Hello!

OMB has no objection to the Department of Human Services – Justice Coordination Section submitting a grant application to the Florida Department of Children and Families for the 2021 Criminal Justice, Mental Health, and Substance Abuse Reinvestment Grant to enhance community-based intensive case management/navigator staffing and treatment access, with the goal of improving connections to community-based services for ongoing substance use/mental health disorders, health care, disability benefits, shelter/housing, and other basic needs.

This is a multi-year reimbursement grant project that will likely impact FY21-FY24. The requested funding is \$1.2M with \$1.2M expected match. The total project is estimated to cost \$2.4M. The anticipated match will not need to be added to the budget as it will come from existing activities and staff time applied to the project.

The County Administrator does NOT need to sign the application for the County, Director approval will be sufficient. Please include this email when you send the application through Granicus. The review shall include the Director, and Assistant County Administrator along with any others as defined in Granicus/Legistar standard operating procedures.

If you have any questions, please do not hesitate to contact me. Thank you!

OPUS Project Title:

Duration: Multi Year

Proposed Abstract (Project Scope of Work): The proposed project is designed to provide a bridge for complex cases (individuals suffering from substance use disorder or co-occurring substance use and mental health disorders). Efforts will enhance community-based intensive case management/navigator staffing to connect with individuals from the jail, safe harbor, and homeless referrals from local law enforcement. While providing short-term intensive case management and treatment access, the program will work with individuals to improve connections to community-based services for ongoing substance abuse/mental health services, health care services, disability benefits, shelter/housing, and other basic needs.

Benefit Summary (How will this benefit the County, Dept, etc?): This project will help stabilize members of our most vulnerable justice-involved population through initial engagement with appropriate in-reach and outreach efforts, intensive case management, improved substance abuse and mental health service access, and connections to community-based resources for improved stabilization.

Director Approval (Attach):

Is the proposal submitted for a different Department?: No

If submitting for a different department, what is that department name?:
