AGREEMENT**EXHIBIT A - SCOPE OF WORK**

The Pinellas County Government received its allocation of the American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Fund (SLFRF) on August 12, 2021. On January 11, 2022, the Board of County Commissioners approved a Spending Plan for the SLFRF Spending Plan. The Spending Plan includes the Pinellas ARPA Nonprofit Capital Projects Fund (Project Fund), comprising about 10% of the overall SLFRF allocation, which is \$19 million.

This Agreement is for services to administer the Project Fund on behalf of the County. The Fund is established to assist local nonprofits to acquire, refurbish or build capital assets intended to increase the nonprofit recipient's capacity to serve its clients within the community. As used in the Agreement, the term Contractor is the Subrecipient and this Agreement is intended to reflect the structure within which the Subrecipient must perform the duties outlined in this Scope of Work. The Subrecipient is responsible for the acceptance and maintenance, disbursement, accounting, and reporting of the Project Fund during the period of the agreement, which will be from the time the agreement is signed until December 31, 2026, with the option for extension. The Subrecipient must ensure the Project Fund is administered in compliance with the ARPA SLFRF Final Rule and other applicable legislation and regulations.

1. DEFINITIONS:

Impacted Nonprofit: a nonprofit entity that has experienced a negative economic impact as a result of the COVID-19 pandemic as evidenced by: a reduction in revenue for 2020 compared to 2019, an increase in demand for services, or a need for additional capital assets to adapt operations to accommodate health and safety guidelines by the Centers for Disease Control and Prevention (CDC).

Large Capital Project: The acquisition, refurbishment or construction of a capital asset with a useful life of at least five years that involves the purchase of, or improvements to, real property.

Small Capital Purchase: The acquisition and installation, if necessary, of a capital asset with a useful life of at least five years, with a total expense under \$200,000 such as a vehicle, or vehicles, computer hardware, fixtures such as industrial refrigeration units, solar panels.

Qualifying Grantee: An Impacted Nonprofit that is fully qualified and registered as a 501(3)(c) nonprofit and up to date on tax payments and filings that is not prohibited from doing business with Pinellas County, has a physical location in Pinellas County and serves Pinellas County residents.

2. DELIVERABLES:

- a. The Subrecipient will, within thirty (30) days from the effective date, design and begin administration of the Project Fund on behalf of the County to meet the objectives set out in the ARPA SLFRF Final Rule, to meet the needs of the nonprofit applicants set out in the attached Needs Assessment Report (Exhibit G) commissioned by the County and the County's Strategic Plan (Exhibit H).
- b. Receive and maintain custody of 25% of the Project Fund and request replenishment when balance of funds on hand falls below \$2,000,000.
- c. Allocate \$3,000,000 of the Project Fund for small capital purchases and disburse said funds to qualified applicants ("Grantees") using a rolling process which prioritizes the release of applications using data from Exhibit G. The remainder of the Project Funds will be allocated for large capital projects that are to be disbursed to Grantees on a competitive basis. There will be no appeal process available for an applicant who is denied an award or given a partial award.
- d. Within seven (7) days of the completion of the Project Fund design, Subrecipient must publicly advertise the Project Fund and the competitive solicitation for the Project Fund for large capital projects and will facilitate appropriate public access to award decision meetings.

