Walt Disney is a False Front Operation, it's a Cover-up, a conflagrated business.
(Kinda' like THIS one!)

Walt Disney's "Magic Kingdom" sits on the Headwaters to the Everglades.

The Butler Chain of Lakes, Disney Springs "Spring Shed", Walt Disney's Magic Kingdom, is the northern most point, serving as the Headwaters to the *Everglades WaterShed!*

This Watershed Kingdom is methodically formulating its powers over the water supply manipulating both Cause and Effect, using both inductive and deductive logic to manifest its internal operations, methodically using the physics of both time and measure.

The "Magic of Disney" in regards to the formulation of its powers over the resource of water has "placed us on its "Merry-Go-Round"" while in its hold.

Spinning us around!

Externally using THIS Government to internally establish THIS Government,

Uniformly Bankrupting the Water Supply as Constituted in Article 1 section 8 clause 4,
Slowly "Eating us out of our Subsistence" as written in the Declaration of Independence,
Here to Capture of the Water in Article 1 section 8 clause 11 of THIS Constitution.

Walt Disney is sitting on our most viable "Future" Water Supply in the state.

Disney is Coveting the Head Water to the Everglades!

It appears to me that our government is being infiltrated by a bunch of Carnies in quest of political powers regarding water, undertaking government and gaining control over our water supply, as based on the 14th Amendment.

Federalist paper #79 states "In order to control the Will of Mankind you must first Control his Subsistence", Such Carnies are attempting to Capture the Water supply and manifest their powers over *Our Will* in attempt at Enslaving the population as revealed in Federalist Paper#54, to enslave us and control our Will.

It will soon be Self-Evident as to why Disney placed his Magic Kingdom where he did, methodically placing us on his Merry-Go-Round of deception, spinning us in circles!

Placing us on a long TRAIN of Perfidy, Destruction and Death as written in the Declaration of Independence.

Using WATER as its 2nd Amendment Weapon "of Choice"!
