Disparity Impact Statement (DIS)

By **November 29, 2024**, submit via eRA Commons a completed **Disparity Impact Statement**.

SAMHSA's Behavioral Health Disparity Impact Statement (DIS) is a data-driven, quality improvement approach to advance behavioral health equity for all. The DIS is a grant requirement that helps grantees identify racial, ethnic, sexual, and gender minority groups at the highest risk of experiencing behavioral health disparities within their grant projects and implement a disparity reduction action plan with a quality improvement process to address and close the identified gap(s).

The DIS should be consistent with the Population of Focus and Statement of Need identified in the grant application and include the components as described below. Please refer to the DIS worksheet, examples, and other resources on the SAMHSA website at: <https://www.samhsa.gov/grants/grants-management/disparity-impact-statement>

The main components of the DIS are:

- o Identify and describe the behavioral health disparity within the population of focus of the grant project that experience disparate access, use, and outcomes.
- o Provide a demographic table of the proposed number of individuals to be served, reached, or trained in the grant project that covers the entire grant period. Identify the data sources used to support the rationale for how the determination of the disparity was made.
- o Identify the social determinants of health (SDOH) domains and the Culturally and Linguistically Appropriate Services in Health and Health Care (CLAS) Standards that the grantee organization will work to address and improve for the identified population(s) of focus.
- o Develop a disparity reduction quality improvement action plan to address behavioral health disparities based on the available data on access, use, and outcomes.

In accordance with the reporting requirements outlined in the Notice of Funding Opportunity (NOFO), the grantee is required to provide an update on the project's progress towards addressing quality care of underserved populations related to the Disparity Impact Statement (DIS), barriers encountered, including challenges serving populations of focus, efforts to overcome these barriers; evaluation activities for tracking DIS efforts; and a revised quality improvement plan if the DIS does not meet the quality of care requirements as stated in the DIS.

All responses to award terms and conditions must be submitted as .pdf documents in eRA Commons. For more information on how to respond to tracked terms and conditions please refer to <https://www.samhsa.gov/grants/grants-training-materials> under heading **How to Respond to Terms and Conditions in the Notice of Award.**

Annual Federal Financial Report (FFR or SF-425)

All financial reporting for recipients of Health and Human Services (HHS) grants and cooperative agreements has been consolidated through a single point of entry, which has been identified as the Payment Management System (PMS). The Federal Financial Report (FFR or SF-425) initiative ensures all financial data is reported consistently through one source; shares reconciled financial data to the HHS grants management systems; assists with the timely financial monitoring and grant closeout; and reduces expired award payments.

The FFR is required on an annual basis and must be submitted **no later than 90 days after the end of each incremental period/budget period**. The FFR should reflect cumulative amounts. Additional guidance to complete the FFR can be found at <http://www.samhsa.gov/grants/grants-management/reporting-requirements>.

SAMHSA reserves the right to request more frequent submissions of FFRs. If so, the additional submission dates will be shown below.

Your organization is required to submit an FFR for this grant funding as follows:

- By **December 28, 2025**, submit the Federal Financial Report (FFR)/(SF-425).
- The grant recipient staff member(s) responsible for FFR preparation,

certification and submission of the FFR must either submit a request for New User Access or Update User Access to the FFR Module as applicable. Refer to the PMS User Access website <https://pms.psc.gov/grant-recipients/user-access.html> for information on how to submit a New User Access, Update User Access or Deactivate User Access. You can also view PMS Video on how to request new user access @ <https://youtu.be/kdoqaXfiuI0> and PDF resource with instructions on Requesting Access @ https://pms.psc.gov/forms/New-User-Request_Granttee.pdf

- Instructions on **how to submit a FFR via PMS** are available at <https://pmsapp.psc.gov/pms/app/help/ffr/ffr-grantee-instructions.html> (The user must be logged in to PMS to access the link). Updates to the FFR instructions effective 4/1/2022 are also available @ <https://pms.psc.gov/grant-recipients/ffr-updates.html>
- While recipients must submit the FFR in PMS, the FFR can also be accessed by connecting seamlessly from the eRA Commons to PMS by clicking the Manage FFR link on the Search for Federal Financial Report (FFR) page in eRA Commons, which will redirect to PMS. SAMHSA will not accept FFRs submitted by email or uploaded as an attachment into eRA. To access the Manage FFR link in eRA Commons, the individual must be registered in eRA Commons and assigned the Financial Status Reporter (FSR) role for their organization. The individual assigned the FSR role is responsible for reporting the statement of grant expenditures for their organization. Refer to the page [Managing eRA User Accounts](#) on SAMHSA's website for instructions on how to assign a the FSR role.

If you have questions about how to set up a PMS account for your organization, please contact the PMS Help Desk at PMSSupport@psc.hhs.gov or 1-877-614-5533. Note: While recipients will use PMS to report all financial expenditures as well as to drawdown funds, recipients will continue to use eRA Commons for all other grant-related matters, including submitting progress reports, requesting post award amendments, and accessing grant documents such as the Notice of Award.

Standard Terms for Awards

Your organization must comply with the Standard Terms and Conditions for the Fiscal Year in which your grant was awarded. The Fiscal Year for your award is identified on your Notice of Award. SAMHSA's Terms and Conditions webpage is located at: <https://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions>.

Standards for Financial Management

Recipients and subrecipients are required to meet the standards and requirements for financial management systems set forth in 45 CFR part 75 Subpart D. The financial systems must enable the recipient and subrecipient to maintain records that adequately identify the sources of funds for federally assisted activities and the purposes for which the award was used, including authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and any program income. The system must also enable the recipient and subrecipient to compare actual expenditures or outlays with the approved budget for the award. SAMHSA funds must retain their specific identity – they may not be commingled with non-federal funds or other federal funds. “Commingling funds” typically means depositing or recording funds in a general account without the ability to identify

each specific source of funds with related expenditures.

Reasonable Costs for consideration

Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and consistently applied regardless of the source of funds according to “Reasonable Costs” consideration per 2 CFR § 200.404 and the “Factors affecting allowability of costs” per 2 CFR § 200.403. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.

Consistent Treatment of Costs

Recipients must treat costs consistently across all federal and non-federal grants, projects and cost centers. Recipients may not direct-charge federal grants for costs typically considered indirect in nature, unless done consistently. If part of the indirect cost rate, then it may not also be charged as a direct cost. Examples of indirect costs include (administrative salaries, rent, accounting fees, utilities, office supplies, etc.). If typical indirect cost categories are included in the budget as direct costs, it is SAMHSA’s understanding that your organization has developed a cost accounting system adequate to justify the direct charges and to avoid an unfair allocation of these costs to the federal government. Also, note that all awards are subject to later review in accordance with the requirements of [45 CFR 75.364](#), [45 CFR 75.371](#), [45 CFR 75.386](#) and [45 CFR Part 75, Subpart E](#), Audit Requirements.

Compliance with Award Terms and Conditions

FAILURE TO COMPLY WITH THE ABOVE STATED TERMS AND CONDITIONS MAY RESULT IN ACTIONS IN ACCORDANCE WITH [45 CFR 75.371](#), REMEDIES FOR NON-COMPLIANCE AND [45 CFR 75.372](#) TERMINATION. THIS MAY INCLUDE WITHHOLDING PAYMENT, DISALLOWANCE OF COSTS, SUSPENSION AND DEBARMENT, TERMINATION OF THIS AWARD, OR DENIAL OF FUTURE FUNDING.

All previous terms and conditions remain in effect until specifically approved and removed by the Grants Management Officer.
