Direction of Inquiry	General Information
Subject	Require masks
Message	Please require businesses and customers to wear facial coverings - masks - in public spaces. This is especially critical indoors. Unfortunately, too many people are foregoing safety even in grocery stores which are a necessary business. Also, please help educate the public on proper way to wear a mask and to maintain social distancing. Thanks, Lynn Harvey

Direction of Inquiry	General Information
Subject	mandatory face masks
Message	Opposed. This would be in direct conflict with Florida Statute 876.12 through 876.15. Also in violation of constitutional rights on how a person manages their health and well being of their body. Please manage by statistics. Current numbers are less than one tenth of one percent of the pinellas population. Wearing a mask does not stop the spread. Developing a strong immune system does.

Direction of Inquiry	Request a Service
Subject	Corona Virus - Requirement of masks and social distancing
Message	Please require all businesses and all people in Pinellas County to wear masks when in public places and to practice social distancing. The rise in cases is so scary, especially when so many people think it does not apply to them. I am asking for myself, for my 87 year old mother and for my sister-in-law that suffers with MS. I am asking for all the families in our state. It is not right that we are not taking this seriously, when we are hitting record numbers daily!

Direction of Inquiry General Information

Subject Re: Mandatory Masks

Message Dear Officials:

I feel that masks should not be made mandatory as it is within our own human rights to be able to want to catch a virus in order to help gain herd immunity or not.

I feel they should only be mandatory if someone is sick and they have to go out.

These are some good points as to why I feel masks may not be beneficial:

1. They do not catch virus particles as the virus is smaller than regular masks.
2. Masks have been a sign of submission of slavery for thousands of years.
3. You can't communicate well or smile at others.
4. You lower your own oxygen intake and yes you breathe in some of your own CO2, not to mention less oxygen= higher incidence of sickness. There are warnings on some masks to not wear them long-term.
5. Exposing yourself to others germs is often a good thing as it builds your immunity. Staying inside and not getting fresh air is not healthy and more Covid-19 cases were found in NY from those only staying inside.
6. Masks can hide faces for crimes and looting more easily so that it can be harder to prosecute criminals if they get out of hand.
7. Masks are inhuman and cause depression in the society itself which could lead to more deaths by suicide.
8. The virus has been found to not pass on surfaces or with those exposed who have no symptoms so I feel only masks should be mandatory for those ill and only if they have to go out.

Thanks kindly for listening to me and I wish you all to stay well and be safe.

Kindest wishes,

Crystal Delaware

Direction of Inquiry Report a Problem

Subject Meeting on mandatory use of Masks

Message I do not agree with wearing a mask. I found information from health care professionals where people are now having health issues with lack of oxygen, bacteria and other problems because of too much use of masks.

Also forcing people to wear a mask I believe is against their right to choose as an American citizen. There is no law saying people can't smoke outside yet they polute the air I breathe so then why would you mandate masks then.

In addition there has been to much evidence that has shown that virus particle is too small and can easily get through masks.

Subject mandatory masks in Pinellas county

Message Dear Board,
Please note in your decision about mandatory masks in Pinellas county:

I don't agree with such a stipulation.
Masks have not been proven to prevent sickness.
They are a burden to the one who needs to wear them.
There is no mandatory regulation by WHO nor CDC for masks for the same reasons.
There is no medical, scientific evidence.
Please use your common sense and inspect what are you trying to solve! And is that solving the problem or create even bigger problems!?
Healthy people don't spread illnesses they don't have!

Respectfully
Kea Verweij

Direction of Inquiry	Request a Service
Subject	Masks
Message	According to the news, commissioners will be discussing COVID-19 issues. As a retired nurse and an individual who is at risk, I strongly encourage you to make masks mandatory for all public indoor facilities. I wear a mask when I go to the grocery store and for all appointments. The mask does not protect me but rather those around me. I find it very disrespectful when I encounter others who are not wearing them. It's like they are saying, "I don't care if you die". If masks are required then the store/facility could prevent people from coming in. If they don't then they should incur a fine. This is not a civil rights issue, it's a health safety issue!

