 vaccine. Totally inadequate infrastructure and notification rendered the process meaningless. Some of these issues harken to inadequacy of unemployment, etc. . Almost 1 million people in the county, there was little to no information regarding doses. Their web site, which had an Events area had no entry on for this event. The area was not highlighted. Upon reloading the page to get the update, inaccessible. Call, busy, the no answer. Another try, no connection on either. Another failure for Trump/DaSantis. Until there is a decent system we should indefinitely extend the Emergency Order. Weekly or bi-weekly extensions is not fact based. A new, more transmissible, variant will spread negating the feeble vaccine effort. While the vaccine is effective against the variant it is just as deadly. The server was busy and the link was unavailable. The message on the phone was that it was a non-working number. Really? Pinellas Health website VACCINE issues	What can be done about overwhelming response on the PINELLAS health dept website & phone? Why not minimize the pool of ppl trying to log in: ie, those between 65-70, A-M, next 65-70 N-Z last name. Something to make VACCINE registration attainable. Vaccinations	I have written already on the insurmountable difficulties I had trying to sign up my 93 year old mother in law, my wife and myself to be vaccinated. I know this was probably not your plan but it is your job as an elected official to fix it. That's why you are supposed to be there, to make government work. Simply allowing people to get on a list to be notified when vaccines become available would be a start provided you can figure out how to do even that. Covid Vaccine	I wish to lodge a complaint. I logged onto the registration site for the Pinellas vaccine at Noon exactly and got into the calendar. I looked at every date in January and February and all showed no availability I checked all these dates within 5 minutes of getting to the calendar at noon. Shortly after I was kicked off the website and I never got back in. So either every date was already booked, which means that appointments were made before the public was allowed to register. Or the website malfunctioned. But either way I was into the calendar and attempting to make appointments for my wife and myself and now I have no appointments because of incompetence or people getting to make appointments before the registration was open. And yes I kept trying both the phone and online for hours. But I was in to the calendar and still wasn't able to make an appointment. This is whole thing is a crappy way to do things and you are responsible.	Kenneth DuLac	7200 Sunshine Skyway Ln S 56	St. Petersburg	33711	727 644-1782	ken@the-dulacs.com	2021-01-04 13:20:45
Covid 19 Vaccine	Waited patiently for information about Covid-19 vaccine distribution in Pinellas. Finally found a link at noon. Tried for an hour and was unable to connect either by web or by phone. Where is the accountability for this abject lack of preparation and performance? The virus is no sudden surprise, the vaccine is no surprise. Unfortunately the lack of Government response is no surprise either.	Dr William C Cross	2821 Alton Dr	St Pete Beach	33706	7274203361	drbill@tampabay.rr.com	2021-01-04 13:03:36
I am angry! Health department Website for Vaccine IMMEDIATELY crashed when they opened at noon	I had a live chat with the people who run the county website live chat. They told me that the Webpage to register for the Covid Vaccine in Pinellas County is actually run by the State of Florida, NOT Pinellas County. Immediately, immediately at noon, when the health department website put up the article with link to register for the covid vaccine, when you click on the link it crashed. This is UNACCEPTABLE. You are forcing all of us residents to be behold to a Stae run website. Cut the cord with the State, bring it into the County and run it yourselves. It is not a big deal, they are just using Microsoft Outlook Calander, which does NOT load. Forget the Stae, remeber all the people who could not register for unemployment becasue of the website crashing? Remember That? Forget it, put our local County IT staff on the task. They can buy unlimited server space and processing on Amazon. You need to OWN this at a county level, not get screwed over by the State. I am really really angry, YOU are the government, FIX it TAKE CONTROL! Do not let Pinellas County Residents be at the mercy of the State of Florida, serve ME. Not only that but they put a phone number on the web page to call and they DISCONNECTED the damned phone! Covid vaccination registration	According to the county website and tv news at noon, registration opens at noon today. with shots to begin tomorrow. Where are phone numbers and web addresses posted? Maybe I'm not looking in the right places, but can't think of where else to try. I understand that this is complicated and the chance of getting the vaccine any time soon is slim, but being kept in the dark is frustrating. Thanks for any guidance. COVID-19 Vaccine Distribution	Pinellas is an embarrassment. Health department was pilot site and then took two weeks off with no information about getting seniors their vaccine. At noon, site said register here and then crashed. Pasco, Manatee, and Sarasota all worked over the holidays to begin this critical distribution. Some oversight and intelligence are required from you.	Richard Klima	1560 Pointe Tarpon Blvd	Tarpon Springs	34689	7274602289	rklima1969@gmail.com	2021-01-04 12:18:50
