In response to query by Commissioner Welch, Mr. Farrell indicated that the federal government has changed its mind on Federal Housing Administration loans and PACE; and that buyers will no longer be allowed to utilize FHA loans to purchase properties with PACE loans already in place.

Mr. Woodard indicated that a stakeholder forum was held in October in an attempt to achieve consensus regarding the proposed ordinance presented at the August 15 BCC

meeting. He related that the changes requested by the providers were received in late November; that they would have stricken many of the consumer protections that were placed in the ordinance at the Board's direction; and that while the document in front of the members contains some of the changes that were requested, it does not incorporate those recommendations that would reduce consumer protections.

In response to queries by Commissioner Welch, Chief Assistant County Attorney Don Crowell provided information regarding the stakeholder forum and discussed the ordinance revision process, issues raised by providers, the members' desire for consumer protections, and federal and state programs and regulations. He described the opt-out process, relating that the ordinance would allow any municipality to decline participation within 120 days; whereupon, Sharon Wright, Sustainability and Resiliency Manager for the City of St. Petersburg, related that she and a city attorney attended the stakeholder forum; that they are in favor of the ordinance; that there will be future opportunities to revise the document if needed; and that she has no concerns regarding the 120-day opt-out provision.

During discussion and in response to comments and queries by members, Attorney White related that all PACE loans are special assessments, Ms. Wright related that, to the best of her knowledge, the recent FHA ruling has not changed the City's opinion with regard to moving forward, and Ms. Elliott provided information regarding reporting metrics and recording requirements; whereupon, Commissioner Gerard indicated that she is ready to pass the commercial portion of PACE; and that the residential portion can continue to be refined. Commissioners Seel and Welch concurred, and Commissioner Morroni made a motion to that affect.

Attorney Crowell provided each of the members a redlined copy of the ordinance and reviewed document revisions. Discussion ensued regarding Board policy, consumers who wish to take advantage of PACE, and documentation to be completed and recorded by providers; whereupon, Commissioner Welch stated that although he would not support the current motion, he would support moving forward with both commercial and residential PACE.

A motion was made by Commissioner Morroni, seconded by Commissioner Seel, that the item be approved as amended. The motion carried by the following vote:

Aye: 5 - Chairman Long, Commissioner Eggers, Commissioner Gerard, Commissioner Morroni, and Commissioner Seel

Nay: 1 - Vice-Chairman Welch

Absent: 1 - Commissioner Justice

Chairman Long indicated that there were additional citizens who wished to speak; whereupon, the following individuals presented their comments and concerns:

Ed Kelly, Renovate America - Oppose
Frank Wilder, ACS Home Services - Support

Attorney White, with input by Attorney Crowell, presented information regarding the 120-day delay, the need to develop interlocal agreements, the timeframe for providers to make operational changes, the Truth in Lending Act, and consumer protections, and discussed additional language proposed by Commissioner Eggers to be placed in the Notice to Property Owner section of the ordinance; whereupon, Mr. Woodard related the staff has been working to put forward the policy direction of the members with regard to greater consumer protections, indicating that such protections are reasonable and work toward protecting the public trust.

A motion was made by Commissioner Welch, seconded by Commissioner Gerard, that the residential portion of the ordinance be adopted, including the additional language proposed by Commissioner Eggers. The motion failed by the following vote:
