

EXHIBIT N**LUMP SUM AMENDMENT AGREEMENT FORM**

Pursuant to Sections 3B and 5A of the Design Build Agreement, dated 8 OCTOBER 2019, between Pinellas County, Florida ("Owner") and "Design Builder"), for the design and construction of the ("Project"), Owner and Design Builder establish the Lump Sum Price and Contract Time for all the Work as set forth below:

ARTICLE 1**SCOPE OF WORK**

The scope of the Work consists of the design and construction of the Project in accordance with the Agreement, this Amendment and other Contract Documents listed as Attachments 1 through 6 below, which are hereby incorporated into and made a part of the Amendment by this reference:

Attachment Number	Description	Pages	Dated
1.	List of Drawings and Specifications	1 through 7	8/16/2019
2.	Schedule of Values	1 through 2	8/16/2019
3.	Clarifications, & Exclusions	1 through 4	8/16/2019
4.	Completion Schedule	1 through 10	8/16/2019
5.	List of Subcontractors and Major Suppliers	1 through 1	8/16/2019
6.	Allowances	1 through 2	8/16/2019

DIRECT PURCHASES

The Owner, at its sole discretion, may elect to directly purchase materials and/or equipment included in the Guaranteed Maximum Price in order to take advantage of tax savings. Should the Owner elect to purchase materials and/or equipment directly, the general procedure shall be as follows:

1. All subcontracts shall be competitively bid by the Design Builder as outlined in other sections of this Agreement.
2. Each selected subcontractor shall submit a documented list of materials and/or equipment in the scope of its work in excess of \$15,000 along with the amount of sales tax applicable to such material and/or equipment.
3. The Design Builder shall forward these lists to the Owner, and the Owner shall obtain a purchase order for each item.
4. Once purchase orders have been obtained by the Owner for direct payment of these items, the Design Builder shall remove their direct cost from the schedule of Values accompanying its monthly pay applications. Tax savings realized from the Owner's direct purchase of each item, shall be transferred in the Schedule of Values to the line item for the Owner's Contingency. No retainage will be held on Direct Purchase material.
5. The Design Builder will order the materials as approved by the Owner (County Project Manager).
6. Invoices will be delivered directly to the Design Builder.
7. The Design Builder will develop and prepare a detailed summary of all direct purchase items along with their associated asset assignments to the appropriate corresponding County departments and stakeholders and locations in the buildings.
8. The Design Builder and the Owner will sign off on the packing slips to ensure materials ordered were received.
9. Design Builder will match the invoices to the packing slips and submit to the Owner (Pinellas County's Finance Department) via email to ClerkFinanceDivisionFixedAssets@co.pinellas.fl.us to ensure the vendor/subcontractor is paid timely. The invoices must be received in a timely manner in order to comply with Section 218.735, *Florida Statutes* "Local Government Prompt Payment Act". Design Builder should date and time stamp all direct purchases invoices.

ARTICLE 2

LUMP SUM PRICE

2.1 The Lump Sum Price for the Work, as defined in Section 3B of the Agreement, is **Eleven Million, Seven Hundred Seventy Thousand, Five Hundred Seventy-Six Dollars (\$11,770,576.00)**.

2.2 Monthly installment payment of the Lump Sum Price shall be based upon the percent completion of the designated portion of the Work for each particular month.

2.3 In order to efficiently and timely address certain Change Order situations that may arise during Phase 2, the parties have agreed to establish an Owner controlled contingency within the Lump Sum Price in the amount of **Two Hundred Fifty Nine Thousand, Three Hundred Eighty-Six Dollars (\$259,386.00)** ("Owner's Contingency"). The Design Builder acknowledges and agrees that any change work which is to be charged against the Owner's Contingency must be approved in advance in a Change Order or Construction Change Directive signed by **Derek A. Weaver**. The Owner reserves the right, at its sole discretion, to withhold its consent on Owner's Contingency expenditures. Unused Owner's Contingency remaining at Substantial Completion will be deducted from the Lump Sum Price. Design Builder has no entitlement to any portion of any unused Owner's Contingency.

