**Date/Time/Comments:** 12/16/2016 Amendment allows funding to be directed to reconnect Pinellas County Health Program clients to Primary care following inpatient services. Amendment also provides a 5% increase in funding. Copy of original agreement with Operation Par is attached.

**NOTES:** This current Agreement with Operation PAR supports personnel and operations costs for inpatient detoxification services for individuals dependent on drugs and/or alcohol. This Amendment revises the scope of services to allow Operation PAR to utilize funding to coordinate more closely with the Department of Health to identify, notify and reconnect Pinellas County Health Program (PCHP) clients to Primary Care following Adult Inpatient Detoxification Services. Additionally, the Agreement was identified during the budget process for a 5% increase to the base budget for the start of Fiscal Year (FY) 2017. These changes will expand the mental health and substance abuse services offered to PCHP clients as well as other Pinellas County citizens fighting addiction.
