Paul, I think it's clear in the ordinance but can work with them a future change as part of the overall code rewrite. Please let them know we will reach out again. Thanks. Rahim

I received the following from SUCA(Suncoast Utility Contractors Association):

“Section 170-270 could be misinterpreted to put all of this work on contractors performing work directly for the County. The language should be cleared up so as to make it self evident this is not a requirement for contractors on County owned projects.”

thanks
