Regarding: Case No. Z-19-9-16

Pinellas County Board of County Commissions

Meeting: October 25, 2016 @ 6:00PM, 5th Floor, Board Assembly Room

Subject: Oak Lake South shoreline and wildlife protection.

We, Tom and Reba Bragg, have discussed Case No. Z-19-9-16 with our neighbors in Oak Lake Heights and we are all concerned about the removal of the trees along the south shore line and the resultant pollution of the lake, known as Oak Lake.

There are many bass, bream, turtles, otter (these visit from across Fisher Road) and various birds in and around the lake.

Enclosed is a photo taken from the back yard of the Holton's (Marcia and Scott) home. They recently purchased the house based to a large degree on this view.

Also, attached are the signatures of most of the Oak Lake Heights residents. Some we could not contact and not all are property owners.

Thank you for your consideration.

Sincerely,

Reba Bragg
