**A. Provide a Schedule of Vision Benefits. The Schedule of Vision Benefits is to include a list of exclusions and policy limitations.**

Confirmed. The Schedule of Vision Benefits is provided as **Item 2** within this tab (Tab 1 – Proposed Benefits). And although minor, we do have some exclusions. Our benefits don't include services or materials arising from:

- Medical or surgical treatment, services or supplies for the treatment of the eye, eyes or supporting structures
- Refraction, when not provided as part of a vision care examination
- Services provided as a result of any Workers Compensation law, or similar legislation, or required by any governmental agency or program whether federal, state or subdivisions thereof
- Orthoptic or vision training, subnormal vision aids and any associated supplemental testing
- Aniseikonic lenses
- Any vision examination or any corrective vision materials required by a Policyholder as a condition of employment
- Safety eyewear
- Solutions, cleaning products or frame cases
- Non-prescription sunglasses
- Plano (non-prescription) lenses
- Plano (non-prescription) contact lenses
- Two pair of glasses in lieu of bifocals
- Electronic vision devices
- Services rendered after the date an insured person ceases to be covered under the policy, except when vision materials ordered before coverage ended are delivered, and the services rendered to the insured person are within 31 days from the date of such order
- Lost or broken lenses, frames, glasses or contact lenses that are replaced before the next benefit frequency when vision materials would next become available
- Fees charged by a provider for services other than a covered benefit and any local, state or federal taxes must be paid in full by the insured person to the provider. Such fees, taxes or materials are not covered under the policy
- Allowances provide no remaining balance for future use within the same benefit frequency

Some provisions, benefits, exclusions or limitations listed herein may vary by state.

**B. Provide a side-by-side comparison of the proposed vision plan with the current plan with highlighted differences.**

Confirmed with clarification. A side-by-side comparison of the proposed vision plan with highlighted differences quoted is not applicable. We are partners today and matching the current plan as-is.

**C. Provide SSAE-18 for review.**

Confirmed. EyeMed and our wholly owned subsidiary, First American Administrators (FAA), are SSAE certified. We contract with PricewaterhouseCoopers (PwC) to issue SSAE18 SOC 1 Type 2 and SOC 2 Type 2 reports. We engage in regular internal and external audits to ensure we are operating effectively. Our controls and safeguards include activities such as third-party audits, automated controls, and performance monitoring and guarantees. In other words, you can be confident that we are operating in a controlled, safe and monitored environment – all to create the best experience for you and your employees.

We contract for: SOC 1 Type 2 (general internal controls, including auditor's opinion on the effectiveness of controls) and SOC 2 Type 2 (IT controls, including auditor's opinion on the effectiveness of controls).

As your current vision carrier, we can provide you with a copy of our most recent SOC reports upon request, which illustrate our control design and testing results that meet standard qualifications.

**D. Provide a Summary Plan Description that outlines the plan benefits and describes overall policies.**

Confirmed with clarification. We will provide the Vision Plan Description (VPD) in an agreeable time frame, which can be incorporated into the SPD at your discretion.

**E. Provide a separate statement describing benefits being offered, including responses to the following:**

Confirmed. We provide coverage for the following services and materials:

**Exam**

Members receive a routine, vision care exam under our benefits for the cost of their applicable copay. This service can help spot the early signs of other serious health conditions like diabetes, high blood pressure and high cholesterol.

**Frames**

Using their frame allowance, members can select any frame. Our benefit designs are based on member choice, providing access to any available frame, including top brands and the latest styles and colors rather than limiting members to a frame tower or formulary.

**Lenses & Options**

Members have access to an extensive catalog of lenses and lens add-ons, available from a variety of leading manufacturers. EyeMed members pay only the base lens copay plus the discounted cost of any lens options. Some examples include polycarbonate, UV coating, tint, scratch-resistance and anti-reflective coatings.

**Contact Lenses**

Our contact lens benefit includes separate coverage for the fit & follow-up exam and for contact lens materials. Members use their allowance to purchase the type and brand of contact lenses they prefer without being required to choose from formularies or limiting manufacturer lists. Additionally, a paid-in-full option is available for medically necessary contacts.

Please see our response to question H below for the requested details on the LASIK benefit.

**F. How does the participant access the benefit?**

Using our vision benefit is easy. That's why, to access the benefit in-network, all a member needs to do is make an appointment. Check out the process below:

- Locate a Provider through our website, our mobile app, the provider listing or the Customer Care Center
- Set an appointment by phone, or by utilizing online scheduling for some locations
- Receive services and pay copay

Members who choose to access out-of-network benefits can locate their chosen provider, set an appointment and submit the out-of-network claim form with receipts to receive reimbursements. To submit the out-of-network claim form, the member can either mail it in or visit our website, where we also accept claim forms online. We process out-of-network claims quickly and cut checks on a daily basis, so members will receive their reimbursement quickly.

## **G. Describe the warranty program for materials.**

Our network providers are required to honor all manufacturers' product warranties on frames and lenses.

### **Frames**

Members are covered by a generous remake policy should someone not be totally satisfied with their new glasses.

### **Lenses**

If a provider is not satisfied with the end product from the lab, or if a member has problems adapting to progressive lenses, the lab will correct reasonable remake requests. A no-charge remake request from a network lab may be available 1 time per job within 6 months of the date of delivery. Examples of qualifying reasons for a no-charge remake include power/axis/base curve changes, segment height/segment style changes due to non-adaptation, transcription errors and other lab errors.

In general, lens manufacturers warranties may cover standard anti-reflective coating for 1 year and premium anti-reflective coatings for 2 years from the date of original purchase.

### **Contact Lenses**

All contact lens manufacturers have a guarantee that the contact lens supplied is free from manufacturing defects. Any lens deemed defective by the professional provider may be returned for a refund or replacement. Since contact lens wear modalities differ, such as one-day, two-week, one-month, etc., there is little to no need for further guarantees. In general, there are no additional guarantees of length of useful life of the contact lens available in the industry.

Any lens deemed defective by the professional provider would be replaced. General replacement of contact lenses is determined through consultation of the professional and the patient. If the health of the patient's eye is best suited to a daily lens replacement, this is the replacement schedule that would be used. If the patient is best suited for a two-week lens replacement, this is the replacement schedule that would be used. For any lenses that are not replaced daily, cleaning and disinfecting techniques are required and would be a component of the care and training provided to the patient.

