Dear Commissioner Scott,

I am a Pinellas County resident writing on behalf of Best Friends Animal Society to offer our support of the proposed amendments to Pinellas County's animal ordinances.

Best Friends is a leading animal welfare organization dedicated to saving the lives of dogs and cats in America's shelters and making the entire country no-kill. Founded in 1984, Best Friends runs lifesaving facilities and programs nationwide in partnership with more than 5,500 shelters and rescue organizations, including many in Florida.

In particular, three of the proposed amendments provide important clarifications and protections to improve the health and safety of animals in Pinellas County, while putting in place valuable protections for consumers.

First, the amendments remove barriers for the public to help in managing and caring for community cats — defining the terms “feral cat colony caretaker” and “colony caregiver” in ways that protect and support the lifesaving activities encompassed in these roles. Additionally, by specifying that a “private animal nonprofit organization” is an organization that does TNVR, the cats of Pinellas County, and the people who care for and love them, will be better served.

Second, the proposed amendments found in Article II, Division I, Section 14-29 are commonsense additions to the code for improving the health and welfare of puppies sold in pet stores and for increasing consumer transparency. This section also improves definitions and parameters for how animals are housed, which is another positive advancement — especially with the updated housing standards

including hobby breeders. These improvements will keep puppies healthier, benefiting the pets and people in Pinellas County.

Finally, we support the proposed amendment to the hold times for pets during a disaster. The update creates a balance between the ability of pet owners to find and reclaim animals, while recognizing that shelters must be able to create positive outcomes for the pets in their care. These changes make positive outcomes for pets in shelters more likely by allowing pets to be adopted into homes or transferred into rescue groups, opening space for other cats and dogs in need.

We deeply appreciate all your work to improve the welfare of pets in Pinellas County. Please let me know if we can provide any assistance.

Thank you for your time,

Arin Greenwood

Dear Commissioners,

I urge you to vote YES on the proposed revisions to the Retail Pet Sale Ordinance (14-29) this Tuesday, December 16, 2025, at 6:00 PM.

The current standards are clearly not enough.

### **Evidence as to why these standards are needed:**

- **400+ Total Citations** have been issued to Pinellas retail pet stores, this year alone (per Jay McGill, PCAS Enforcement Manager). **Every single pet store received citations.**

**The Pet Dealer Permit for Blue Sky Puppies was recently REVOKED** by PCAS due to severe, ongoing violations:

- - Concealed Deaths: Blue Sky Puppies turned in dozens of deceased puppies for cremation over two years, failing to notify PCAS as required.

- Veterinary Farce (photo below): Certificates of Inspection were signed by vets declaring puppies ready for adoption—**even after those puppies had already died and been euthanized.**
- Hundreds more citations on record, including unsanitary and overcrowded conditions, unlicensed staff performing veterinary tasks, the store manager admitted that staff without veterinary degrees were diagnosing and treating the puppies, etc.

**Sunshine Puppies, amassed 98 total citations** (as of October) for appalling conditions, (all photos attached are Sunshine except the one in red talking about approving health certificates for dogs that have already been euthanized), including:

- Failure to provide adequate kennel space.
- Failure to isolate sick puppies.
- Diarrhea documented in kennels.
- Failure to keep pet food in rodent-free containers, and storing it near buckets of what appeared to be feces
- Rusty cages

### **Why We Must Adopt the Proposed Standards**

The proposed revisions are necessary to close loopholes and improve accountability:

- Increase formal, unannounced permit compliance inspections to twice annually.
- Require solid flooring in all kennels for improved welfare.
- Mandate electronic submission of Point of Sale (POS) forms, requiring certification that the breeder has NO significant USDA violations in the last three years.
- Implement a \$500 fine and immediate 7-day suspension for animal welfare violations.

**We must prioritize protecting our citizens and animal welfare over profit.** Please ensure the strongest possible ordinance is adopted and strictly enforced.

Finally, I want to express my sincere thanks to Director Renner and her staff for their professionalism, diligence in enforcing the law, and for the countless hours spent organizing the citations, photographs, and evidence that brought these issues to light.

Thank you all for your time and dedication to our county.