AGREEMENT

- e. Based on ongoing community need and applications for funding, budgeted allocations between small capital purchases and large capital projects may be adjusted by written amendment to this agreement resulting from Subrecipient consultation with County.
- f. In regard to the small capital purchases, Subrecipient will disburse funds to qualifying Grantees using the process developed by Subrecipient for small capital purchases (e.g., vehicles and equipment) less than \$200,000. Prior to Subrecipient issuing notice of award to Grantees, Subrecipient will provide the award recommendations consisting of a summary and funding amounts to the County. Within 48 hours of receipt of the award recommendations, the County will provide verification to Subrecipient that the recommended Grantees are not prohibited from contracting with the County and that Subrecipient may proceed to contracting with recommended Grantees.
- g. In regard to the large capital projects for awards equal to or greater than \$200,000:
 - i. Subrecipient must design and implement an electronic competitive award process to accept and evaluate large capital project proposals from local not-for-profit, 501c3 organizations currently delivering services within Pinellas County and award funding to Grantees to assist the nonprofits in responding to the public health or negative economic impacts of the pandemic due to the COVID-19 pandemic. A letter of intent (LOI) must be received within 30 days of advertisement for submission of LOIs. Subrecipient will promptly, but not later than thirty (30) days after LOI submission, determine which applicants will move forward in the process to submit a full application. The large capital projects submissions must be received from applicants within thirty (30) days of being notified of a successful LOI.
 - ii. Subrecipient will, within thirty (30) days from receipt of submitted applications, evaluate each application to determine eligibility of the project under the guidelines of the ARPA Final Rule and perform a rank and review process to determine how funding should be awarded. The Subrecipient will provide the award recommendations consisting of a summary, funding amounts, and supporting rank and review documentation to the County. Prior to Subrecipient issuing notice of award to Grantees, the County will provide verification to Subrecipient that the recommended Grantees are not prohibited from contracting with the County. Such verification shall be provided by the County to Subrecipient within 48 business hours of having received such recommendations.
 - iii. Subrecipient, in consultation with the County, may determine that multiple rounds of a large capital asset fund process are necessary and will repeat the above process if so determined. Additionally, Subrecipient may divide available funds between multiple rounds if doing so will best address community need.
- h. Subrecipient will include representation as determined by the County Administrator on the evaluation committee performing the rank and review of submitted applications.
- i. Subrecipient will clearly identify the Grantees of awards as a beneficiary of the Project Fund.
- j. Upon receiving verification from the County, the Subrecipient will promptly, but not later than thirty (30) days after evaluation, execute an award agreement with the Grantees and will coordinate necessary funding for projects to commence.
- k. Subrecipient must maintain on their public website, information on the award committee, awarded projects, and progress of the Project Fund.

 - i. Subrecipient award agreements must provide for compliance to all rules and guidelines of the ARPA and SLFRF requirements including certifications and/or attestations of compliance where appropriate and must be written to ensure that no subrecipient relationship is created.

AGREEMENT

- ii. Grantees must be required to submit documentation to the Subrecipient to support expenditures. Additional reporting and documentation may be requested as needed for ARPA and SLFRF compliance.
- iii. Agreements may allow for pre-payment and/or reimbursement of Subrecipient approved costs associated with the purchase, refurbishment, or construction of capital assets from date of award provided that all construction is completed not later than December 31, 2026. Grantees must demonstrate these capital expenditures and must attest to the accuracy of capital project costs; that the capital project costs are not otherwise reimbursable by a different source; and that they are to address a public health or negative economic impact to the Grantee in compliance with the ARPA and SLFRF requirements.
- iv. Subrecipient must require Grantees to identify and budget for all future perpetual costs associated with proposed project and identify source(s) of future non-County revenues to cover costs for ongoing needs. Grantee budgets submitted which have unidentified source(s) of revenue or include County revenue as part of ongoing future costs are ineligible for funding.
- v. Subrecipient must require Grantees to have the administrative capacity to effectively manage and deliver service, maintain records, and provide reporting and accurate invoice reconciliation. The Subrecipient must verify the administrative capacity of an organization or must facilitate all services necessary for compliance.
- vi. Subrecipient must work with Grantees to establish benchmarks and/or deliverables that demonstrate project completion within the timeframes required by the ARPA and SLFRF guidelines.
- vii. Subrecipient agreements with Grantees must require Grantee reimbursement to County of all unspent or improperly spent funds awarded to Grantees.
- viii. Subrecipient will provide a final Grantee award agreement template to the County for review and approval of language. County's review and approval of such language is not a waiver by the County of any responsibility of the Subrecipient.
- ix. Subrecipient will develop guiding FAQs for Grantees that clearly explains allowable and non-allowable expenditures with examples and advises Grantees to seek guidance when unclear prior to spending funds.
- m. Subrecipient must provide the County with monthly reporting on updates received from the Grantees on progress, expenditures, and detail on awarded projects. Subrecipient will determine reporting schedule for Grantees based upon scope of project.