Lack of information for COVID-19 vaccinations	It is 11:40 AM on January 4, 2021 and we are unable to find ANY information about vaccination locations or appointments in Pinellas County. Every county around us has a plan in place and access to information. This is not an issue that is new or that was a surprise. Why has the county decided not offer basic information or details? Are you intentionally planning for a network shutdown due to an overload of traffic? Your constituents would have been better served if information on your plans had been posted to the website. Covid 19 vaccine run around	<p>Hello,</p> <p>I am trying very hard to get information on how I can sign up my 78 year old FRONT LINE ESSENTIAL GROCERY STORE working dad with under lying health conditions for the COVID 19 vaccine that it says will be available tomorrow. I have been on hold for over 3 1/2 hours with BOTH the FL Dept of health and the Pinellas county dept of health.</p> <p>Each office tells me to contact the other and neither web site has ANY info on how or where to sign up for the vaccine. Media reports say it is available starting tomorrow and that you can sign up today at noon.</p> <p>Why isn't any info available for me to do that? Pinellas county should have had a logistical plan in place for months while we were all waiting for the vaccine approval.</p> <p>You all should be ashamed at how our county isn't getting the vaccine or the information on how to receive it out to this vulnerable population.</p> <p>Please let me know how I can sign my dad up for the vaccine, with his age, health conditions and employment, he should be one of the first able to receive it. It is low paying front line essential workers like my dad that have kept this county running during the last year. It is disgusting how they are being treated by FL government when help is available.</p> <p>Davidsonmelanie77@gmail.com 262-331-3003</p>	Melanie Davidson	6290 Bahia Del Mar Cir	St. Petersburg	33715	2623313003	davidsonmelanie77@gmail.com	2021-01-04 09:02:19
COVID vaccination	<p>I met you at the Tarpon Springs Rotary Club. I'd like to get the email and/or telephone number to make a reservation for the COVID vaccine. Any information you have on the procedure to sign up would be greatly appreciated. Thank you.</p>	Joan Having	2204 Pine Drive	Tarpon Springs	34689	9145571513	joanjenn@gmail.com	2021-01-03 19:18:23
Pinnellas County needs to release the details of the covid 19 vaccination reservations	<p>News reports state over 65 vaccinations will be open for registration @ noon tomorrow. To date Pinellas has released no information with respect to how or where to register. We only know after noon tomorrow.</p> <p>Other counties have their registration details available. Why not Pinellas</p>	Alfred King	420 Gulf Blvd #205	Indian Rocks Beach	33785	7708269624	larrykingatty@aol.com	2021-01-03 12:49:55
Vaccines	<p>Dear Commissioners , The Governor has not given the residents of Florida in Pinellas County or anywhere in the State any information whatsoever as when or where to sign up for the vaccines. A matter of fact the Governor hasn't given the public much information period on any of this. It's a disgrace how this is being handled when the vaccine is now available and there's no one to give us answer's.. Yes the media has reported since last week the information with numbers to call to make appointments and locations where to get the vaccine would be announced, and as of today 01/03/21</p> <p>No information on anything. People are dying and cases are rising out of control. There's a Vaccine and these Damn people are sitting back doing nothing. Is there anyway the commission can get any information out on this to the residents of Pinellas County. Thank You</p>	Michael J Sullivan	11776 108th Ave N	SEMINOLE	33778	3154087156	hayesbaycj2@gmail.com	2021-01-03 09:05:36
Ridiculous Restrictions	<p>Shame on Pinellas County for enacting ridiculous restrictions on bars and night club dance floors, thus helping to further kill local small businesses !!!!! Allow people to make their own decisions in regards to COVID, it is our right, NOT for you to decide !! The governor OPENED Florida, and you should OPEN PINELLAS COUNTY !!!!!</p>	Cade	405 Penn National Road	Seffner	33584	3376605829	c_thomas1984@yahoo.com	2021-01-02 21:07:22

1/6/2021	917-749-8935	Vaccine	He believes you should have to show your drivers license and verify that you are a resident. People are coming in droves to get vaccines. It should be given to residents first.	none	None		
1/5/2021	717-645-0787	Vaccine	Are the Commissioners doing anything about this vaccine. She was on hold for two hours and 47 minutes only to be told you can't make an appointment. The County has failed us, the State has failed us and the Country has failed us. You should be ashamed.	None	None		
1/5/2021	240-485-4458	Vaccine	Why is this vaccine so screwed up. He wants a Commissioner to call him or the head of the BCC call him.	greg	Martin	sj0 called back and spoke to him. Apologized and told him as soon as the County has information on more vaccines, etc. we will disseminate the information to the citizens and are available and willing to assist the State and Florida DOH wherever we can.	