Direction of Inquiry Request a Service

Subject Make mask wearing mandatory

Message Hello,

I am a family physician located in St Petersburg. I am extremely concerned about the increase in COVID 19 cases over the past few weeks. Our numbers now are worse than they were when we shut the county down, and our hospitals are already starting to fill up. As we finally have more data on how this spreads, one of the few things we can do, other than shutting the county down, is requiring EVERYONE to wear a mask in public. Unfortunately, masking does not really protect the mask wearer themselves, but rather protects them from spreading it when they are without symptoms. Unfortunately, we have seen that "recommending" masks is not working, and I fear that only a county order will make people wear masks and help stop the spread. Please, as a doctor, I urge you to help protect all of your citizens, and make mask wearing REQUIRED for everyone in pinellas county.

Your Name Dr. Brittney Benjamin

Your Street Address 12000 4th St N, #201

City/Unincorporated County St petersburg

Zip Code 33716

Your Phone Number 7274007966

Direction of Inquiry	General Information
Subject	Masks
Message	With Covid 19 exploding in this county, and the rather cavalier and callous disregard for others by many, it is imperative that the county take the lead in controlling the spread. Failure at the state level should not spell disaster on the local level. Be wise, buck the system, and do what is right. Mandatory masks in all indoor and crowded outdoor spaces. Rolling back to pause one wouldn't be a bad idea either!
Your Name	Annmarie Polinsky

Direction of Inquiry	General Information
Subject	Masks
Message	Please mandate masks in indoor public spaces. If scientists are correct and it reduces exposure then we'll all be safer and get through this pandemic quicker. Businesses are starting to close due to infections. Maybe if mask wearing was mandatory that wouldn't have happened. No way to know and reverse decisions but we can try to do something about it now and act smarter.

Direction of Inquiry	Report a Problem
Subject	Mask wearing in public spaces
Message	With an increase in positive covid-19 cases in Pinellas county and that it is scientifically proven that face masks reduce transmission by a significant amount, I strongly urge you to make wearing a face mask mandatory in public inside. It is a simple way to protect the vulnerable in our county and to not be the next epicenter of this pandemic. Please protect our citizens.

Direction of Inquiry	General Information
Subject	masks
Message	<p>please make it mandatory for people to wear masks in ALL buildings Science tells us that this is the best thing to do in order to curb spread (short of shutting everything down again) and it is clear that many people will not decide to wear a mask on their own. Infections are spreading all around the community. Mayor Kreisman's order that all employees wear a mask is a good first step, but until everyone wears a mask, we will still be spreading this disease. ICU beds are filling up, and we need to take this small step in order to care for our community Thank you</p>

Subject	Mandatory Masks for Pinellas, please
Message	<p>Please vote in favor of requiring masks for all persons living in, working in, and visiting in Pinellas County. The health and safety of everyone is important and should be stressed. Our county is one that brings in tourists by the carloads, especially now that summer is here and school is not in session. We must do this small sacrifice for ourselves and others.</p> <p>Thank you, Board, for your consideration!</p>

Direction of Inquiry	Report a Problem
Subject	Uptick in corona cases
Message	Please mandate masks for everyone in public. Your leadership could save lives. All people need to wear masks inside. All businesses must have a plan for social distancing including bars and restaurants. Encourage vendors to use the outdoors. Remind people to stay home If they can. Use public service announcements to let us know the real numbers in Pinellas County. Facebook, tv, radio, buses, cell phones (like amber alerts)Post UPDATED information everywhere. We can be the safest country in America with real information. MASKS please. For EVERYONE!