- A. Pinellas County shall notify a vendor in writing within 10 days after receipt of an improper invoice, that the invoice is improper. The notice should indicate what steps the vendor should undertake to correct the invoice and resubmit a proper invoice to the County. The steps taken by the vendor shall be that of initially contacting the requesting department to validate their invoice and receive a sign off from that entity that would indicate that the invoice in question is in keeping with the terms and conditions of the agreement. Once sign off is obtained, the vendor should then resubmit the invoice as a "Corrected Invoice" to the requesting department which will initiate the payment timeline.
 1. Requesting department for this purpose is defined as the County department for whom the work is performed.
 2. Proper invoice for this purpose is defined as an invoice submitted for work performed that meets prior agreed upon terms or conditions to the satisfaction of Pinellas County.

The Dispute Manager shall perform the required investigation and arrive at a solution before or at the 60 days timeframe for resolution of the dispute, per section 218.76, Florida Statutes. The County Administrator or his or her designee shall be the final arbiter in resolving the issue before it becomes a legal matter. The County Administrator or his or her designee will issue their decision in writing.

(8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor.

Davis-Bacon Act as amended (40 U.S.C. 3141-3148): When required by federal program legislation, for all prime construction contracts awarded in excess of \$2,000, Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, Contractors must be required to pay wages not less than once a week. If the applicable grant award contains Davis-Bacon provisions, the County will place a copy of the current prevailing wage determination issued by the Department of Labor in the solicitation document. The decision to award a contract shall be conditioned upon the acceptance of the wage determination [Appendix II to 2 CFR Part 200].

Copeland Anti Kick Back Act: If Davis-Bacon is applicable, CONTRACTOR shall also comply with all the requirements of 29 CFR Part 3 which are incorporated by reference to this contract. Contractors are prohibited from inducing by any means any person employed in the construction, completion or repair of public work to give up any part of the compensation to which he or she is otherwise entitled [Appendix II to 2 CFR Part 200].

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708): Where applicable, all contracts awarded in excess of \$100,000 that involve the employment of mechanics or laborers must be in compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each CONTRACTOR is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable

to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence [Appendix II to 2 CFR Part 200].

Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387): As amended—The CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA) [Appendix II to 2 CFR Part 200].

Debarment and Suspension (Executive Orders 12549 and 12689): A contract award (see 2 CFR 180.220) will not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. If applicable, the CONTRACTOR must verify that none of their subcontractors (for contracts expected to equal or exceed \$25,000), appear on the federal government’s Excluded Parties List. The Excluded Parties List is accessible at <http://www.sam.gov> [Appendix II to 2 CFR Part 200].

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352): CONTRACTORS that apply or bid for an award **exceeding \$100,000** must submit a completed “Disclosure of Lobbying Activities” [Form SF-LLL]. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with *non-federal funds* that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. [Appendix II to 2 CFR Part 200]. **The bidder shall complete Form SF-LLL and submit with bid. Bidders may be deemed nonresponsive for failure to submit this certification.**

Conflict of Interest [2 CFR §200.112]: The CONTRACTOR must disclose in writing any potential conflict of interest to the Federal awarding agency or COUNTY in accordance with applicable Federal awarding agency policy.

Mandatory Disclosures [2 CFR §200.113]: The CONTRACTOR must disclose in writing all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.339 - Remedies for noncompliance, including suspension or debarment.

