July 10,2017

Dear Pinellas County Board of County Commisioners,

Operation:SNIP is in support of continuing our efforts to reduce feral cat populations in Pinellas County through TNVR. Operation:SNIP was pleased to receive the Florida Animal Friend Grant that allowed us to sterilized 625 feral cats in 2015/2016.

Meow Now has been an asset to Pinellas County with their volume trappings in areas overwhelmed with feral cat overpopulation. Allowing TNVR in Pinellas County has also allowed neighborhood caregivers to help Pinellas County Animal Services reduce the number of litters of kittens born to feral cats.

Sincerely,

Mary Taylor CVT

Operation:SNIP Inc