We are invested in the satisfaction of our members and have received high member satisfaction, 97%, with very few complaints around eyewear breakage. In 2024, EyeMed processed over 30.7 million claims with only 5,236 formal member complaints equating to less than 0.01% of the total complaints. Of those, only 159 were for eyewear quality issues.\*

## H. Describe the PRK/Lasik benefits.

We understand that glasses and contacts simply don't fit with some lifestyles. That's why members can receive a one-time allowance of up to \$1,125 on LASIK. And what's even better is that this benefit enhancement can be used at both in-network and out-of-network locations.

Plus, we offer our members a discount on LASIK at no additional cost. Members receive 15% off the retail price or 5% off the promotional price of LASIK surgery.\* For even greater savings, members receive \$1,000 off (\$500 per eye) at over 120 LasikPlus, TLC and LVI locations nationwide. Referrals from an Optometrist or Ophthalmologist to see a LASIK doctor are not required. Members can simply call the dedicated LASIK phone number to find a doctor of their choice and set up their free initial consultation.

Our LASIK discount is offered through the U.S. Laser Network, one of the largest LASIK networks in the country, and offers our members:

- Outstanding access to more than 450 LASIK surgeons at over 750 locations nationwide
- Surgeons who must complete credentialing and re-credentialing every 3 years
- Discounts available at all participating network doctors
- Free enhancements for 1 year

\*Discounts are not insured benefits

## I. How will you handle the reimbursement for PRK/Lasik through your claims system if the County wanted to offer this reimbursement in addition to a standard PRK/Lasik benefit.

Network claims are always submitted by our providers, so it's simple and convenient for members to use their benefits. Here's what happens during the claims process:

- Provider verifies eligibility and then submits the claim
- The claim passes through our automated claims system to make sure all benefits are applied correctly
- The claim goes through our billing system, and we disperse payment to the provider

If a member wants to see an out-of-network provider, they can easily submit the claim for reimbursement:

- After receiving service, members can quickly and easily submit out-of-network claims online through our member portal. They fill out a quick form, upload a photo of their receipt and submit the claim. Additional options include downloading an out-of-network claim form from [eyemed.com](http://eyemed.com) or requesting one through our Customer Care Center and mailing it in.
- The claim is adjudicated through our automated claims system to make sure all benefits are applied correctly. The claim goes through our payments system, and we mail them a reimbursement check.

## Providers and Networks

### a. Provide your current provider listing for the plan.

Confirmed. A provider listing for the State of Florida is provided as **Item 3** within this tab (Tab 1 – Proposed Benefits).

We make it easy for members to find their ideal in-network provider. They can visit [eyemed.com](http://eyemed.com) or download the EyeMed App for iPhone and Android to access our enhanced provider locator. Members can also call our

## CONFIDENTIAL/PROPRIETARY

Customer Care Center and IVR System. And newly enrolled employees will receive a customized provider listing in their Welcome Packet.

- b. **Provide the number of employees by state with access to your provider network (Using an access standard of two (2) providers within ten (10) miles of an employee's home zip code and be sure to provide numbers of employees and not percentages of the total). Your response should be based on open practices only.**

Confirmed. The great news is that [REDACTED] of the provided zip codes have access to 2 providers in 10 miles.\* For more details, please see **Item 4** within this tab (Tab 1 – Proposed Benefits) for the Requested Geo Access Report.

We also provided a GeoAccess report with the accepted industry standards for defining adequate provider access – the urban/suburban zip codes provided have [REDACTED] access to 2 providers in 10 miles and the rural zip codes provided have access to [REDACTED] access to 1 provider in 20 miles.\* See **Item 5** within this tab (Tab 1 – Proposed Benefits) for the full Industry Standard GeoAccess Report.

We can confirm that our response is based on open practices as each and every one of our providers is continuously accepting new patients. It's a requirement that they must accept upon joining our network.

\*EyeMed Insight Network, March 2025

- c. **Please describe major retail facilities and ophthalmologists that are a part of your network.**

Employees want to receive eye care when they want, where they want, which is why our network offers the right mix of both independent and retail provider options. While private practice doctors make up the majority of our network, we also have thousands of retail locations throughout the country. With us, your employees have access to popular national chains like LensCrafters, Pearle Vision and Target Optical, plus local favorites like Eyeglass World, America's Best and more. Members can even purchase their eyewear online at LensCrafters.com, TargetOptical.com, Ray-Ban.com, Oakley.com, Glasses.com and ContactsDirect.com. No wonder nearly 96% of the County's members choose to visit an in-network provider.\*

The inclusion of regional and national retail-affiliated doctors on our network affords greater accessibility, longer hours of operation and faster delivery of service and materials. And unlike other managed vision care organizations, whether members select a retail or independent provider for their vision needs, they receive the same funded benefit at all in-network locations. Our vision network hits all buying preferences so members can make their selection based not only on their schedule but also cost and fashion.

And while we offer access to both ophthalmologists and optometrists, there are no special functions that can solely be performed by one area of expertise, over the other, regarding the routine vision care services covered by our benefits. Our network does provide access to more optometrists than ophthalmologists because there are far more practicing optometrists than ophthalmologists throughout the United States and many ophthalmologists specialize and simply do not provide routine vision care. Instead, they perform surgical procedures or are specialists in specific diseases of the eye. Others schedule appointments months in advance; therefore, not meeting our provider requirements concerning how quickly a member should be able to secure an eye appointment.

It may also be helpful to know that if a member needs an Ophthalmologist for a medical condition, such as dry eye, that visit would fall under their medical plan, not their routine vision benefit. If a more serious medical condition is found during the routine eye exam, members will be referred to an ophthalmologist or primary care medical physician for further treatment. But regardless of which type of provider members utilize to

receive routine vision care services, they'll experience the same great care by both in-network optometrists and ophthalmologists.

\*Pinellas County Board of Commissioners Utilization Report, 2024

**d. Provide a provider disruption report showing member disruption network/network.**

Confirmed. A disruption report is provided as **Item 6** within this tab (Tab 1 – Proposed Benefits).

As partners today, staying with EyeMed means your members can continue to use their benefits where they want and when they want – with zero disruption.

