3. Instructions & General Conditions for Submittals

3.1. DEFINITIONS

- A. Agreement means the final written agreement between the County and the successful Contractor under this solicitation, regardless of the title of that final document, and may be used interchangeably with "Contract".
- B. Contractor means the entity submitting a response to this solicitation, and may be used interchangeably with the terms "bidder", "respondent", "contractor", "vendor", "submitter", or "proposer".
- C. County or means Pinellas County, a subdivision of the State of Florida and may be used interchangeably with "Pinellas County".
- D. Submittal means a Respondent's submissions in response to this solicitation, and may be used interchangeably with the terms "submission", "bid", "quote" or "proposal," as applicable to the specific solicitation. For example, these terms should be interpreted to mean "bid" if this is an ITB, "quote" if this is an ITQ, and "proposal" if this is an RFP.

3.2. INSTRUCTIONS & PROCEDURES

- A. **PREPARATION OF SUBMITTAL** - Submittal will be prepared in accordance with the following:
 - 1. Submittals must be uploaded on forms furnished, utilizing the OpenGov procurement website. Failure to comply could result in the submission being rejected.
 - 2. If price is factor, unit prices must be shown and where there is an error in extension of price, the unit price will govern.
 - 3. Alternate submittals will not be considered unless authorized by the solicitation.

4. Proposed delivery time must be shown and any date calculations must include weekends and holidays.
5. Contractor is advised that exceptions to any terms and conditions contained or referenced in this solicitation must be stated with specificity in its response to the solicitation.
Contractor is deemed to have accepted and to be bound by the solicitation and referenced agreement terms and conditions that contractor does not take exception to in its response. The County reserves the right to modify or add terms and conditions based upon the exceptions stated by the contractor, or to declare any terms and conditions non-negotiable, as determined by the County in its sole discretion.
6. Contractors will thoroughly examine the drawings, specifications, schedule, instructions and/or all other solicitation documents.
7. Contractors will make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment as required by the solicitation. Plea of ignorance by the contractor of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the contractor to make the necessary examinations and investigations, or failure to fulfill in every detail the requirements of the solicitation documents, will not be accepted as a basis for varying the requirements of the County or the compensation to the contractor.
8. Contractors are advised that all County solicitations are subject to all legal requirements provided for in the Purchasing Ordinance and/or State and Federal Statutes.

B. SUBMITTAL METHOD & FORMAT

1. Submittals must be uploaded utilizing the OpenGov procurement website (<https://procurement.opengov.com/portal/pinellasfl>). Failure to comply could result in the submittal being rejected.
2. Submittals must be uploaded in the Vendor Questionnaire section of this solicitation. Submittals sent via email will not be considered.
3. The preferred format for submittal is PDF conversion from your source files (to minimize file size and maximize quality and accessibility) rather than scanning. Instructions for Providing Files in PDF Format to Pinellas County Government:
 - a. How do I convert my files to PDF format?
 - b. Answer- If you have a program such as Adobe Acrobat, creating a PDF of any file is a simple print function. Rather than printing to a traditional printer, the file converts to a PDF format copy of your original. Any program (such as Word, PowerPoint, Excel, etc.) can be converted this way by simply selecting the print command and choosing PDF as the printer.
 - c. Should I scan everything and save as PDF?

d. Answer- Not unless you are scanning with OCR (optical character recognition).

Scanning will create unnecessarily large files because a scan is just a picture of a page rather than actual page text. Furthermore, the result of scanning is that your pages will not look nearly as “clean” or professional as simply using the print to PDF method from the program from which the file originates. Additionally, since scan pages are pictures of text, not really text, they may not be considered accessible* under Federal ADA guidelines (*unless the scans are OCR.)

C. SUBMITTALS FROM RELATED PARTIES OR MULTIPLE SUBMITTALS RECEIVED FROM ONE CONTRACTOR

1. Where two (2) or more related parties each upload a submittal, or multiple submittals are received from one (1) contractor, for any solicitation, such submittals will be judged non-responsive. Related parties mean contractors or the principles thereof, which have a direct or indirect ownership interest in another contractor for the same solicitation or in which a parent company or the principles thereof of one (1) contractor have a direct or indirect ownership interest in another contractor for the same solicitation.