Certifications and representations. [2 CFR § 200.209]

Unless prohibited by the U.S. Constitution, Federal statutes or regulations, CONTRACTOR may be required to submit certifications and representations required by this agreement, Federal statutes, or regulations on an annual basis. Submission may be required more frequently if the CONTRACTOR fails to meet a requirement of these provisions for contracts under federal awards.

Protected Personally Identifiable Information (Protected PII) [CFR §200.303(e)]:

The CONTRACTOR must take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or COUNTY designates as sensitive or the County considers sensitive consistent with other applicable federal, state, and local laws regarding privacy and obligations of confidentiality. This right also includes timely and reasonable access to the CONTRACTOR'S personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.

If CONTRACTOR fails to comply with the U.S. Constitution, Federal statutes, regulations or the terms and conditions of a Federal award, the Federal awarding agency or COUNTY may impose additional conditions, as described in 2 CFR § 200.208. If the Federal awarding agency or COUNTY determines that noncompliance cannot be remedied by imposing additional conditions, the Federal awarding agency or COUNTY may take one or more of the following actions, as appropriate in the circumstances:

- (a) Temporarily withhold cash payments pending correction of the deficiency by the CONTRACTOR or more severe enforcement action by the Federal awarding agency or COUNTY.
- (b) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

Project Overview

Pinellas County, Florida (“the County”) received approximately \$189 million in American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF). Of the total allocation, the County has appropriated \$19 million to support the capital needs of local nonprofits as they support Pinellas County’s COVID-19 Recovery and continue to provide critical services to the community. The County engaged Hagerty Consulting to conduct a needs assessment consisting of a survey and listening sessions with Pinellas County nonprofits to capture their needs for capital funding as the community recovers from the COVID-19 pandemic. The results from the needs assessment will be used to inform the County on key elements for program design and implementation. Prior to conducting a needs assessment for the Pinellas County Nonprofit Capital Projects Grant program, Hagerty worked with the County to identify the following goals of the needs assessment:

1. Assess how local nonprofit organizations’ missions, strategic visions, long-term needs, and sustainability plans were impacted by the COVID-19 public health emergency.
2. Identify potential capital project needs that, if addressed, would enable nonprofit organizations to continue serving the community amid and beyond the COVID-19 public health emergency.
3. Determine whether nonprofit organizations rebounding from the financial impacts of the COVID-19 crisis may have the capacity to contribute to a match grant.
4. Utilize the results of the needs assessment to design a nonprofit capital projects fund program.

Project Process

This work has been guided by the Nonprofit Capital Projects Grant Advisory Group, a committee of Pinellas County staff who are providing feedback to the County’s lead program manager to design and implement the Pinellas County Nonprofit Capital Projects Grant program.

A total of 124 nonprofits participated in a survey launched in January of 2022 and 48 nonprofits participated in listening sessions held in February of 2022.

Key Takeaways

- 1 The impact of the COVID-19 pandemic on Pinellas County nonprofits was severe. About 1/3rd of respondents said more services were needed (with countywide feeding nonprofits reporting their services more than doubled since the pandemic), with about a 1/3rd also saying they had to cut services. Nonprofits reported reductions in revenue and difficulties maintaining staff and volunteers.
- 2 Nonprofits reported needs for new facilities, facility upgrades, and vehicles. Some reported a need for Information Technology (IT) services and equipment, especially to support continuums of care.
- 3 Approximately 60 percent of nonprofit respondents said they could match up to 0-20% of a grant up to \$100,000. Nearly a quarter reported the ability to match more than 50% of a grant up to \$100,000.
- 4 Nonprofit organizations report they can complete projects with these funds within the timeframe (assuming an application is launched in April 2022 and funds must be spent by 2026). Several nonprofit organizations indicated they have shovel-ready projects.
- 5 Nonprofits had concerns about administration. While many said they had the technical capacity, they wanted to know if program funds could be used for administration. They also indicated a need for guidance and training upfront.