**e. Describe how providers are selected and monitored.**

Our main focus in selecting providers is to make sure that members can use their benefits in all areas of the United States, Puerto Rico and the U.S. Virgin Islands. In fact, across the country, we have outlined a minimum number of providers that we want to include, based on the population in the area. And that's what drives our recruiting. If it seems like a specific area does not offer adequate access, we start looking for providers within that location and work to recruit them to our network. Once identified, we narrow our consideration to the following criteria:

- Access and availability
- Meeting our credentialing standards
- Provider ability to meet network participation criteria
- Cost efficiency

Those who want to join us must meet eligibility requirements, accept the terms and conditions of our Professional Provider Agreement and complete our credentialing process before they can start seeing patients. All doctors must meet the credentialing and quality standards set forth in our Professional Provider Manual. These standards align with the industry standards set forth by the National Committee for Quality Assurance (NCQA).

Providers submit relevant demographic, educational and professional data which is verified for approval on our network. All providers are required to be re-credentialed at a minimum of every 36 months, or in accordance with state law.

We verify the following information for all doctors:

- Work history
- Licensure and certification
- Minimum professional liability insurance
- Criminal history
- Member complaints
- Liability and malpractice claims
- Education and training (Initial Credentialing only)
- Questionnaire that validates provider ability to practice
- Medicare and Medicaid Sanctions

**f. State your ability and willingness to add providers at the County's request.**

We know your employees appreciate our network proven by your nearly 96% in-network utilization. \* With a broad, yet diverse offering, we make their lives easier with convenient locations and longer hours on nights and weekends. But we also know it's important to include those doctors that our members want to visit. That's why we welcome provider nominations.

And it's easy. Members simply have their eye care professional complete the online interest form on EyeMedInfocus.com (our provider website), or your benefit administrator can nominate a provider on the member's behalf through your EyeMed Account Management team. While we can't make any promises that they'll agree to join, we'll reach out to them and invite them onto our network.

\*Pinellas County Board of Commissioners Utilization Report, 2024

**g. Can members of the same family choose different providers?**

Yes. Each individual member can use their benefits where they want, when they want.

**h. Can a member obtain an exam from one provider and materials from another?**

Yes. Members may choose any provider, at any time, for any reason, as often as they like. They can even select one provider for their vision care exam and another provider for materials.

**i. Are any materials excluded?**

Although minor, we do have some exclusions. Our benefits don't include services or materials arising from:

- Medical or surgical treatment, services or supplies for the treatment of the eye, eyes or supporting structures
- Refraction, when not provided as part of a vision care examination
- Services provided as a result of any Workers Compensation law, or similar legislation, or required by any governmental agency or program whether federal, state or subdivisions thereof

### Implementation Team

Because we are already partners, a traditional implementation and designated Implementation Team won't be necessary. All of your administrative requirements are already in place, so you can just continue to send us your eligibility records, and we'll maintain the familiar administration that makes accessing benefits simple and fast.

Should there be any aspect of your benefit requiring assistance regarding its operation, your Account Manager, [REDACTED] will work with you to achieve success. [REDACTED] will partner with an Implementation Manager and other operational departments, if needed, to ensure that all requirements discussed during the are understood and implemented.

### Claims

We have 34 employees in our claims department, each with specific processing responsibilities and management oversight. Here's a quick breakdown of the department:

- 1 Senior Director
- 1 Senior Manager
- 3 Managers
- 1 Supervisor
- 3 Business Analysts
- 25 Senior Processors & Processors

You can be confident that all claim processors are thoroughly trained to handle all accounts. Supervisors must have at least 5 years' experience and maintain responsibility for billing, payment and claim audits.

#### **b. Identify the office(s) that will handle claims and payments.**

Our claims department is located in our headquarters in Mason, Ohio. We've been processing claims here since 1988.

**c. Describe your implementation process and provide a timeline.**

As mentioned above, because we are already partners, a traditional implementation won't be necessary. All of your administrative requirements are already in place, so you can just continue to send us your eligibility records, and we'll maintain the familiar administration that makes accessing benefits simple and fast.

But sometimes, we understand that change is necessary. Should there be any aspect of your benefit requiring assistance regarding its operation, let's work together to achieve success. We'll lay out all the necessary milestones and timing. No matter what, we strive to work in partnership, because we want to continue providing you the support you've come to expect from us.

**d. Our current plan offers exam and hardware benefits on a frequency basis of once each calendar year. Can you support this type of plan design? If not, how would you transition members.**

Yes. Just as we have in place for your benefits today, we have quoted the proposed plan on a frequency basis of once each calendar year.

**e. What data files do you require from the County and how often?**

To continue administering the County's vision benefit, we simply need an eligibility file. You can send us electronic eligibility data on a weekly basis. Weekly "add, change and delete" files are preferred. If you choose to send weekly "add, change and delete" files we recommend a full-file update once monthly to make sure we collect up-to-date information on all members.

Plus, eligibility updates can continue to be made through EyeManage. The updates typically occur within just a few minutes.

**f. Can employers access reports at your website? If so, what type of reports, e.g. claims lag report?**

Yes. With access to EyeManage, your plan administrator will have unlimited online access to reports, which include:

- Utilization reports
- Active and termed member rosters, including dependent data
- 17 months of invoice summary and supporting roster data

Claim lag reports are sent to you via email from your Account Manager.

**g. Can employees update enrollment information directly through the website?**

No. while employees cannot update enrollment information directly through the website, benefit administrators can through our client portal, EyeManage. EyeManage allows for real-time eligibility updates, typically processed within a few minutes. And to maintain data accuracy and consistency, we recommend always reflecting portal changes in your eligibility files.

We provide award-winning service Monday through Saturday from 8 am until 11 pm and on Sundays from 11 am until 8 pm EST. With extended hours, we've built our service model around your very busy lifestyle.

The Customer Care Center representatives are here to help 7 days a week, 362 days per year. We only close on Easter, Thanksgiving Day and Christmas. But even if your employees have a question when we're not in office, our IVR system, self-service website and convenient EyeMed member app ensure that they can get the help they need 24 hours a day, every day of the year.

