Comments Please consider reducing the decibel threshold to 65dba 7am-10pm and retain 55dba 10pm-7am.
ADD a distance based clause (i.e noise plainly audible 50 feet from the source of origin between
10pm-7am and 100 feet from the source of origin 7am-10pm) for when a decibel meter is not
easily attainable to allow for code enforcement enforceability via notice of violation and
subsequent citation.
