Masks	I am wondering why the commission was quick to hold emergency meetings to make masks a countywide mandate but in the 10 or so day that the Governor said he was suspending fines you have not repealed this totally bogus ban? When are you planning on meeting and giving the people their rights back?	Randy		Dunedin	34697	727 560 1848	bluebeau7898@gmail.com	2020-10-03 20:32:33

your continued unconstitutional decisions	Dear Members of the Board of County Commissioners, I am gravely disappointed that you continue making decisions that are not in the best interest of our community. No facts nor science support that there is a state of emergency nor the unconstitutional and unhealthy ordinances such as mask-wearing. Why is it that our fine governor, based on facts, common sense and advice of renowned trusted doctors, declared that there is no state of emergency, yet you still vote to keep Pinellas County in a fake state of emergency? Shame on you for spreading fear instead of health. Kathleen Peters appears to be the only official who can be trusted to serve our community members. The rest of you need to be fired. Janet Long and Charlie Justice are on my ballot and you will not be getting my vote. The word is out and citizens are paying attention to who they elect into office. Doctors spreading dangerous misinformation such as Larry Feinman also need to have their licenses revoked. Many voters are aware of the truth and the truth will set us free. Health choices such as choosing to not to wear a mask are among the constitutional rights being violated. Violating civil rights is actually a punishable crime. Children in schools being forced to wear masks, distance and be forbidden to sing and play musical instruments is absolutely a	Mei Tschang		Dunedin	34698		yogagrace@hotmail.com	2020-10-03 19:00:13
Masks	Again, I ask you to please vote for keeping the mask ordinance in effect. Just because we are open 🏪 we still need this mask ordinance. It will keep us all safe. Thank you Also I work for Pinellas County, for almost 20 years. Please do this for all of us! I am a front line worker, we never once shut our offices down. NOT 1 DAY. HELP US REMAIN SAFE AT OUR JOBS AND IN OUR LIVES UNTIL THIS IS OVER !! Again thank you for your time. Have a safe great day 🍀	Catherine Elting	2806 Hammock Ct	Clearwater	33761		themadame3@gmail.com	2020-10-03 11:36:33

Face Mask Contineance	I respectfully and humbly request you to continue supporting the face mask mandate. It requires no further medical data nor evidence outside of pure common sense, logic, rational reasoning, the "golden rule" and last but MOST importantly, as The Highest Authority King Jesus said....."Do unto others" and " love your neighbor as yourself." Mask mandate	Dear Mr. Burton and the commission, I am writing to express my extreme frustration and dissatisfaction with the mask mandate. I contacted the commission through email last week and only two people replied. Only two and those two were response from staff members. So thank you all for the complete lack of respect for my time and creating an environment where I have developed anxiety and have panic attacks now. Thank you for creating a hostile environment between self righteous mask police and people who just want to live and be left alone. I won't ever vote for any of you. You won't flat out ban smoking that kills people as well as second hand smoke. You won't mandate sunblock that surely would limit the number of cases of skin cancer right? You won't. Stop trying to protect people from themselves. Repeal the mandate. Immediately.	Jim Stiner	4893 Ridgemoor Cir	PALM HARBOR	34685	6316788883	jimstiner@hotmail.com	2020-10-03 07:53:19