**d. Do you have an automated voice response system? What information is available through this system? Does a member have an option to speak to a Customer Service Representative?**

Yes. The Interactive Voice Response (IVR) system serves as an important tool for both members and providers. In fact, because of its robust service capabilities, more than 45% of all calls are handled completely within the IVR, negating the need to speak to a live representative. With 24-hour service availability, questions and needs can be answered around the clock through the IVR. The IVR structure features many self-service functions including:

**For Members**

- Natural language design
- Speech recognition
- Benefit-level playback
- Provider locator

Plus, online chat is available before the login to our website to help members log in. We also offer a chat to text feature when calling the Customer Care Center. Members can follow a few prompts to initiate a chat with a representative via text.

In other words, we understand that simplicity works. All a member needs to know about their vision benefits will be right at their fingertips - which is just another way we're working to be the vision plan you appreciate most.

**f. Can a network listing with locations and services offered at each location be supplied to participants?**

They can visit [eyemed.com](http://eyemed.com) or download the EyeMed App for iPhone and Android to access our enhanced provider locator. # EyeMed Response to Scope of Work

**A separate written narrative describing the methods and/or manner in which the Proposer proposes to satisfy the requirements of the Scope of Work.**

Confirmed. Please see below for our response to each requirement in the Scope of Work. Even though we offer minor exceptions and/or clarifications, you should know that they are very minimal and in no way affect our ability to continue administering your benefits.

**A separate proposed Statement of Work (Proposer's Statement of Work) that enumerates and defines the work/services that Proposer will provide to the County to complete the Scope of Work in this RFP, including each task, deliverable, and/or goods or products comprising the services Proposer will provide, as well as a proposed completion schedule for each task or deliverable, if applicable. The Proposer's Statement of Work shall be in a form that can be incorporated into the Agreement as an Exhibit at the County's option.**

Confirmed. Please see below for our response to each requirement in the Scope of Work.

**The selected firm shall:**

- a. **Provide a vision care plan to participants retired from or employed by the County and their eligible dependents.**

Confirmed. All employees and identified dependents on your eligibility file will receive vision care services. We defer to you to monitor eligibility status.

- b. **The Plan care must be from a network of vision care professionals comprised of optometrists, opticians, ophthalmologists, and dispensing facilities.**

Confirmed. Our network offers the right mix of independent locations, and the most-desired national and regional retail locations comprised of optometrists, opticians and ophthalmologists. We ensure your employees have the choice and convenience they expect, plus great access – no wonder nearly 96% of the County's members choose to visit an in-network provider.\*

Our members can easily get a vision care exam and materials in the same location, as nearly 100% of our providers provide both. We require network providers, with very few exceptions when necessary to ensure access to care, to have full-service capabilities. Providers without dispensing capabilities must be located within the same facility as a dispensing location to ensure all members can obtain materials easily. If a member obtains a vision care exam from a non-dispensing location, he or she can take the prescription for eyewear to any network provider with dispensing capabilities.

\*Pinellas County Board of Commissioners Utilization Report, 2024

- c. **The Plan shall allow participants to receive discounts on products and services, including, but not limited to, eyeglass examinations, contact lens examinations, frames, lenses, and replacement contact lenses.**

Confirmed. Eyeglass examinations, contact lens examinations, frames and lenses are covered with set copays and allowances on the proposed plan. But we're committed to keeping money in our members' pockets. That's why we also offer our members additional discounts above the proposed benefits, such as:<sup>1</sup>

- 40% off unlimited additional complete pairs of prescription glasses at any location, any time throughout the benefit year – largest and most flexible additional pairs discount in the industry
- Up to 34% off popular lens options not covered by the benefit
- Up to 30% savings on a standard fit and follow-up on qualifying networks
- 15% off retail or 5% off the promotional price of LASIK from LCA Vision or for even greater savings, members receive up to \$1,000 off at over 120 LasikPlus, TLC and LVI locations nationwide
- 20% off any remaining balance over the frame allowance
- 15% off any balance over the conventional contact lens allowance
- 20% off any item not covered by the benefit, including non-prescription sunglasses
- Up to 66% off hearing aids, an extended warranty and free batteries through Amplifon

To help your employees get even more out of their vision benefit, we have a Special Offers page on our Member Portal at [eyemed.com](http://eyemed.com) where members can easily find discounts on frames, contacts, eye exams and more directly from manufacturers and providers. Some can even be combined with your vision benefit. Offers change periodically, but here's a sampling of the current specials:<sup>2</sup>

<sup>1</sup> Discounts are not insured benefits

<sup>2</sup> Offers not valid in the State of Texas

**d. Provide a fully insured Vision Insurance option that includes the following benefits: eye exam, lenses, frames, and contacts.**

Confirmed with clarification. As stated in a response in Addendum No. 2, we quoted an ASO plan to match the current plan in place today. And as partners with the County today, this is the funding arrangement already in place. The proposed plan includes coverage for the following services and materials:

### Exam

Members receive a routine, vision care exam under our benefits for the cost of their applicable copay. This service can help spot the early signs of other serious health conditions like diabetes, high blood pressure and high cholesterol.

### Frames

Using their frame allowance, members can select any frame. Our benefit designs are based on member choice, providing access to any available frame, including top brands and the latest styles and colors rather than limiting members to a frame tower or formulary.

### Lenses & Options

Members have access to an extensive catalog of lenses and lens add-ons, available from a variety of leading manufacturers. EyeMed members pay only the base lens copay plus the discounted cost of any lens options. Some examples include polycarbonate, UV coating, tint, scratch-resistance and anti-reflective coatings.

### Contact Lenses

Our contact lens benefit includes separate coverage for the fit & follow-up exam and for contact lens materials. Members use their allowance to purchase the type and brand of contact lenses they prefer without being required to choose from formularies or limiting manufacturer lists. Additionally, a paid-in-full option is available for medically necessary contacts.

### LASIK

Members can receive a one-time allowance of up to \$1,125 on LASIK. And what's even better is that this benefit enhancement can be used at both in-network and out-of-network locations.

Plus, we offer our members a discount on LASIK at no additional cost. Members receive 15% off the retail price or 5% off the promotional price of LASIK surgery.\* For even greater savings, members receive \$1,000 off (\$500 per eye) at over 120 LasikPlus, TLC and LVI locations nationwide.