Direction of Inquiry	General Information
Subject	Require masks!
Message	<p>Hi, I'd like to encourage you to vote in favor of requiring masks in public spaces. As Florida COVID-19 cases rise, I think it is essential. The probability of someone spreading the virus is less than 2% when both parties involved wear the mask.</p> <p>It is evident that "highly recommending" it is not enough. Wearing masks have become a political stance when they are a pure matter of health. When you wear an average cloth or disposable mask, you're not Protecting yourself from others, you're protecting others from yourself. It is selfish to not wear them because when you decide not to wear a mask, you're deciding to put others at risk. I love Pinellas county and the people in it, and I want us to flatten the curve. If you vote not to require masks, it will take much longer until we don't have to wear them anymore.</p> <p>Thank you for your time!</p>

Direction of Inquiry	General Information
Subject	Face masks, favor mandatory requirement
Message	<p>I favor a mandatory face mask rule.</p> <p>There are major problems because young adults (20 to 35) think the virus is a problem of the elderly, although they are the most at risk. They are also the parents of young children, who are one of the second most at risk groups and, when they get the virus, are having extreme cases.</p> <p>The businesses also need a rule for employees and their own conduct.</p> <p>Please be specific about conduct in eating establishments, both for servers and customers. There seems to be much confusion and these institutions are vital to the economic and social health of our community.</p>

Direction of Inquiry General Information
County Administrator

Subject Possible mandate to wear Masks

Message Dear Board Members:

I am 75 and I have a lung condition that makes it very hard to breathe using a mask. There are many my age that have a lung issue that is unrelated to smoking and so, not self-induced.

Wearing a mask for more than a few minutes at a time causes me to become lightheaded.

I am self-quarantining most times. I still must go food shopping and miscellaneous errands.

When restricted by wearing a mask, I am only able do so for a limited time and thus can only do 1 or 2 errands. No across the board use of masks allows me to do all errands in one day every 2 weeks and thus greatly reduce my exposure to possibly getting Covid-19.

The viability and validity of mask use depends on who you are asking. It is still controversial. I do however always have a mask on or easily at hand in my purse.

We are adults and should be allowed to go about out business using discretion. I wear a mask when near or possibly going to be near others, always keeping social distancing guidelines. I do not want to put anyone in jeopardy but I do not want to be treated as a child either.

Please resist mandating masks in the County.

Your Name Theresa H. Chapman

Direction of Inquiry	General Information
Subject	Mandatory Masks
Message	Please enact some kind of law that would make masks required in all of Pinellas County. The number of COVID-19 cases is out of control. It is our responsibility as citizens to care for others, especially the elderly and the immunocompromised. My family has both of these types of people and we are tired of seeing careless, thoughtless citizens not wearing masks. We need somebody with authority to stand up and make the right decision which will keep the number of cases down and people will stay alive.

Direction of Inquiry	Report a Problem
Subject	Mask
Message	I am requesting that you require the general public to wear mask when they go into a local establishment of any kind. You can purchase mask for as little as a dollar, so to say that it is cost prohibitive is not accurate. Even if you had to provide mask for a very small portion on the community who could not afford the mask, you would be saving money in the long run by preventing illnesses (which we pay for as a community if someone can not pay for a mask they cannot pay for a hospital stay.) By slowing down the spread business could get back to a more normal operation and people would feel more comfortable visiting local establishments. All for the cost of a mask. Thank you for listening.

Direction of Inquiry	General Information
Subject	Mandatory masks
Message	<p>Hi,</p> <p>I've been a pinellas county resident for the past 8 years. I have two young children, age 3 and 10 Months. I am opposed to mandatory masks being issued in pinellas county. I do not think they are necessary in healthy bodies. I also own a business in pinellas county. We practice social distancing and sanitize everything per cdc recommendations. Mandatory masks inside would hinder communication in my office and make social interaction suppressed. Makes are more detrimental on a healthy body as science lays out. This reduces oxygen intake. It is also near impossible for me to keep a mask on my 3 year old. Please do not pass mandatory masks.</p>

Direction of Inquiry	General Information
Subject	masks in public
Message	<p>My husband is a COVID-19 survivor. It was the worst two months we have ever lived through. Now that we are able to go out again, I have been alarmed and appalled at the lack of mask wearing, especially among staff in restaurants. While we do not eat inside, I still have to go in to pick up a carry out order and I see restaurants way beyond the 50% capacity and no masks to be found. I hope you will follow the lead of Tampa and require people, especially vulnerable staff members, to wear a mask when working inside with the public.</p>

Direction of Inquiry Report a Problem

Subject Face mask

Message

I would like to Express my deep concern for mandatory face masks. Face mask should NEVER be mandatory. One size does not fit all. There are people with medical conditions that cannot wear them. One also does not have the right to impede another's oxygen intake. It is also abusive to have children running around all day in this heat with their airways covered.

