Topic Adding a Rural Residential Category to the County-wide Planning Process

BCC Agenda Date 8-11-2020

Your Stand on the Issue Support

Comments
As president of WK Preservation Group, I have been asked to convey to the County Commissioners our desire to ensure that the overall County Planning process seriously prioritizes the preservation of rural lands and undeveloped sites for future generations. Inclusion of the category of "Rural Residential" into the classification criteria is a step to ensure that local governments and developers honor the interests of all citizens, and that the county planning authorities can properly represent all of Pinellas County's citizens in critical land use decisions.