\*Discounts are not insured benefits

- e. Please outline all your applicable fees in the charts below that you propose for a self-funded managed vision plan. The current administrative service fee is \$0.27 per employee per month. Include your proposed administrative service fee utilizing approximately 5,000 subscribers.**

Confirmed. While no charts have been provided below, additional fees are not applicable. With EyeMed there are no hidden costs; everything we do is included in the proposed rates.

Our proposed administrative service fee is \$0.27 per employee per month. We've also included the financial information requested in the Fee Schedule (**Item 2** within Tab 4 – Compensation).

- f. Provide a network of vision care professionals and dispensing facilities that are geographically accessible to participants.**

Confirmed. Our network provides diverse, convenient access throughout the country. With tens of thousands of providers spread across all 50 states, there are currently no significant gaps in our network. In fact, on our Insight network, [REDACTED] of Americans in rural locations have access to 1 doctor within 20 miles. And to further show our great access, we provided a GeoAccess report with the accepted industry standards for defining adequate provider access – the urban/suburban zip codes provided have [REDACTED] access to 2 providers in 10 miles and the rural zip codes provided have access to [REDACTED] access to 1 provider in 20 miles.\* See **Item 5** within Tab 1 – Proposed Benefits for the full Industry Standard GeoAccess Report.

Plus, our members can easily get a vision care exam and materials in the same location, as nearly 100% of our providers provide both. We require network providers, with very few exceptions when necessary to ensure access to care, to have full-service capabilities. Providers without dispensing capabilities must be located within the same facility as a dispensing location to ensure all members can obtain materials easily. If a member obtains a vision care exam from a non-dispensing location, he or she can take the prescription for eyewear to any network provider with dispensing capabilities.

\*EyeMed Insight Network, March 2025

- g. Provide a designated representative who is knowledgeable about all aspects of the Plan and related services listed herein and is always accessible by phone or email during regular working hours to address emergency and non-emergency issues.**

Confirmed. Your designated Account Manager, [REDACTED], will continue to be your day-to-day contact and is knowledgeable on all aspects of your plan. Whether you give us a call or send an email, [REDACTED] will be ready to respond within 1 business day or sooner. She is well-equipped to address emergency and non-emergency issues.

- h. Provide services efficiently, accurately, and responsively.**

Confirmed. From booking an appointment to receiving materials, members will receive services efficiently, accurately and responsively.

### **Appointments**

The turnaround time on scheduling and receiving an appointment will vary by provider. However, all network providers are contractually obligated to maintain responsible business hours. All providers comply with federal or state laws regarding the scheduling of appointment times and we require them to schedule appointments within 2 weeks of the original date requested by the member. Many providers reserve daily appointment times for walk-ins or urgent requests.

What's more, several of our providers and retail locations have extended office hours, including evening and weekend, to work with our members' busy schedules. In fact, research shows that 25% of eye care transactions occur on the weekend, so these offices deliver more availability than those only open Monday through Friday. Our members can easily find a provider online 24/7 that meets their needs, including filtering by evening and weekend hours or scheduling an appointment directly on our Provider Locator.

### **Glasses**

Our providers have a choice of labs throughout the country that average a turnaround time of 4-7 days from the time the order is received and some even have onsite labs for same-day service.

### **Contact Lenses**

Contact lens turnaround time varies by provider, but some may have them available immediately. Others may need just 5-7 days to deliver them to the member.

- i. Manage network providers and resolve provider-participant issues within three (3) working days.**

Not confirmed. We commit to the following standards around issue resolution:

- Complaints/Appeals: 98% of all written complaints will be acknowledged in writing within 3 business days of mail/fax receipt by the EyeMed Provider Relations Department
- Grievance Resolution: 98% complaint resolution within 30 days

We're offering fees at risk for each standard above to further demonstrate our dedication to you.

- j. Provide monthly insurance self-billing information securely online to the HR Employee Benefits Division.**

Confirmed. We can set up a self-bill arrangement through the following process:

## CONFIDENTIAL/PROPRIETARY

- Client submits a count and tier summary reconciliation file along with each payment - it must include payment coverage month and group/subgroup ID
- Payments should take all tiers and fees into account and be delivered to us by the end of each calendar month
- Client submits a full-file eligibility to us each month before payment is calculated and disbursed

With access to our client portal, EyeManage, your benefit administrators will have secure, online access to easily view your invoices. Plus, you'll continue to see 17 months of invoice summary and supporting roster data.

**k. Provide participants with a vision card which will identify the participant as being eligible for discounts throughout a network of vision care professionals.**

Confirmed. Newly enrolled employees will receive our full color, customized Welcome Packet with up to 2 personalized ID cards. ID cards are issued in the primary subscriber's name but may be used by any covered family member. For subscribers with dependents, a personalized QR code that opens a downloadable PDF listing up to 6 additional dependent ID cards is included in the Welcome Packet. And while members have ranked our Welcome Packet and ID card as the most valuable source of benefit information, we don't require the card to access network services. With member name and date of birth, our doctors can verify eligibility and provide services.

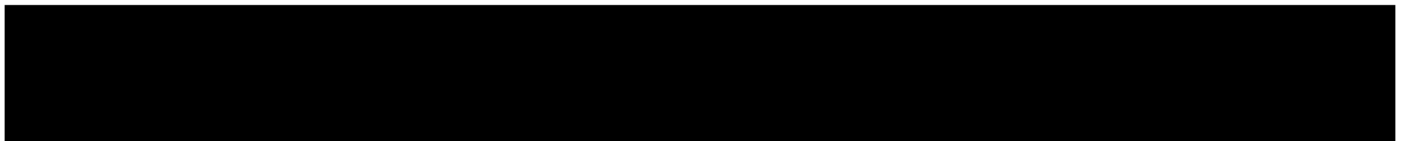

As partners today, because new ID cards typically indicate a new carrier, we've found it's best not to provide new ID cards each year to avoid confusion. Members can always access a copy of their ID card at any time through our member web or mobile app. By logging into the app, members can easily view their ID card and have it available when they visit their provider.

**l. Mail vision cards and Plan information to Participant's home addresses within ten (10) business days of receiving enrollment information.**

Confirmed. We're even offering the following performance guarantee with fees at risk to highlight our continued commitment: 100% of Welcome Packets distributed within 10 business days of receipt of clean membership data (excludes cards requiring translation).

