my child is severe deaf and reads lips to communicate with others. For safety & education, I plead to have the mask mandate lifted. My 9 yr old son has had his education compromised because ~~the~~ he cannot see hear through the masks. Even with face shields, voices are muffled. Socially at school he has been majorly impacted by having limited comm. with other children. For safety, we have to yell and put our masks down when given instruction crossing the street, field trips and group lessons, not to mention places such as theme parks and nature centers.