Funding Overview

American Rescue Plan Act of 2021

The American Rescue Plan Act of 2021 is an emergency legislative package designed to facilitate nationwide recovery from the devastating economic and health impacts of the COVID-19 public health emergency. The bill allocates \$350 billion to state, local, territorial, and tribal governments (SLTT), including:

Official Guidelines for Federal Recovery Funds (FRF) Spending

The ["Final Rule"](#) —the official guidance document issued by the United States Treasury in January 2022, to implement the Coronavirus State and Local Fiscal Recovery Fund established under the American Rescue Plan Act—explains that the funds are intended to provide resources to SLTT governments to respond to the COVID-19 public health emergency and its economic impacts and rebuild a stronger, more equitable economy.

The key objectives of the SLFRF provisions are to:

- » Support the urgent COVID-19 response efforts to continue to decrease the spread of the virus and bring the COVID-19 pandemic under control.
- » Replace lost revenue for eligible recipients to strengthen support for vital services and help retain jobs.
- » Support immediate economic stabilization for households and businesses.
- » Address systemic public health and economic challenges that have contributed to the unequal impact of the COVID-19 pandemic on certain populations.

Eligible Uses and Period of Performance

The Final Rule establishes a framework for determining the types of programs and services eligible under FRF. FRF must be used in one of the four eligible use categories specified in the Final Rule:

Within the categories of eligible uses, recipients have broad flexibility to decide how best to deploy funding to meet community needs. Use of SLFRF is forward-looking, as the Final Rule permits funds to be used to cover costs incurred beginning on March 3, 2021, and must be obligated by December 31, 2024. To provide recipients with a reasonable amount of time to complete projects funded with SLFRF, recipients have until December 31, 2026, to expend all funds.

Ineligible Uses of Funding

In addition to the statutory conditions on the eligible uses of the SLFRF, the Final Rule clarifies types of uses that do not fall within these four categories. The Final Rule provides that recipients may not use SLFRF:

- » To make a deposit to a pension fund.
- » To reduce net tax revenue.
- » To fund debt service costs, legal settlements, or judgments.
- » To contribute to rainy day funds or similar financial reserves.
- » For a project that conflicts with or contravenes the purpose of the American Rescue Plan Act statute (e.g., uses of funds that undermine COVID-19 mitigation practices in line with the Centers for Disease Control and Prevention (CDC) guidance and recommendations).
- » To fund other general infrastructure spending outside of water, sewer, and broadband investments or the amount allocated under the revenue lost provision.
- » For the construction of new correctional facilities as a response to an increase in the rate of crime.
- » For the construction of new congregate facilities to decrease the spread of COVID-19 in the facility.
- » For the construction of convention centers, stadiums, or other large capital projects intended for general economic development or to aid impacted industries.

Phase 1: Nonprofit Survey

Overview and Background

Pinellas County conducted a survey of local nonprofits in January of 2022. This survey explored several topics to get a baseline of how the COVID-19 pandemic was impacting local nonprofits and identify their recovery needs.

Survey Design and Distribution

Survey questions were drafted that would help the County understand nonprofit's capital needs, such as facility investments, vehicles, and refrigerators (see questions in [Appendix 1: Survey Questions](#)). To ensure that the survey captured the full breadth of needs, open-ended questions were also asked. The survey questions were reviewed by the Nonprofit Capital Projects Grant Advisory Group. The survey was designed to be taken in 15 minutes or less.

The County sent the survey to 608 nonprofit partner organizations in Pinellas County in January of 2022. The survey was hosted through SurveyMonkey and remained open from January 12 – 26, 2022. During the open period, an email reminder was sent to nonprofits and County staff encouraged nonprofits to provide feedback.

Respondents

Pinellas County received a total of 124 responses, including one completed in print, which the team entered into the survey data directly. Some organizations answered multiple times and their answers were combined to create one survey per nonprofit respondent. All unique nonprofit responses were analyzed. Of the total respondents:

- » Nearly half have budgets under \$500,000; about a quarter have budgets over \$5 million.
- » About 75% have 0-50 employees.
- » Each of the services below is offered by at least 20 nonprofit respondents
 - » Food Security
 - » Health and Behavioral Health
 - » Education and Child Services
- » 118 respondents indicated they are interested in providing more input.