**m. Enroll active employees during Open Enrollment with an effective date of January 1st to an annual membership; active employees starting throughout the year to a prorated annual membership beginning with the 1st of the month following their hire date, terminated employees the ability to enroll in policies through COBRA via direct bill.**

Confirmed with clarification. Annual open enrollment is the time to sign-up for voluntary coverage. Employees who enroll during open enrollment will be set up and ready to go for the effective date of January 1<sup>st</sup>. We ask that employees remain on the plan throughout the year unless their eligibility is lost due to termination or another qualifying event. Employees who did not previously elect vision coverage can do so during the next open enrollment period or under a qualifying event. Employees who start and enroll at any point during the year will only be billed their monthly premium, eliminating the need to pay for the entire year upfront.

- n. COBRA coverage for vision coverage is to be offered mandatorily if the employee or employee and dependents were participating in the Plan up to the day before separation. All COBRA maintenance (enrollment, billing, and -collection of premiums) will be handled through the insurance company, not the County. All proposals submitted must include COBRA coverage maintained and administered by the insurance company and/or a third-party representative of the insurance company.

- o. Provide vision communications and education information that is simple for enrollees to access, clearly written and easily understood. Provide resolution to issues promptly and thoroughly.

Members who understand their benefits are more likely to value and use them. That's why we provide newly enrolled employees with:

- **Benefit Summary:** An introduction to EyeMed and a detailed outline of their vision benefits (distributed during open enrollment).
- **Welcome Packet:** A customized packet with up to 2 vision benefit ID cards, member benefit details, a listing of providers near them and additional information about how to use their vision benefit.
- **Explanation of Benefits:** An easy-to-understand description of copays, charges and reimbursements (if out-of-network benefits are used) from their most recent visit to their eye doctor.
- **Eye Exam Reminders:** Annual eye exam reminders for members identified as having high-risk vision-related conditions.
- **Email Blasts:** Quarterly eNewsletter featuring wellness articles, special offers and more sent to those who opt-in through their communications preferences after registering for an account on Member Web.
- **Text Alerts:** Optional monthly text messages from EyeMed with vision health and wellness information, tips to maximize their benefits and special offers.
- **Member Web:** Online portal to view benefit details, find a provider, get special offers, view claims, use our cost estimator tool and much more.

We also offer content packs with materials that you can share with your employees during and after your open enrollment period. These materials, which can be requested from your Account Manager, include information about the different features that are part of the EyeMed benefit such as network overviews, special offers updates, Know Before You Go instructions, Vision Abroad summary, Member Web how-to

guide, EyeMed Member App how-to guide, wellness articles, and so much more. Even more shareable materials on vision health, trends and more are available at EyeSiteOnWellness.com.

We're committed to providing members resolution to issues promptly and thoroughly. Members with complaints or inquiries should initially contact our Customer Care Center where our team is available 7 days a week to answer their questions. Our representatives are thoroughly trained in issue resolution for every type of call. And what's even better is that 99% of the time inquiries are resolved during this first call. If the representative cannot resolve the issue, our Escalation team within the Customer Care Center is available to help. On rare occasions where further support is needed, our representatives have a process to get the complaint to our Quality Assurance department.

Within 3 business days, members will receive written confirmation of receipt. For complaints dealing with clinical care, our Medical Director reviews and researches the issue. A resolution, acknowledged in writing, will be reached within 30 calendar days or less.

In 2024, EyeMed received only 5,236 member complaints from over 30 million claims - equating to less than 0.01%.

- p. Provide a toll-free number customer service line with representatives who speak English, Spanish, and Vietnamese available at least 10 hours per day to Vision Insurance Enrollees who want to speak with a thoroughly knowledgeable customer service representative (not a recording) regarding specific details of the Vision Insurance plan, claims, or identification of network providers.**

Confirmed with clarification. At no cost, we'll continue to provide a toll-free number for your employees to contact our Customer Care Center for open enrollment and ongoing customer service. Our Customer Care Center offers extended hours opened from 8 am to 11 pm Monday through Saturday and 11 am to 8 pm EST on Sunday.

In order to provide fast and comfortable service to everyone, we employ English and Spanish-speaking representatives in our Customer Care Center, and we offer interpretation services in 170 languages, including Vietnamese. No matter what language our members speak, we're here to make sure they get the most out of their vision benefit.

Recognized as a "Certified Center of Excellence" for 15 years in a row by BenchmarkPortal,\* we pride ourselves on providing members and clients access to the industry's best vision care customer service. With our award-winning staff, our extended service hours, interactive phone system, mobile chat and self-service website, we are able to address important questions within seconds, ensuring that your member and client experiences are second to none. This includes questions on specific details of the County's vision plan, claims, identification of network providers and more.

While our Interactive Voice Response (IVR) system initially answers all calls (and more than 45% of all calls are handled completely within the IVR), if the member is unable to get self-service resolution in the IVR, the call will be transferred to a live representative.

\*Awarded by BenchmarkPortal as "Certified Center of Excellence" 2009-2024

- q. **Perform all claims processing functions, including verification of enrollment, determination of benefit coverage, application of appropriate provider reimbursement, creation and mailing of Explanation of Benefits for all paid and denied claims, timely payment, and storage of claims information for easy viewing access by customer service representatives.**

Confirmed. Our Claims System is a fully integrated, cross functional, core administration platform consisting of modules which integrate client, member, provider, benefits, claims, billing and case management. Facets contains both an interactive user interface for EyeMed users as well as a batch utility which enable flexible and extensive rules to manage multiple lines of business within a single platform. This system processes claims from submission all the way to payment.

The system supports a multifaceted approach to claims processing and includes claims from independent providers, retailers and EssilorLuxottica's corporate-owned national retail chains. We administer claims for clients in both ASO and fully insured arrangements and support a large portfolio of plan designs. Regular performance and maintenance modifications are also performed to ensure the stability of the system and new updates applied.

The Customer Care Center also uses fully integrated customer service desktop tools, meaning representatives have access to all plan benefits, claims, member information and provider information.

