Date/Time/Comments: 05/26/2017 Interlocal agreement with FDOT for County to subordinate rights to two easements to FDOT. Easements are needed for Gateway project. Agreement is PE to PE and has no 768.28 or indemnification language. Because we are subordinating our rights to another PE there is no requirement of insurance.

NOTES: This action allows for certain easement rights now owned by the County to be subordinated to the rights of FDOT. The subordination of interests are in support of the Board of County Commissioner's approval of the Local Funding Interlocal Agreement (LFA) for the Gateway Expressway Project on August 9, 2016. The LFA included acquisition of parcels owned by the County, resulting in a need to subordinate the easements rights of those parcels to the FDOT.
