<p><b>Comments:</b> 6/04/20 Approval and execution by the County Administrator of the Funding Agreements with Adoption Related Services of Pinellas (ARS-Pinellas) and University of South Florida - St. Petersburg Family Study Center (USF-St. Pete), Dr. James Lewis, and Amendment to Eckerd Connects Agreement. Reviewed Agreements and Staff Report. Similar Funding Agreement under 20-046D. Applied same insurance limits. Risk is moderate and limits reflect this.</p>				
<p><b>Notes:</b> Child-Parent Psychotherapy's central goal is to support and strengthen the caregiver-child relationship as a vehicle for restoring and protecting the child's mental health. Due to the essential need of Child-Parent Psychotherapy and the timeline for the project implementation, a non-competitive purchase order request form was approved through the Purchasing Department for ARS-Pinellas and USF-St. Pete. A Purchase Order will be initiated upon approval of this item. Dr. James Lewis' Funding Agreement provides consulting services to improve the overall services rendered to the children and establish strong evaluation measures. Dr. Lewis will assist with clinical training of providers, identifying appropriate services for the children, and aiding in administering a plan to measure effectiveness of the interventions utilized in the grant. The First Amendment to Eckerd's Agreement adds direct services to children involved in the Family Dependency Treatment Court and Early Childhood Courts.</p>				
<p>The U.S. Department of Justice offers the Opioid Affected Youth Initiative grant as a cooperative agreement that</p>

## Risk Review

requires coordination and technical assistance. Pinellas County has an Opioid Youth Task Force for project implementation and data collection. A cohort is established with six other grantees for information sharing that includes: Meramec Regional Planning Commission (St. James, Missouri); Yurok Tribe (Klamath, California); Michigan State Police (Dimondale, Michigan); City of Evansville (Evansville, Indiana); Boston Public Health Commission (Boston, Massachusetts); and Maryland Office of the Public Defender (Baltimore, MD).

Pinellas County has documented an increase in the number of Family Treatment Court participants whose primary, secondary, or tertiary drug-of-choice is a type of opiate or opioid. Over the last 12 months, 70% of total Dependency Drug Court parents identified opioids as one of the top three drugs of choice. These statistics illustrate the magnitude of the drug epidemic affecting families in Pinellas County. The grant will expedite referrals and ensure expansion of services to the children in the Family Dependency Treatment Court and Early Childhood Court. The goals of the grant is to serve at least 75 children with comprehensive services and treatment plans with at least 70% seeing improved family relationships and at least 70% exhibiting reduce trauma symptoms.