- r. **Offer well-defined complaint and appeal procedures to Vision Insurance Enrollees who are dissatisfied with a claim denial or have a complaint of any kind concerning Vision Insurance.**

Confirmed. We're always sorry to hear that a member has a complaint, but even more so, we are always confident that we can take care of it. As mentioned above, members with complaints or inquiries should initially contact our Customer Care Center where our team is available 7 days a week to answer their questions. Our representatives are thoroughly trained in issue resolution for every type of call. And, what's even better is that 99% of the time inquiries are resolved during this first call. If the representative cannot resolve the issue, our Escalation team within the Customer Care Center is available to help. On rare occasions where further support is needed, our representatives have a process to get the complaint to our Quality Assurance department.

In 2024, EyeMed received only 5,236 member complaints from over 30 million claims - equating to less than 0.01%.

- 3 If you stay in-network, simply pay your exam copay (if you have one) and we'll take it from there. No claim to file. No hassles.
- 4 Enjoy members-only discounts available on [eyemed.com](http://eyemed.com) or on the mobile app.

## Schedule your eye exam

Go to [eyemed.com](http://eyemed.com) or download the EyeMed Members App (App Store or Google Play) to find an eye doctor and make an appointment. Easy.

**5. Cooperative Use of Contract By Other Government Agencies**

CONTRACTOR agrees to make available to any Florida Government Agency the pricing and terms and conditions of this Agreement. The COUNTY is not responsible for any disputes arising out of transactions made by others.

**6. Force Majeure**

Neither Party is responsible for a delay resulting from its failure to perform if neither the fault nor the negligence of the Party or its employees or agents contributed to the delay, and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, pandemics, or other similar cause wholly beyond the Party's control. In case of any delay the CONTRACTOR believes is excusable under this provision, the CONTRACTOR will notify the COUNTY in writing of the delay or potential delay and describe the cause of the delay either: 1) within ten (10) days after the cause that creates or will create the delay first arose, if the CONTRACTOR could not reasonably foresee that a delay could occur as a result; or, 2) if delay is not reasonably foreseeable, within five (5) days after the date the CONTRACTOR first had reason to believe that a delay could result. THE FOREGOING CONSTITUTES THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, will be asserted against the COUNTY. The CONTRACTOR will not be entitled to an increase in the Contract price or payment of any kind from the COUNTY for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the CONTRACTOR will perform at no increased cost. Notwithstanding the above, if the COUNTY determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the COUNTY, the COUNTY may accept allocated performance or deliveries from the CONTRACTOR, provided that the CONTRACTOR grants preferential treatment to the COUNTY with respect to products subjected to allocation; or may purchase from other sources (without recourse to and by the CONTRACTOR for the related costs and expenses) to replace all or part of the Products or Services that are subject of the delay, which purchases may be deducted from the Agreement quantity; or may terminate the Agreement in whole or in part.

No services will be performed by the CONTRACTOR and the COUNTY will not incur any obligations of any type until CONTRACTOR satisfies these conditions. Unless waived in writing by the COUNTY, in the event the CONTRACTOR fails to satisfy the conditions precedent within the time required, the Agreement will be deemed not to have been entered into and will be null and void.

The Parties agree that all actions or proceedings arising in connection with this Agreement will be tried and litigated exclusively in the appropriate court located in or for Pinellas County, Florida. COMMISSIONERS IN MATTERS OF INVOICE PAYMENTS:**

Payment of invoices for work performed for Pinellas COUNTY Board of COUNTY Commissioners (COUNTY) is made, by standard, in arrears in accordance with Section 218.70, et. seq., Florida Statutes, the Local Government Prompt Payment Act.

If a dispute should arise as a result of non. payment of a payment request or invoice the following Dispute Resolution process will apply:

- A. Pinellas COUNTY will notify a vendor in writing within 10 days of receipt of an improper invoice. The notice will indicate what steps the vendor should undertake to correct the invoice and resubmit a proper invoice to the COUNTY. Such steps should include requiring the vendor to contact the requesting department to validate the invoice and receive a sign off from that entity that would indicate that the invoice in question is in compliance with the terms and conditions of the Agreement, and then resubmitting the invoice as a "Corrected Invoice" to the requesting department to initiate the payment timeline.
  1. Requesting department for this purpose is defined as the COUNTY department for which the work is performed or to which goods are provided.
  2. Proper invoice for this purpose is defined as an invoice submitted for work performed that meets prior agreed upon terms or conditions to the satisfaction of Pinellas COUNTY.

The Dispute Manager should investigate and ascertain that the work, for which the payment request or invoice has been submitted, was performed to Pinellas COUNTY's satisfaction and duly accepted by the Proper Authority. Proper Authority for this purpose is defined as the Pinellas COUNTY representative who is designated as the approving authority for the work performed in the contractual document. The Dispute Manager will perform the required investigation and arrive at a solution before or at the 45-day timeframe for resolution of the dispute, per section 218.76, Florida Statutes. The COUNTY Administrator or his or her designee will be the final arbiter in resolving the issue before it becomes a legal matter. #### **A. Americans with Disabilities Act (ADA) Digital Accessibility Compliance**

All public-facing digital content and services produced, modified, hosted, or otherwise provided pursuant to the agreement—including but not limited to audiovisual content, documents, websites, web applications, mobile apps, software, kiosks, and other technology-based Products and Services—must comply with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, and must be in conformance with requirements defined in the following standards: The Information and Communication Technology (ICT) Standards and Guidelines; the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA; or such guidelines as may be subsequently adopted by the Department of Justice (DOJ) for compliance with the ADA. If guidelines are formally adopted by DOJ, those guidelines will be used as the standard for compliance regardless of whether they are more or less stringent than WCAG 2.1 AA.

COUNTY will notify CONTRACTOR in writing if it identifies an issue that renders the product inaccessible (the "Accessibility Issue"). Within 30 days of such notice, CONTRACTOR and COUNTY will meet and agree upon an appropriate and commercially reasonable timeline for resolution of the Accessibility Issue(s) ("Initial Meeting").

Should any of the following conditions occur, it will constitute a material breach of the Agreement by CONTRACTOR and will be grounds for termination by COUNTY:

1. CONTRACTOR fails to acknowledge receipt of the notice and fails to meet within 30 days of receipt of the Notice;
2. CONTRACTOR unreasonably and solely withholds agreement regarding a timeline for resolution; or
3. CONTRACTOR fails to materially resolve the Accessibility Issue(s) within the agreed-upon timeline.