There is no science behind face masks working effectively. There will be more health issues that stem from wearing these masks all day.

It is also not ok to tell government employees that do not have to wear a mask but everyone else does. Can that please be explained? These businesses are going to be violating HIPAA laws when they start asking what medical condition one has if they can't wear masks.

No mandatory mask! One has a right to choose what they put on their body. This is an abuse of power.

Your Name Sharon Hess

Direction of Inquiry	Request a Service
Subject	Mask Wearing During COVID 19
Message	<p>Good morning,</p> <p>I'm an older woman who suffers from asthma so am in the vulnerable category. Though i take all necessary precautions to avoid catching the virus., I'm disheartened to see that most of the population in Tarpon Springs does not wear masks and so are not concerned about spreading this virus. It's time for the county to step in and do what's necessary to make sure this contagion is contained. The place to begin is to make all employees wearing of masks mandatory not just recommended ! You can do it.</p>

Direction of Inquiry Report a Problem

Subject Masks: Businesses & the Public are Not doing the right thing. Please enforce

Message Without any logic, businesses are allowed to reopen with only recommendations and no requirements. Cases continue to increase, breaking records, yet most Floridians do not wear a mask and think the virus is over because everything is open. Because the Governor doesn't take the COVID-19, neither do his supporters. The Governor's greatest interest is in Florida's economy, rather than the health and life of Floridians. With his priority, why not enforce CDC guidelines regarding social distancing and wearing mask, so establishment CAN stay open and people feel more safe. The Governor blames the rise in numbers to testing, to Hispanic workers, to the prison population, to nursing homes. Yet the fast growing demographic is 25-34 year olds. He is the cause of the record breaking numbers: opening bars, not enforcing guidelines with consequences: citations.

In other states, there are actual requirements, which are enforced. In Minneapolis, there is No a rise in numbers after the protests because protesters ARE WEARING MASKS. In the Governor's first press conference regarding reopening, he set the tone by specifically stating no citations would be given out for not following recommendations, signalling he doesn't take this serious and a green light for residents to not take it seriously as well.

Why aren't restaurants, and all businesses that are public facing required to wear masks? By leaving this up to the individual establishment, not only puts the public at risk but also employees. In Clearwater Beach (and I'm sure throughout), there are actually restaurant owners that will NOT allow their employees to wear masks? Employers are not doing the right thing. Wouldn't tourists feel more comfortable eating in an establishment where they felt the owner cared about their safety and that of their staff? Employees are put in a difficult situation, put their health and maybe their life at risk or not get paid. Then there's even more people who can't access the obsolete unemployment portal.

This is insane. Servers, bartenders, hostess are in close proximity with multiple customers and each other every day. They then have the opportunity to infect each other, customers and then bring in home to their families.

The percentage of capacity hasn't been followed from day one and certainly not

enforced. Bar service was in place at restaurants in phase one. Decks and patios are packed and servers aren't wearing masks. The police look the other way. All along Mandalay, the sidewalks are packed with people, hovering around tables with no masks.

Feel free to visit any of the Bay Star Group restaurants, Surfside Tap, Windward Grill, Backwaters, Cork and Brew (Dunedin),.....The list continues.

Our lives should not be expendable because the masses are reckless, ignorant, defiant and/or sending a political message.

