As more fully described in the attached resume, I have been involved in transportation my entire life. I am very passionate about transit, transportation and infrastructure issues that affect our community, particularly its impact on the less fortunate. I am grateful for the opportunities I have had and believe my background as an LCB member since 2010, a 35 year owner/operator of a private sector passenger/bus transportation entity with extensive industry board experience, including at a global level, and the past 6 years of PSTA board experiences provides me a unique perspective to continue applying to the PSTA in terms of policy, operations, finance, and equipment. I have enjoyed the past 6 years on the PSTA board and would like to continue for another term if it pleases the BOCC.

With more than 35 years of Public Relations experience, coupled with service to my community as an elected official in municipal government and a member of the countywide board responsible for all transportation and land use planning, I offer my clients a unique blend of expertise in developing awareness and consensus on issues affecting our community.

My ability to identify and communicate effectively with stakeholders, government officials, the media and the public creates buy-in at all levels of an issue. Clarity and consistency of message encourages strong grassroots support and accurate coverage by mainstream and social media outlets. These are critical building blocks toward achieving desired outcomes for my clients.

Key personal and professional relationships, built upon trust and integrity, provide access to decision-makers and enable me to communicate your message more efficiently and effectively.

What sets me apart are results. Cutting through the everyday noise and distractions and delivering impactful, consistent messaging through a variety of methods builds awareness. But the key to a successful campaign is turning that awareness into the action and support you need.

I look forward to meeting with you to discuss how we can work together to achieve your desired outcomes.

I have a Mechanical Engineering degree from Purdue University. I have 15 years of engineering experience, designing motors, welding equipment and firetrucks. I also have 8 years of public school teaching experience in Manatee and Pinellas County. I am very active in the Purdue Alumni Association locally and recently served on the national board of directors. Two years ago, I started volunteering with Gulf Coast Jewish Family and Community Services working with refugee families. Through this experience, I have recognized what an important role public transportation has in the life of recent arrivals, and I feel like I would be a good advocate for their needs.