To assist in discussion and analysis, Hagerty has grouped the respondents as shown below.

Description by Organization Size and Budget	Employee Count	Budget	Count of Nonprofits
Small with Small Budget	0-50	< \$500k	52
Small with Medium Budget	0-50	\$500k - \$1m	19

Survey Responses

The survey revealed Pinellas County nonprofits' capital needs range and were significantly impacted by the COVID-19 pandemic. While COVID-19 caused an increase in the need for services, nonprofits had to reduce services due to budget shortfalls. Many had to cope with reductions in staff availability and funding while addressing these challenges. Notably, nonprofit food pantries identified an extreme increase in service needs. Nonprofits across the board stated they need to invest in buildings and facility upgrades. Information collected from the survey can help ground the design of the program and guide the next phase of data collection. Findings are grouped into three sections below – Impacts of COVID-19, Nonprofit Capital Needs, and Program Design.

Impacts of COVID-19

Nonprofit organizations were asked one open-ended question to determine the impacts of COVID-19 on their organization. Each response and statement were categorized and counted based on how many respondents made that statement. The statements below were all made by 20% or more of respondents. Responses made by 50% or more of respondents in a given size group from Table 1: Respondent Categories are also included. Some respondents provided more than one response.

	There was an increase in need for services in the COVID-19 pandemic.	Services had to be reduced (without necessarily a decrease in demand).	Added services specific to addressing COVID-19.	Added virtual delivery or increased virtual delivery.	Faced a reduction in income and/or resources.	COVID-19 restrictions and/or outbreaks hampered operations.	There were staff and/or volunteer shortages.
Small with Small Budget (52)	13 (25%)	20 (38%)	2 (4%)	4 (8%)	25 (48%)	16 (31%)	10 (19%)
Small with Medium Budget (19)	7 (37%)	6 (32%)	4 (21%)	3 (16%)	8 (42%)	6 (32%)	5 (26%)

Nonprofits were asked how much they could match in grant funds for a grant of up to \$100,000. Note that the question did not cover grants over \$100,000. About 60% of nonprofit respondents said they could match 0-20% of \$100,000 (up to \$20,000) and about 22% said they could match 50-100% (\$50,000 to \$100,000).

Phase 2: Listening Sessions

Listening Sessions Summary

From February 23 - 28, 2022, Pinellas County held listening sessions with nonprofits to explore their capacity to utilize and administer capital grants. These sessions provided an opportunity to not only get more information from nonprofits, but also for nonprofits to discuss issues and collaborate with the County. The listening sessions, attended by 48 nonprofits, provided valuable context to the survey results. Several high-level themes that evolved include:

- » Timeline – Almost all nonprofit organizations indicated that they could complete a capital project with the grant application being launched in April of 2022 with a deadline to complete projects by 2026. Many nonprofit organizations reported they have “shovel-ready” projects already planned.
- » Needs – the need for buildings and vehicles for nonprofit food service organizations to accommodate an increase in clients was stressed. Nonprofit health organizations also reported a need for vehicles. Frequent questions came up regarding the ability to spend grant funds on software and if funds could cover IT costs over time (e.g., licenses).
- » Grant Administration – While some nonprofits report having the knowledge to administer a capital grant, many asked for training and technical information. A need for upfront training on grant administration was raised several times. Many also, including those reporting they have the knowledge to administer, asked if it is possible to allow some grant money to fund administration.
- » Matching and Payments – Some nonprofit organizations reported that “fronting money” would be difficult.