Direction of Inquiry	General Information
Subject	Requiring masks in Public places
Message	<p>Recently I have had to go out to Home Depot and grocery shopping and I am appalled at how few people are wearing masks. It has been repeatedly reported that wearing a mask in public not only prevents those who may be asymptomatic from spreading COVID19, but it also aids in self protection.</p> <p>The reality is that the number of cases is growing exponentially here and wearing a mask is a simple, non-invasive way to bring those numbers down. We are required to wear seatbelts when we drive a car. That doesn't interfere with our rights so why is a mandate to wear masks any different?</p> <p>As a citizen of Pinellas County I implore you to mandate the wearing of masks in public.</p> <p>Cynthia B. Jaffe</p>

Direction of Inquiry	General Information
Subject	Covid
Message	You folks were a step ahead of the game this spring. Thank you for that. And thank you for using common sense and encouraging/mandating the use of masks. They aren't perfect but they are better than nothing. Please keep encouraging us to follow CDC guidelines..... they haven't changed much in years. I know, the hype makes it sound like they have. Keep focused on who is responsible..... and it's not the front line staff who have been sewing their own masks or the grocery stores who can't get disinfectants. Again, thank you for what you do.

Subject Masks

Message I would appreciate that masks are mandatory in public places. I wear mine anywhere I cannot social distance. I have a sister undergoing chemo, elderly parents, and a nephew with a critical heart defect. Covid-19 would be devastating for them. I cannot protect them if others are not wearing masks. People are not considerate enough to do it. I see it every day. This does not infringe on rights, we are told we cannot drive drunk, we cannot be in public with clothes, etc. There's are innumerable laws we all must follow. To keep this virus from devastating families, wearing a mask is not to much to ask. I'm an RN... I've worn one for years at work. This should not be make it manpolitical... it's public health and that used to be a prority. Please make it mandatory before this virus is beyond out of control. Thank you.

Direction of Inquiry	General Information
Subject	Using Masks
Message	Dear Sir, Please do not enforce masks. There is absolutely no need. In my 3 months I have not seen one sick person or one person showing any symptoms. This is completely the wrong direction in terms of getting back to normal. It will only hurt our economy and public confidence. Its truly not needed. Especially if we see TRUE CORONA dropping off. Thank you for supporting public and businesses in Florida. As a business owner, this would also be detrimental.

Direction of Inquiry	Report a Problem
Subject	Covid 19 Facemask Use
Message	There is no question that facemasks help reduce the spread of the disease. The CDC says most people should wear them. However, Pinellas County is peaking now higher than in March and we need to take steps more restrictive than March to control this disease. Mandatory Facemasks are the least step you can take to make citizens safe. Do your duty and protect us, or we will hold you responsible in the elections or sooner.

Direction of Inquiry	General Information
Subject	General Mask Vote fo
Message	As a resident of Pinellas County and increased concerns with rising Covid, I am very much in favor of a mandated mask requirement for the County. Go to Clearwater Beach and walk around the town in the evening - <5% are wearing masks. I get not wearing masks on the beach but going in stores and in restaurants I feel differently. I do not want our county to become the next hot spot.

Message	I am an Infection Prevention nurse at a local hospital . I'm certified in Infection Prevention and have a Masters in Public Health degree. Since Desantis is unwilling to protect the citizens of Florida it is your job to mandate masks in places where social distancing isn't possible. The numbers of infected are climbing- please protect the citizens who will suffer due to those that are unwilling to do what is good for all. Desantis thinks people will do it on their own- he is ignorant to think that.

Direction of Inquiry	General Information
Subject	Mandatory masks
Message	I am and have been a resident of Pinellas County for all of my 59 years. I run two successful businesses. One is based in St Petersburg and is governed by a brave mayor who has instituted a mandatory mask rule. they may not be enjoyable to wear, they may be a little bit uncomfortable, but if they can provide us a modicum of protection, I ask you to please consider making the mandatory. Far too many people don't care and are out there gathering and spreading a virus that doesn't read a calendar. My husband is in law enforcement and I am the sole caretaker for my 80-something year old mother as well as several home shutting friends. I would like to think that when I do go out, which is not often, that there is some semblance of care and safety in our County. be brave and take a stance, even if it may not be popular right now.