1/5/2021	727-401-6400	Vaccine	His wife if a front line worker in a private doctor office and gets exposed to COVID regularly. Where can front line workers go that are not in one of the big medical networks?	Joe	Palazzola	sj0 spoke to him and guided him to the website where the info is about Bayfront and priority groups.	
1/5/2021	727-543-4594	Vaccine	What he is seeing on the website is BS and it is discouraging. Hope the BCC will have hearings to get to the bottom of this debacle. This has been managed at an "F" level of work	Robert	Bishop		Seminole
1/5/2021	843-364-8057	Vaccine	She is not registered to vote but is living her and has been since 2016. This has not been handled well. It will rest on your backs when people die because they couldn't get vaccine.	Adnres	Nachman	sj0 spoke to her; apologized agreed things could have been handled better; we have no authority over the state

1/5/2021	727-726-1565	Vaccine	She has been calling all the numbers. She listened to our spiel and is trying to register online for the vaccine. This is a priority; you need to do something for the citizens of Pinellas County. I have never been late on my taxes. You should do what you promised.	Regina	Ata		
1/5/2021	630-567-4112	Vaccine	Wants to speak to Commissioner Eggers or get his email address. They are members of the North Pinellas Republican Committee. He wants to let Commissioner know first hand their confrontation with covid and registering.	James & Michelle	Scott	sj0 called back and left a voicemail with Commissioner Eggers email address.	
1/4/2021	727-482-7832	Vaccine	Wanted Commissioner Gerard. He said citizens are very disappointed on the handling.	Kenneth	Dewese	sj0 spoke to him, apologized and told him I'd forwarded the message. Sent email to Whit.	
1/4/2021	727-244-9689	Vaccine	She can't get through on the phone. She lives in Tarpon Springs and has called all the DOH office numbers and can't get through. They are going to be sold out. It sure would to get info on people who actually were able to schedule appointments	Elizabeth	Indianos	sj0 spoke to her. Apologized explained it is thru the State. We know the frustration. 1/4/2021	727-244-9689	Vaccine	Can't get through on the telephone. This is very frustrating. Website crashing.				
1/4/2021	727-954-0878	Vaccine	All you get are server errors, you can't register. This is a county crisis and is inexcusable. Don't bury your head in the sand. Someone at the County level needs to step in and get control.	Jim	Russell	sj0 spoke to him; apologized that it is being handled by the State and asked him to be patient. He didn't like that answer. Wants a better answer.	
1/4/2021	727-723-4114	Vaccine	All the numbers for the Health Department are not in service. What's involved in registering? This is gross negligence - what a joke.	David	Roberts	left a vm. Apologized for frustration and let him know if we find out any further information I would call him

1/4/2021	410-218-2598	Vaccine	Him, his spouse, his sister have been trying to register. This is a joke. Site keeps crashing, server errors, calls to DOH do not go through. Senior are being treated unfairly. Having Limited doses is also unfair and people trying to compete to register is unfair. It should of been rolled out when it was totally ready. This is failing miserably and you should be kicked out of office.	Edward	Miller		St. Pete
1/4/2021	570-677-1024	Vaccine	She can't find information anywhere on the County website for registering for the vaccine. I apologized. She also asked about bike lights that were being given out.	Arlene	Gavern	sjo spoke to her and sent her the doh link to register. Ask her to be patient.	
1/4/2021	727-289-3040	Vaccine	Where are you supposed to go to register? Doing a lousy job with the whole rollout. You have had over 6 months to plan this to make it smooth and no one did anything. He is really disappointed. You shouldn't have everyone calling in at the same time. He wanted BCC to know he is really disappointed in PC and how all this was handled.	Mr.	Webber	sjo spoke to him and apologized	
1/4/2021	727-894-0877	Vaccine	Health Department is a failure	Robert	Beach	sjo spoke to him but wanted to speak to Comm Eggers. Passed on
