Hi Tammy,

Thanks for bringing this to my attention. I reviewed the award and the full application package and agree that we made a typographic error. You can pen and ink your most recent award, and we will do the same on our end.

Good afternoon.

We made two pen & ink changes to the allowable Indirect Rate and to the date of our application. Do you approve of these changes to the attached Amendment without requiring an additional amendment for the corrections? We have attached the original e-mail/documents dated 2-06-24, to support these changes for your review and grant files. If you approve of the administrative changes, we will proceed with processing this "pen and ink" Amendment.

Respectfully,

Tammy L. Allen

Good Afternoon,

In reviewing the subject line award, we noted a date of 2/2/2025 in the Notice of Award section of the document (see below). We submitted the application for this award on 2/2/2024. We believe this to be a typographic error (below) as we do not have any correspondence associated with this application in 2025. How can we get this corrected?

NOTICE OF AWARD

Based on your Application dated 02/02/2025 including all modifications and amendments, the United States acting by and through the US Environmental Protection Agency (EPA) hereby awards \$ 94,579.00. EPA agrees to cost-share 100.00% of all approved budget period costs incurred, up to and not exceeding total federal funding of \$ 454,579.00. Recipient's signature is not required on this agreement. The recipient demonstrates its commitment to carry out this award by either: 1) drawing down funds within 21 days after the EPA award or amendment mailing date; or 2) not filing a notice of disagreement with the award terms and conditions within 21 days after the EPA award or amendment mailing date. If the recipient disagrees with the terms and conditions specified in this award, the authorized representative of the recipient must furnish a notice of disagreement to the EPA Award Official within 21 days after the EPA award or amendment mailing date. In case of disagreement, and until the disagreement is resolved, the recipient should not draw down on the funds provided by this award/amendment, and any costs incurred by the recipient are at its own risk. This agreement is subject to applicable EPA regulatory and statutory provisions, all terms and conditions of this agreement and any attachments.

Thanks in advance,
