This information is a result of a Pinellas County Online Customer Service form submission from the Pinellas County web site.

Direction of Inquiry	General Information
Subject	Gladys Douglas-Hackworth Property
Message	Hello, I'm chair of the Sustainability Committee for The League of Women Voters of the St. Petersburg Area and we believe in the protection and wise management of Florida native habitat and support preserving the Gladys Douglas-Hackworth property in Dunedin. The 44 acres of green space serves as a refuge for wildlife, but it is worth considering that urban areas account for most of the world's carbon emissions and with so much of Pinellas County developed, it would be in the public's best interest for the commissioners to mitigate our county's carbon emissions with the purchase of this essential habitat. As leaders, you should use this as an opportunity to adapt and grow sustainably because local actions add up. Thank you.