**B. Software Updates**

At no additional charge to the COUNTY, the CONTRACTOR will provide all necessary updates to the software to comport with the purpose of this Agreement and to comply with legislative changes. "Update" means any published changes, additions or corrections to the Software that primarily include a minor modification or enhancement to the Software related to a bug fix, minor additional functionality or legislative changes that CONTRACTOR makes generally available to its customers. COUNTY will notify CONTRACTOR as soon as possible of any necessary changes to the functionality of the software to comply with legislative changes.

**20. ACQUISITION OF GOODS OR PRODUCTS**

***The terms under this section are applicable if the Agreement includes the acquisition of GOODS or PRODUCTS:***

**A. Additional Quantities**

For a period not exceeding ninety (90) days from the date of solicitation award, the COUNTY reserves the right to acquire additional quantities of the Product up to the amount shown in the Agreement, not to exceed double the initial agreed upon order, at the Agreement prices.

**B. Best Pricing Offer**

During the term of the Agreement, if the COUNTY becomes aware of better pricing offered by the CONTRACTOR for substantially the same or a smaller quantity of a Product outside the Agreement, but upon the same or similar terms of the Agreement, then the CONTRACTOR will extend the lower pricing to the COUNTY or the COUNTY may purchase that item for the lower price from another provider. The COUNTY will provide proof that the lower price is offered by another provider when requesting that the CONTRACTOR reduce its prices. If the CONTRACTOR lowers their pricing during the term of the Agreement, the CONTRACTOR will automatically furnish the lower price to the COUNTY without prompting.

**C. Discounts**

If the Agreement is for Products to be ordered more than once, CONTRACTOR agrees to negotiate reasonable quantity discounts for one-time delivery of large single orders of Products under the Agreement, such discounts being not less than 5% and not more than 25% of the contracted per-unit price for the Products. A large single order is an order that is at least 25% more than the average of the prior 6 orders, or, if the number of orders is less than 6, then such volume as agreed by the Parties to be a large order. The COUNTY may seek to negotiate additional price concessions on quantity purchases of any Products offered under the Contract.

Delay in receiving an invoice, invoicing for products shipped ahead of specified schedule, or invoices rendered with errors or omissions will be considered just cause for COUNTY to withhold payment without losing discount privileges. Discount privilege will apply from date of scheduled delivery, the date of receipt of goods, or the date of approved invoice, whichever is later.

### **F. Variation in Quantity**

County assumes no liability for products produced, processed or shipped in excess of the amounts ordered pursuant to the terms of the Agreement or associated Purchase Order.

### **G. Product Versions & Equivalents**

Each purchase will be deemed to reference a manufacturer's most recently released model or version of the product at the time of the order, unless the COUNTY specifically requests in writing an earlier model or version and the contractor is willing to provide such model or version. Unless otherwise specified, any manufacturers' names, trade names, brand names, information or catalog numbers listed in a specification or purchase order are descriptive, not restrictive. With the COUNTY's prior written approval, the CONTRACTOR may provide any product that meets or exceeds the applicable specifications. The CONTRACTOR will demonstrate comparability through such means as appropriate catalog materials, literature, specifications, or test data. The COUNTY will determine in its sole discretion whether a Product is acceptable as an equivalent.

### **H. Safety Standards**

All manufactured items and fabricated assemblies subject to operation under pressure, operation by connection to an electric source, or operation involving connection to a manufactured, natural, or LP gas source will be constructed and approved in a manner acceptable to the appropriate State Inspector. In addition, all Products furnished will meet all applicable requirements of the Occupational Safety and Health Act (OSHA) and State and Federal Requirements relating to clean air and water pollution.

The COUNTY reserves the right to inspect, at any reasonable time with prior notice, the equipment, product, plant, or applicable facilities of a CONTRACTOR to assess conformity with the Agreement requirements and to determine whether they are adequate and suitable for proper and effective Agreement performance.

Unless otherwise specified, prices will include all charges for packing, handling, freight, distribution, and inside delivery. Transportation of goods will be free on board (FOB) Destination to any point within thirty (30) days after the COUNTY places an order. CONTRACTOR, within five (5) days after receiving a purchase order, will notify the COUNTY of any potential delivery delays. Where installation is required, CONTRACTOR will be responsible for placing and installing the product in the required locations at no additional charge, unless otherwise designated in the Agreement or on the purchase order. CONTRACTOR's authorized product and price list will clearly and separately identify any additional installation charges. All materials used in the installation will be of good quality and will be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. COMMISSIONERS IN MATTERS OF INVOICE PAYMENTS:**

Payment of invoices for work performed for Pinellas COUNTY Board of COUNTY Commissioners (COUNTY) is made, by standard, in arrears in accordance with Section 218.70, et. seq., Florida Statutes, the Local Government Prompt Payment Act.

If a dispute should arise as a result of non. payment of a payment request or invoice the following Dispute Resolution process will apply:

- A. Pinellas COUNTY will notify a vendor in writing within 10 days of receipt of an improper invoice. The notice will indicate what steps the vendor should undertake to correct the invoice and resubmit a proper invoice to the COUNTY. Such steps should include requiring the vendor to contact the requesting department to validate the invoice and receive a sign off from that entity that would indicate that the invoice in question is in compliance with the terms and conditions of the Agreement, and then resubmitting the invoice as a "Corrected Invoice" to the requesting department to initiate the payment timeline.
  1. Requesting department for this purpose is defined as the COUNTY department for which the work is performed or to which goods are provided.
  2. Proper invoice for this purpose is defined as an invoice submitted for work performed that meets prior agreed upon terms or conditions to the satisfaction of Pinellas COUNTY.

Should a dispute result between the vendor and the COUNTY about payment of a payment request or an invoice then the vendor should submit their dissatisfaction in writing to the Requesting Department. Each Requesting Department will assign a representative who will act as a "Dispute Manager" to resolve the issue at departmental level.
- C. The Dispute Manager will first initiate procedures to investigate the dispute and document the steps taken to resolve the issue in accordance with section 218.76 Florida Statutes. Such procedures must be commenced no later than 30 days after the date on which the payment request or invoice was received by Pinellas COUNTY and will not extend beyond 45 days after the date on which the payment request or invoice was received by Pinellas COUNTY.