Direction of Inquiry	General Information
Subject	Wearing masks in public
Message	<p>Wearing a mask as recommended by the CDC, should continue to be a recommended request. Mandatory wearing and subject to fine of a mask would contradict the present Florida Statute: Florida Statute 876.12 Masks wearing inhibits breathing and causes inhalation of carbon dioxide and any germs are contained there in the mask itself. In so doing causes the immune system to be challenged not aided. In the case of someone who is sick/diagnosed with COVID-19, they should remain quarantined and follow CDC guidelines from going into public places unless medically necessary. Thanks or taking the time to read my message.</p>

Direction of Inquiry	Report a Problem
Subject	Face masks must be mandatory
Message	I am a resident of St. Petersburg. With the rise in cases of Covid-19, face masks need to be mandatory in public spaces at the county level. The majority of the public is not taking proper precautions and those of us in the service industry who have no choice but to continue working find ourselves in a difficult position with the growing risk. It does no good if restaurant staff is required to wear a mask but customers are not required to do the same. At this point the only practical way to avoid another shutdown is by requiring face masks to be worn in public. Please make face masks mandatory!

Direction of Inquiry	General Information
Subject	Face Masks
Message	Totally against wearing face masks. This is based on pseudo science, one day the CDC, The WHO, Fauci, Surgeon General are saying no need to wear them, the next day they're saying you need to, seriously, which is it, even the "experts" can't get their story straight. Doesn't matter what type of mask, credible studies presented in journals such as The New England Journal of Medicine have shown they provide no protection. People have been lied to and the constant fear mongering needs to stop. The stats show that his is no worse than any flu season and it's also shown from experts and Drs. speaking the truth that the measures taken (face masks, guaranteeing of healthy people, etc.) did not flatten the so called curve.

Subject Mandatory mask wearing in Pinellas County

Message I am a resident of Clearwater and my family and I have been sheltering in place since March 12, 2020.

We have the ability to school and work from home and for that we are grateful. I understand many people do not have the ability to do so.

With rising confirmed COVID-19 cases here, I want Pinellas County to mandate face masks/face coverings while in public. We need to do our part to protect everyone in our community.

Many people have to work and have continued to work throughout this pandemic. We need to all protect these people as much as possible. We should be required to wear masks when we are out, for the greater good. This is a public health crisis and we should look at the data and listen to the physicians, scientists, and researchers and stay at home as much as possible,. We need to wear masks while out in public *and* practice physical distance while nearby others.

Your Name Christine R.

City/Unincorporated County Clearwater

Request a Service

Subject In support of required mask-wearing in Pinellas County

Message I am reaching out today in support of a countywide order that would require people to wear face masks in public spaces, which I understand is up for further discussion at next week's meeting. While case count in Pinellas County initially appeared to be stabilizing towards the end of may, the increases we have seen in June requires additional policy considerations that extend beyond Mayor Kriseman's mask requirement for city workers. A growing number of scientific studies support the idea that masks are a critical tool in curbing the spread of the coronavirus. I urge you to use your voting power to take decisive action in a moment in which there are clear indicators of increased virus spread. Thank you for your consideration and service.

Direction of Inquiry General Information

Subject Face masks

Message To my respected county officials, I am writing to you about my concerns regarding face mask mandates. I am a business owner as well as a resident and I am asking you to please not infringe on our rights. We did not have to wear face masks during any flu season when the death tolls were at an extremely higher rate than this. We need fresh oxygen to fuel our organs and tissues. Rebreathing CO2 for a prolonged amount of time (work shift 7-8 a day!) can lead to increased blood pressure, headaches, chest pain, fatigue and a weekend immune system! According to OSHA safety standards 19.4% oxygen and below is considered dangerous. Also the physiological and emotional impact of not making facial expressions connections is another issue. The act of smiling activates neural messaging that benefits your health & happiness. As a business owner this aspect of my day to day is very important to me and my customers. Lastly it does not make me feel comfortable knowing that everyone is covering g half their faces so that if I was to have a robbery/looting/stealing etc situation that I would not be able to identify the criminal!! Please take in to consideration the majority of the population that is not at high risk. Please encourage us Floridians to get out and get some vitamin D - the utmost important thing to do for your immune state
!!! 😊

Direction of Inquiry	General Information
Subject	Mask wearing.
Message	I am a Pinellas county resident. I do not want mask wearing to be mandatory! This is an infringement of my rights and my health! There is a lot of proof from medical & health professionals, OSHA guidelines support that they don't prevent virus spread. Wearing a mask makes it difficult for me to breath and forcing people to wear masks puts my health, and the health of my family at risk. My vision is not good and this extremely interferes with my vision. I will be making note of all Pinellas County commission who vote in favor of making wearing masks mandatory in ANY situation. All who run again in future elections will NOT receive my vote.

