Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

Human Services is requesting the approval and execution by the County Administrator of the first Amendment (Amendment) to include Care Connect funding and update the scope of the agreement with Operation PAR, Inc. (Operation PAR) for adult inpatient withdrawal management services (formerly referred to as detox treatment).

- The amendment adds funding for Care Connect, an electronic information-exchange platform that enables secure clinical and administrative data sharing among participating agencies, supporting more effective care coordination and referrals. It also updates the service terminology used in the Agreement by replacing all references to “Detoxification” or “Detox” with the more client-centered, non-stigmatizing term “Withdrawal Management Services” to reflect a more compassionate and comprehensive approach.
- Care Connect was previously funded under a separate agreement under file number 23-1035D, which expires on September 30, 2026. This amendment consolidates the funds previously allocated to that agreement into the current Withdrawal Management Services Inpatient agreement.
- In 2016, the Board of County Commissioners approved a decision package to fund an innovative electronic health record solution for local behavioral health and community service agencies, and over the past ten years the referral system has supported greater collaboration and efficiency through the use of Care Connect.
- Funding in an amount not to exceed \$9,540.00 for Care Connect has been identified in the Human Services proposed FY27 General Fund appropriation. The original Agreement is an amount not to exceed \$214,987.50, and with the addition of funding for Care Connect, this amendment increases the FY27 not to exceed amount to \$224,527.50.
- Funding for this amendment is included in the FY27 proposed budget for Human Services withing the General Fund. Funding for future years is dependent on approval in the annual County Operating Budget.
- Contract No. 22-0101-P(DG) with the total not-to-exceed amount of \$9,158,372.76, effective through September 30, 2027, with no fiscal impact. Funding for this fiscal year 2027 will be derived from City/County Opioid Settlement Funds.

Fiscal Impact:

Funding in an amount not to exceed \$9,540.00 for Care Connect has been identified in the Human Services proposed Fiscal Year 2027 General Fund appropriation. The original Agreement totals \$214,987.50 for FY26, and with the addition of funding for Care Connect this amendment increases FY27 not to exceed amount to \$224,527.50.

Funding for this amendment is included in the FY27 proposed budget for Human Services withing the General Fund. Funding for future years is dependent on approval in the annual County Operating Budget

The agreement has a fiscal non-funding clause, should this portion of the budget not be approved.