D. INTEGRITY OF SOLICITATION DOCUMENTS

1. Contractors will use the original solicitation form(s) provided by the Purchasing & Risk Management Division and enter information only in the spaces where a response is requested. Contractors may use an attachment as an addendum to the solicitation form(s) if sufficient space is not available on the original form for the contractor to enter a complete response. Any modifications or alterations to the original solicitation documents by the contractor, whether intentional or otherwise, will constitute grounds for rejection of a solicitation. Any such modifications or alterations a contractor wishes to propose must be clearly stated in the contractor’s submittal response and presented in the form of an addendum to the original solicitation documents.

E. LATE SUBMISSION OR MODIFICATIONS

1. Submittals and modifications received after the time set for the submission will not be considered. This upholds the integrity of the process.
2. Modifications in writing received prior to the time set for the submittal will be accepted.

F. WITHDRAWAL OF SUBMITTAL

1. The submittal may be withdrawn prior to the solicitation opening date, however, a submittal may not be withdrawn for a period of time as specified in this solicitation document.

G. WRITTEN REQUESTS FOR INTERPRETATIONS/CLARIFICATIONS

1. No oral interpretations will be made to any firms as to the meaning of specifications or any other contractor documents. All questions pertaining to the terms and conditions or scope of work of this solicitation must be sent in writing (electronically) to the Purchasing and Risk Management Division and received by the date specified in solicitation. Responses to

questions may be handled as an addendum if the response would provide clarification to requirements of the solicitation. All such addenda will become part of the agreement documents. The County will not be responsible for any other explanation or interpretation of the proposed solicitation made or given prior to the award of the agreement. The Purchasing and Risk Management Division will be unable to respond to questions received after the specified time frame.

H. REJECTION OF SUBMISSION

1. The County may reject a submittal if:
 - a. The contractor incorrectly states or conceals any material fact in the solicitation.
 - b. The solicitation does not strictly conform to the law or requirements of solicitation including insurance requirements.
 - c. The solicitation is conditional, except that the contractor may qualify its submittal for acceptance by the County on an "all or none" basis, or a "low item" basis. An "all or none" basis submittal must include all items upon which the contractor was invited.
 - d. The respective constitutional officer, County Administrator, on behalf of the Board of County Commissioners or within their delegated financial approval authority, or Director of Purchasing, within their delegated financial approval authority, has the authority when the public interest will be served thereby to reject all submittals or parts of submittals at any stage of the procurement process through the award of an agreement.
 - e. The County reserves the right to waive minor informalities or irregularities in any submittal.

I. PUBLIC REVIEW AT OPENING

1. Pursuant to Florida Statute, Section 119.071(1)(b)2, all submittals will be subject to review as public records after 30-days from opening, or earlier if an intended decision is reached before the thirty-day period expires. Unless a specific exemption exists, all documents submitted will be released pursuant to a valid public records request. All trade secrets claims must be dispositively determined by a court of law prior to trade secret protection being granted.

J. TABULATION INQUIRIES

1. Inquiries relating to the results of this solicitation, prior to the official award by the Pinellas County Board of County Commissioners may be made by visiting OpenGov or calling the Purchasing Office after 30 days to comply with Florida Statute, Section 119.071(1)(b)2.

3.3. PRE-CONFERENCE

A. PRE-CONFERENCE (Mandatory & Non-Mandatory)

1. The County may at its discretion hold a pre-conference to address all respondent questions pertaining to the solicitation or technical specifications. Solicitation suggestions or modifications may be discussed with County representatives at this meeting and may be considered by representatives as possible addenda to the solicitation. The County may elect, based on the scope of a specific project, to make the pre-conference mandatory, which will be specified in the "Special Terms & Conditions" section of this solicitation document. If the pre-conference is advertised as mandatory, any responses received from respondents who did not attend the mandatory pre-conference will be judged non-responsive and will not be considered for award.

3.4. JOINT VENTURES

Contractors intending to submit as a joint venture are required to have filed proper documents with the Florida Department of State, the Division of Professions, Construction Industry Licensing Board and any other state or local licensing Agency prior to submitting (see Section 489.119 Florida Statutes). Joint ventures must provide an affidavit attesting to the formulation of a joint venture and provide either proof of incorporation as a joint venture or a copy of the formal joint venture agreement between all joint venture parties, indicating their respective roles, responsibilities and levels of participation for the project.

3.5. EVALUATION CRITERIA - RFP

The evaluation criteria define the factors that will be used by the Evaluation Committee to evaluate and score responsive, responsible and qualified submittals. Contractor shall include sufficient information to allow the Evaluation Committee to thoroughly evaluate and score their submittal. Each submission shall be evaluated and ranked by an Evaluation Committee. The contract will be awarded to the most qualified contractor, per the evaluation criteria listed in the solicitation.

