Mr Williams,

This will serve as the proposal for the soccer fields located in Largo at the SJWAA complex. The breakdown of the scope of work and pricing is as follows.

Field #1

Shoot grades to identify low spots that hold water. We have already done this. We have come up with approximately 10,550 SF of low lying areas. The areas will be regraded with clean fill, we will mark all sprinkler heads, supply and install Celebration Sod in the areas that were affected. Any sprinkler repairs will be done by others, Central Florida Contractors will not be responsible.

The price this field will be \$ 21,000.00

Field #2

The scope of work is the same as Field #1. The area affected on Field #2 is approximately 14,600 SF.

The price for this field will be \$ 29,000.00

Total cost for both fields is \$ 50,000.00
