CERTIFICATIONS

- Fire Officer II, Pro Board
- Fire Officer I, State of Florida
- Fire Instructor I, State of Florida
- Live Fire Training Instructor I, State of Florida
- Fire Safety Inspector I, State of Florida
- Pump Operator, State of Florida
- Firefighter I,II, State of Florida
- Paramedic, State of Florida

CONTRIBUTIONS

- Designed and implemented SPFR's EMS Quality Assurance and Improvement program.
- Designed and implemented SPFR's first ever uniformed civilian paramedic employee group to staff peak time units.
- Negotiated ALS Funding for new units: ME1, ME3, ME7, Engine 2, Rescue 13, LR13, SP502.
- Successfully negotiated ALS Fire Responder Agreement with County EMS Authority bringing stability to system deployment and funding for the first time in over a decade.
- Implemented SPFR Fire Cadet Program to facilitate more robust organizational diversity.
- Facilitated implementation of High School EMT program in partnership with Pinellas County Schools to provide career pathway for youths from the start of the 9th grade, also aiding minority recruitment.
- Analyzed and assembled SPFR deployment analysis that helped SPFR obtain its first ever ISO-1 classification.
- Applied for and won the 2015 SAFER grant for SPFR providing 3.2 million in funding over two years.
- Strategically secured funding for personnel needed to open a new fire station in an underserved area of St. Petersburg.
- Designed and implemented SPFR's first ever EMS Peak Load Units with new EMS authority funding, increased staffing, and a modified labor agreement.
- Designed and implemented SPFR's "Standing Orders," providing for increased firefighter safety and a standardized tactical approach to structure fires throughout the department.
- Utilized cutting edge research to develop and enact a tactical approach to modern structure fires that decreased firefighter risk while fully accomplishing the organizational mission.
- Designed and constructed multiple elaborate training props for the fire drill grounds including: A full scale roof prop, safety and survival house, adjustable maze, and forcible entry trainers.
- Developed and delivered the first SPFR "Truck School" and "Officer Academy" to institutionalize a more specialized application of functional unit assignments.
- Championed SPFR as an industry leader through the development and delivery of cutting-edge initiatives at a regional and national level.
- Established SPFR as an industry authority in the design and use of fire equipment with multiple commercial manufacturers and distributors.
- Identified a potential safety concern with the MSA Firehawk-M7 SCBA. Provided a design solution to the manufacturer and compelled them to action resulting in a redesigned product that increased firefighter safety across the nation.
- Reorganized and enriched the new hire orientation academy by streamlining and optimizing the use of available time and resources.
- Conceptualized the redesign of SPFR's JATC curriculum and evaluation process, increasing program quality and effectiveness.
- Identified unknown PPE liabilities; formulated and enacted solutions that successfully provided for their fiscal and tangible resolution.
- Overhauled SPFR's PPE specification increasing firefighter safety and moral while reducing cost of ownership.
- Developed process to ensure full NFPA1851 PPE Care and Maintenance compliance and vendor oversight resulting in a 75% reduction in cost.