Direction of Inquiry	Request a Service
Subject	Public health emergency ... Masks for everyone
Message	I'm sure you have all heard or read that the best way to lower the coronavirus curve is to wear a mask and practice social distancing. With the number of cases going up significantly in Pinellas County (and all of Florida) there is an immediate need to institute mask wearing whenever one is in public spaces and make it mandatory. This is a public health emergency ... no one is trying to take any one's liberty away ... and the best answer to "you can't make me wear a mask" is a fine for not wearing it. Shop owners should not allow any un-masked person into their shop. Our mayor and commissioners must be proactive and make this mandate immediate! There is no reason to wait 2 days more to take this step!

Direction of Inquiry General Information

Subject Mandating Face masks

Message As a representative, requesting you prioritize your duty to protect freedom. If someone is immunocompromised or high risk, they should be encouraged not to participate in high risk activities and wear a face mask- primarily to keep from touching their own face and mouth. Nothing about surgical masks is new- their intention remains the same over the last decades. There is so much incorrect data and information not being put forward- serology testing, hospital beds that are available... the actual case fatality rate - better than the flu. The models that all projections have been based on have been horribly incorrect. Ironically, Stanford, Oxford and a few others are absolutely on track with their projections. If this passes, I will be going to Lakeland to do my shopping. I was in Tampa on Saturday to shop and when I found out about facemask mandate, I came back over to Clearwater and bought all my items. Facemasking is in general, unhealthy. I am forced to wear at Moffitt and by the end of my shift, I can not talk. My throat irritations lasts into the next day. I will not be masking my children. Please seek out other information. Study from pubmed looking at 455 subjects that either cared for (healthcare workers) or lived with asymptomatic corona virus positive patients and there was ZERO transmission. Please educate before you remove freedoms and increase government control.

Direction of Inquiry	General Information
Subject	Follow Hillsborough County and pass a mask mandate.
Message	Commissioners, Help protect Pinellas County residents and businesses. Pass a mask order like Hillsborough County. Failure to do this not only increases the risk of more residents contacting and spreading the virus, but increases the likelihood of more businesses closing as more employees become infected. Masks work! In my zip code the number of infections has more than tripled since the reopening! Thank you for your service. Stay safe. Keep us safe. Vincent Caruso

Direction of Inquiry	General Information
Subject	Mask
Message	I am having anxiety just by thinking that you could mandate mask! This is not healthy for our children or for people that are healthy!! Please have the sick wear mask so we can be more careful around them. I wore a mask at the hospital (which if course I would at a hospital or doctors office) and both my 10 year and I got bad headaches and could not breath after about 20 minutes. California tried to do it and put a man in jail in front of kids, Orlando is getting sued and both our governor and President said Optional! I am not far from Pasco so I could go there but certainly do not want to. Bussiness s will loose so much money over this as well! Please say NO to mandatory mask!!

Direction of Inquiry General Information
Commissioner Pat Gerard - District 2 (2020 Chair)

Subject Today's Pinellas County Commission Meeting

Message It was a bit disheartening to hear the first several or more public feedback on today's Item 21 (Masks) I was intrigued that the people who were able to have their voices heard we very anti-mask and all seemed to quote the exact same data ... I don't believe that was an accident.

If people actually had common sense and any concern for their fellow man I don't think we would have to get to this point. Not that it really matters but I am pro-mask if not for my safety for those that I may come in contact with I have been practicing social distancing and managing my contact with any one else just in case.