Group Design and Recruitment

The questions for the listening sessions were drafted by the Hagerty project team and reviewed by the Nonprofit Capital Projects Grant Advisory Group. Workshops were capped at 25 participants so that the groups could hear from all stakeholders in the session. While the sessions were capped, each of the five sessions had 25 or less participants sign up for the session. The sign-up had a waiting list in case the County needed to add additional sessions. There were no registrants held on the waiting list.

Participants were recruited from the list of survey respondents saying they needed capital investment and were open to providing more feedback to the County. Recruitment was conducted via email with an approximately one-week window to register for sessions. Email invitations were also sent to the Nonprofit Capital Projects Grant Advisory Group. Participants were asked to register for a workshop session most aligned to their functional area (see below). Workshops were conducted via Zoom.

Nonprofit Participants

Registration for the workshop sessions was as follows:

Focus Services	Date and Time (Eastern)	Count Registered	Count Attended	Capacity
Health Services	2/23/2022 11:00 AM to 12:00 PM EST	15	10	25
Food Security	2/23/2022 4:00 PM to 5:00 PM EST	23	17	25
Housing Support and Homelessness Services	2/24/2022 11:00 AM to 12:00 PM EST	15	9	25

Focus Services	Date and Time (Eastern)	Count Registered	Count Attended	Capacity
Childcare and Education Services	2/24/2022 4:00 PM to 5:00 PM EST	25	16	25
Other	2/28/2022 11:00 AM to 12:00 PM EST	20	11	25

Meeting Outputs

The workshop topics are displayed in [Appendix 2: Listening Session Questions](#). Across the five meetings, several consistent themes were identified and categorized, and noted below.

Needs

- » Nonprofit organizations with a mission to feed people reported an extreme uptick in need for their services and often noted needs for buildings and vehicles. Nonprofit food service organizations reported that new people are in need – people who did not have need before and are starting to feel the impacts of inflation.
- » Nonprofit health organizations reported a strong need for vehicles.
- » Nonprofits are anticipating increases to current project budget projections due to supply chain issues and inflation.
- » Several nonprofit organizations reported a need for ongoing technology-related expenses (e.g., licensing, teleservices for students).
- » Software was often raised as a need.
- » Vehicles were not just needed for delivery, but also for mobile operations, such as legal aid services.

Readiness to Engage in Projects

- » Almost all nonprofit organizations in the sessions indicated they could use the funds in the indicated timeframe (by a date in 2026).
- » Many nonprofit organizations reported having “shovel-ready” plans they are seeking funding for.

Ability and Experience Administering Capital Grants

- » Some nonprofit organizations reported a capability to administer the grants, but this was not universal.
- » Several nonprofit organizations asked for a portion of grant funding to include administrative support. This was often accompanied by statements about concerns about bandwidth in administering the grant.
- » Requests were made by several nonprofit organizations to provide materials and education on the management of the grant.

- » Training for their administrative teams and direct service personnel was noted as helpful on prior Pinellas County grants.
- » It was stressed that some nonprofit organizations may not be familiar with these programs and upfront education and guidelines are critical.
- » One organization recommended using the Neighborly software because it brings together many of the administrative elements of application and management.

Other Comments

Nonprofit organizations provided both comments and questions throughout the listening sessions. A list of questions asked by nonprofit organizations can be found in the [Appendix 3: Listening Session Questions from Nonprofit Participants](#) and their feedback is summarized below:

- » Nonprofit organizations requested a simplified application process.
- » Several nonprofit organizations said they would like to include phased projects in the application process.
- » It was suggested that a match could be waived for smaller organizations.
- » Nonprofit organizations indicated that they'd like to submit an application that includes several requests such as facility upgrades and vehicles.
- » Some nonprofit organizations reported concerns about the program being established on a reimbursement basis. One idea raised was to have another organization apply for the funding, provide up-front money to smaller organizations and those nonprofits could pay them back (e.g., under Pinellas Cares Grant the Foundation for Healthy Saint Petersburg arranged for the Tampa Bay Business Investment Corporation to put in the upfront money).

