Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is for the approval of the funding agreement between Pinellas County and the City of Tarpon Springs toward the construction of a new fire station. The city has presented to the County a need for a new fire station to replace the existing Fire Station 70, which is past its serviceable and safe useful life. The request for funding is \$640,257.78 in FY27 to pay for the Project in accordance with this Agreement. The County agrees to fund its proportionate share of 9.34% in FY27.

County Funds may be used by City for the following to include, but not limited to, land acquisition, engineering, site preparation, design, construction, and associated costs directly related to the Project. The term of this Agreement shall commence on date approved and signed by the County and shall end on September 30, 2027.

Funding for \$640,257.78 will be derived from the millage rate levied on the City of Tarpon Springs fire district property owners and will be included in the FY27 Budget Request. Funding for this depends on approval during the annual County Operating Budget. No funds shall be paid prior to the start of FY 2027.