3.6. PROTEST PROCEDURE

Protest procedures are governed by Pinellas County Code Section 2-162, which states:

Right to Protest. "A vendor who is aggrieved by the contents of the bid or proposal package, or a vendor who is aggrieved in connection with the recommended award on a bid or proposal solicitation, may file a written protest to the director, as provided herein. This right to protest is strictly limited to those

procurements of goods and/or services solicited through invitations to bid or requests for proposals, including solicitations pursuant to F.S. § 287.055, the "Consultants' Competitive Negotiation Act." No other actions or recommendations in connection with a solicitation can be protested, including: (i) requests for quotations, negotiations, qualifications or letters of interest; (ii) rejection of some, all or parts of bids or proposals; (iii) disqualification of respondents or proposers as non-responsive or non-responsible; or (iv) recommended awards less than the mandatory bid or proposal amount. Protests failing to comply with the provisions of this section will not be reviewed."

"Posting. The purchasing department will post the recommended award on or through the departmental website."

Requirements to protest.

"If the protest relates to the content of the bid or proposal package, a formal written protest must be filed no later than 5:00 p.m. EST on the fifth full business day after issuance of the bid or proposal package."

"If the protest relates to the recommended award of a bid or proposal, a formal written protest must be filed no later than 5:00 p.m. EST on the fifth full business day after posting of the award recommendation."

"The formal written protest shall identify the protesting party and the solicitation involved; include a statement of the grounds on which the protest is based; refer to the statutes, laws, ordinances or other legal authorities which the protesting party deems applicable to such grounds; and specifically request the relief to which the protesting party deems itself entitled by application of such authorities to such grounds."

"A formal written protest is considered filed with the county when the purchasing department receives it. Accordingly, a protest is not timely filed unless it is received within the time specified above by the purchasing department. Failure to file a formal written protest within the time period specified shall constitute a waiver of the right to protest and result in relinquishment of all rights to protest by the respondent or proposer."

"Sole remedy. These procedures shall be the sole remedy for challenging the content of the bid or proposal package or the recommended award."

"Lobbying. Protestors and anyone acting on their behalf, are prohibited from attempts to influence, persuade, or promote a bid or proposal protest through any other channels or means, and contacting any county official, employee, advisory board member, or representative to discuss any matter relating in any way to the solicitation being protested, other than the purchasing department's or county attorney's office to address situations such as clarification and/or pose questions related to the procurement process. The prohibitions provided for herein shall begin with the filing of the protest and end upon the final disposition

of the protest; provided, however, at all times protestors shall be subject to the procurement lobbying prohibitions in section 2-189 of this Code. Failure to adhere to the prohibitions herein shall result in the rejection of the protest without further consideration."

"Time limits. The time limits in which protests must be filed as specified herein may be altered by specific provisions in the bid or proposal."

"Authority to resolve. The director shall resolve the protest in accordance with the documentation and applicable legal authorities and shall issue a written decision to the protestor no later than 5:00 p.m. EST on the tenth full business day after the filing thereof."

"Review of director's decision."

"The protesting party may request a review of the director's decision to the county administrator by delivering written request for review of the decision to the director by 5:00 p.m. EST on the fifth full business day after the date of the written decision. The written notice shall include any materials, statements, and arguments which the respondent or proposer deems relevant to the issues raised in the request to review the decision of the director."

"The county administrator shall issue a decision in writing stating the reason for the action with a copy furnished to the protesting party no later than 5:00 p.m. EST on the seventh full business day after receipt of the request for review. The decision shall be final and conclusive as to the county unless a party commences action in a court of competent jurisdiction."

"Stay of procurement during protests. There shall be no stay of procurement during protests."

If solicitation includes paper products, contractor must certify that their materials and/or products contain at least the content recommended by the Environmental Protection Agency (EPA) guidelines.
- C. On all quotes, or as required by law, the Director of Purchasing and Risk Management require Contractors to specify which products have recycled materials, what percentage or amount is postconsumer material, and to provide certification of the percentages of recycled materials used in the manufacture of goods and commodities procured by the County.

D. Price preference is not the preferred practice the County wishes to employ in meeting the goals of this resolution. If a price preference is deemed to serve the best interest of the County and further supports the purchase of recycled materials, the Director of Purchasing will make a recommendation that a price preference be allowed up to an amount not to exceed 10% above the lowest complying submittal received.

Definitions for Recycled Materials:

Recovered Materials: Materials that have recycling potential, can be recycled, and have been diverted or removed from the solid waste stream for sale, use or reuse, by separation, collection, or processing.