Recommendations for Program Design and Implementation

Strategic Recommendations

The following recommendations are based on results from the Pinellas County Capital Projects Grant Program needs assessment which includes strategies for program design and implementation.

Program Design

STRATEGIC RECOMMENDATION 1: ESTABLISH SIMPLIFIED APPLICATION PROCESS

To ease the application and administration processes, establish funding tiers to evaluate the level of information required for the application process and ongoing monitoring. This will allow organizations who are requesting purchases under a set threshold to easily apply and receive funding. Additionally, it will allow Pinellas County to focus oversight efforts on larger projects that have more complex design elements that could result in a higher risk. Pinellas County can also leverage flexibility provided under the Final Rule to simplify application requirements for nonprofit organizations that are classified as impacted and disproportionately impacted¹ by the COVID-19 pandemic.

STRATEGIC RECOMMENDATION 2: ALLOW NONPROFITS TO INCLUDE ADMINISTRATIVE COSTS TO MANAGE AWARD

Given how many potential applicants have raised the concern of administrative capacity, allow nonprofits to include costs associated with administering the grant. According to the Treasury's Compliance and Reporting Guidance, recipients may utilize up to ten percent of their award for administrative support².

STRATEGIC RECOMMENDATION 3: FORM AN EVALUATION PANEL AND SCORING RUBRIC

Developing a scoring rubric that can be used by an application evaluation steering committee will allow for consistent review and approval of applications. Scoring criteria should include priorities established within the Final Rule.

¹ U.S. Department of the Treasury, Coronavirus State and Local Fiscal Recovery Funds Final Rule, available at: <https://home.treasury.gov/system/files/136/SLFRF-Compliance-Statement.pdf>

² U.S. Department of the Treasury Coronavirus State and Local Fiscal Recovery Funds Compliance and Reporting Guidance, found at page 9, available at: <https://home.treasury.gov/system/files/136/SLFRF-Compliance-and-Reporting-Guidance.pdf>

STRATEGIC RECOMMENDATION 4: ESTABLISH A TIMELINE THAT ALLOWS THE COUNTY TO REPROGRAM FUNDS

The SLFRF period of performance requires Pinellas County to obligate funds by December 31, 2024, and spend funds of December 31, 2026. By establishing a reporting timeline or closeout date earlier than December 31, 2024, it will allow Pinellas County to reprogram any unused or returned funds.

STRATEGIC RECOMMENDATION 5: LEVERAGE OTHER PINELLAS COUNTY GRANT APPLICATIONS

If other recent programs had similar evaluation criteria for baseline items (such as nonprofit mission, financial capacity, etc.), allow applicants for this program to refer to applications submitted for other Pinellas County grant applications, such as the Community Development Block Grant program.

Program Implementation

STRATEGIC RECOMMENDATION 6: ESTABLISH WORKSHOPS AND RESOURCES TO TRAIN AND SUPPORT NONPROFITS

Several nonprofits indicated that trainings to discuss the application process, ongoing grant management best practices, and reporting requirements would be helpful over the grant lifespan. This could include developing resources to promote the grant, trainings before the grant goes live, ongoing trainings and support, and resources, such as a Frequently Asked Questions (FAQ) document that provides critical information for the success of the program.

Conclusion

The survey respondents and listening session participants for the Pinellas nonprofit community listening program were deeply impacted by the COVID-19 pandemic – they faced increased needs for services while at the same time navigating pandemic-related rules, staff shortages, and funding shortages in an uncertain world. Many have an established set of needs and/or “shovel-ready” projects that will help them recover in a manner that supports a more resilient Pinellas County. Nonprofits, while having plans to use capital grant funds, have concerns about their ability to match funds, put up money upfront for projects, and how to administer funds. By establishing an inclusive and simplified approach to implementing the Pinellas County Capital Projects Grant program, the County will be able to quickly deploy much needed economic relief into the nonprofit community while making a lasting impact that builds community resiliency.