I was just getting to the point of going out to restaurants and unfortunately one I went to has just had to close due to workers being diagnosed with COVID ... guess I will not be going again for awhile

It's unfortunate that the public doesn't have the information it needs to truly understand the issues or understand that masks aren't the be all and end all but they do slow the spread.

Thanks for all you are doing ...

Direction of Inquiry General Information

Subject COVID and Mask

Message I am listening to the comments and many who are pro-mask allude to the fact that it protects others. I will agree that can be the case if the wearer is coughing or sneezing and likely around food service where large droplets may be present. In general however the same properties that fail to protect the wearer by letting the virus pass through the mask on inhale are the very same that would let the virus pass out of the mask on exhale. There is plenty of scientific information on mask related to covid and SARS and even prior to that. The only mask that protect the wearer are the respirator mask and the non-vented are the ones that are effective for protecting others from the wearer. Men need to be clean shaven for mask to help. All non-respirator mask are merely a placebo in most instances. If forced, I will wear my cloth mask that when held up to the light I can see through it, but its like putting on the condom after sex just to say you're wearing it. See this article <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7173698/>.

Direction of Inquiry General Information

Subject NO MASK Mandate

Message

Okay so upon further inspection OSHA says some masks are okay and not okay in certain situations.

If you're working with fumes and aerosol chemicals and you give your employees the wrong masks and they get sick you can be sued.

- N95 masks: are designed for CONTAMINATED environments. That means when you exhale through N95 the design is that you are exhaling into contamination. The exhale from N95 masks are vented to breath straight out without filtration. They don't filter the air on the way out. They don't need to.

Conclusion: if you're in Stewart's and the guy with Covid has N95 mask his covid breath is unfiltered being exhaled into Stewart's (because it was designed for already contaminated environments, it's not filtering your air on the way out)

- Surgical Mask: these masks were designed and approved for STERILE environments. The amount of particles and contaminants in the outside and indoor environments where people are CLOGG these masks very Very quickly. The moisture from your breath combined with the clogged mask with render it "useless" IF you come in contact with Covid and your mask traps it You become a walking virus dispenser. Everytime you put your mask on you are breathing the germs from EVERYWHERE you went. They should be changed or thrown out every "20-30 minutes in a non sterile environment"

Cloth masks: today three people pointed to their masks as the walked by me entering Lowe's. They said "ya gotta wear your mask BRO" I said very clearly "those masks don't work bro, in fact they MAKE you sicker" the "pshh'd" me.

By now hopefully you all know CLOTH masks do not filter anything. You mean the American flag one my aunt made? Yes. The one with sunflowers that looks so cute? Yes. The bandanna, the cut up t-shirt, the scarf ALL of them offer NO FILTERING whatsoever. As you exhale you are ridding your lungs of contaminants and carbon dioxide. Cloth masks trap this carbon dioxide the best. It actually risks health. The moisture caught in these masks can become mildew ridden over night. Dry coughing, enhanced allergies, sore throat are all symptoms of a micro-mold in your mask.

Ultimate Answer: N95 blows the virus into the air from a contaminated person.

The surgical mask is not designed for the outside world and will not filter the virus upon

inhaling through it. It's filtration works on the exhale. (Like a vacuum bag it only works one way)

Cloth masks are WORSE than none.

The CDC wants us to keep wearing masks. The masks don't work.

Wash your hands. Sanitize your hands. Don't touch stuff. Wash your phone. Don't touch people. And keep your distance. Why? Because your breath stinks, your deodorant is failing, your shoes are old and stink, that shirts not clean, I like my space. Trust me I can hear you from here. Lots of reasons. But trust me. The masks do not work.

*Occupational Safety & Health Administration sited.

The top American organization for safety.

They regulate and educate asbestos workers, surgical rooms, you name it.

If your mask gives you security wear it, just know it is a false sense of security.

If stores stopped enforcing it no one would continue this nonsense.

I will conclude by referring to 2011 Florida Statute 876.12

If people should choose to wear a mask, and they believe they work.. let them do just that. This is a blatant infringement on our rights. Continue to encourage each private business to set the rules they feel appropriate.

Thank you.

**City/Unincorporated
County**
