AN ORDINANCE AMENDING THE COUNTYWIDE PLAN MAP OF PINELLAS COUNTY, FLORIDA, BY ACTION ON CASE NUMBER CW 21-07 INITIATED BY PINELLAS COUNTY AND TRANSMITTED TO THE BOARD OF COUNTY COMMISSIONERS IN ITS CAPACITY AS THE COUNTYWIDE PLANNING AUTHORITY IN ACCORDANCE WITH THE SPECIAL ACT; PROVIDING FOR AMENDMENT TO THE PLAN; PROVIDING FOR SEVERABILITY; PROVIDING FOR FILING OF THE ORDINANCE; AND PROVIDING FOR AN EFFECTIVE DATE.

The proposed Countywide Plan Map amendment (shown in Map 2) is to recognize long-term planning for the unincorporated parcels in the City of Largo's Tri-City Special Area Plan implementation area. Should the parcels be annexed into the City of Largo, their local land use designations will be as set forth in the City's Tri-City Special Area Plan. Unless and until such annexation occurs, there will be no changes to the locally administered density, intensity, or permitted uses for the parcels. Annexation must be initiated by the property owner and will not be triggered by this Countywide Plan Map amendment.

The City's Tri-City Special Area Plan sets forth the basis for the amendment of the Countywide Plan Map to the proposed Activity Center and Multimodal Corridor categories. The Special Area Plan addresses the purpose and intent of each category, permitted uses and their respective densities and intensities, as well as urban design guidelines, all of which will be implemented through the City's land development code for any parcels annexed into the City. For more information about the Tri-City Special Area Plan, please visit https://www.largo.com/business/living_in_largo/permits_and_planning/19_sap/areas/city.

The proposed Activity Center category is used to recognize those areas of the county that have been identified and planned for in a special and detailed manner, serve as identifiable centers of business, public, and residential activity that are the focal point of a community, and are served by enhanced transit commensurate with the type, scale, and intensity of use. The proposed Multimodal Corridor category is intended to recognize those corridors of critical importance to the movement of people and goods throughout the county and that are served by multiple modes of transport, including automobile, bus, bicycle, rail, and/or pedestrian. This category is intended to include those transportation corridors connecting Activity Centers, characterized by mixed-use development, and in particular, supported by and designed to facilitate transit.