2.4 If the parties agree to establish Allowances within the Lump Sum Price, said Allowances items and amounts will be identified in Attachment 6. Design Builder shall not proceed with any portion of the Work associated with the aforesaid Allowances ("Allowance Work") without first obtaining Owner's express written authorization to proceed with said Allowance Work.

2.5 Design Builder recognizes that this Contract includes work for trench excavation in excess of five feet deep. Design Builder acknowledges the requirements set forth in Section 553.63 of the Florida Statutes titled Trench Safety Act. Design Builder certifies that the required trench safety standards will be in effect during the period of construction of the Project and Design Builder agrees to comply with all such required trench safety standards.

2.5.1 The amount of **Zero dollars (\$0)** has been separately identified in Attachment 2, Schedule of Values, for the cost of compliance with the required trench safety standards; said amount is included within the Lump Sum Price.

ARTICLE 3

CONTRACT TIME

3.1 The Phase 2 Commencement Date for the Work is **October 2, 2019**. The total period of time beginning with the Phase 2 Commencement Date through the date required for Substantial Completion of the Work is **658** days ("Contract Time"). THE SUBSTANTIAL COMPLETION DATE IS THEREFORE ESTABLISHED AS **July 20, 2021**.

3.2 Pursuant to this Agreement, the parties have established a liquidated damage rate for reasons stated therein, which the parties acknowledge and agree apply to this Amendment and Design Builder's responsibility to complete the Work within the Contract Time as stated herein. Accordingly, the liquidated damage rate established in this Agreement shall be assessed from Design Builder for each calendar day Design Builder fails to achieve Substantial Completion for the Designated Work within the Contract Time.

ARTICLE 4

MISCELLANEOUS

4.1 Except as expressly modified herein, the terms and conditions of the Agreement remain unchanged. In the event of a conflict between the terms of this Amendment and those of the Agreement, Owner and Design Builder agree that the terms of this Amendment shall prevail and control.

Owner: **PINELLAS COUNTY, by and through its Board of County Commissioners**

Design Builder: **Manhattan Construction (Florida, Inc.).**

Attachment 3: Assumptions, Clarifications, Exclusions

ST. PETERSBURG JUSTICE CENTER, COURTS CONSOLIDATION QUALIFICATIONS

Dated: June 12, 2019, Amended July 3, 2019, July 10, 2019, July 31, 2019, August 16, 2019

PACKAGE	ITEM #	DESCRIPTION
BP01A	GENERAL CONDITIONS	
	1	The pricing for the lump sum proposal is only based on the document list provided herein.
	2	The current state of the documents is 50% Construction Documents. The lump sum price is subject to change based on permit/review comments from the Authority Having Jurisdiction, and/or owner comments.
	3	Our Proposal is based on the enclosed Manhattan Construction Company Proposed Construction Schedule plus time adjustments for any Change Orders, and is contingent upon receiving the complete Building Permit and any and all related permits or approvals that may be required for a 100% un-encumbered construction start by Manhattan Construction Company.
	4	Proposal is based on receiving payment for stored materials and payment terms as noted in subcontractor quotes e.g.: Elevators
	5	In preparing Manhattan's lump sum agreement proposal, Manhattan has included a contingency amount for the Manhattan exclusive use to protect against unanticipated costs incurred and unplanned impacts which must be addressed in order to complete the Work in accordance with the Contract Documents. Manhattan shall provide written notice to Owner in a timely fashion after it has reason to believe that any such item may be charged to Manhattan's Contingency and prior to any actual expenditures from Manhattan's Contingency; however, Owner's concurrence shall be required for reimbursement of costs to Manhattan from the Manhattan Contingency, but shall not be unreasonably withheld. In addition, the Manhattan shall furnish to Owner, upon Owner's request, documentation supporting any expenditures from Manhattan's Contingency. Manhattan's Contingency shall be shown in a schedule of values and clearly identified as the Manhattan Contingency. Upon final completion, any sums remaining in Manhattan's Contingency after final payment shall accrue to Owner
	6	An Owner contingency is included in the lump sum proposal for use by the Owner to fund additional items for the project.
	7	All construction Float in the Construction Schedule shall accrue to the project.
	8	Costs associated with Energy reviews and Accessibility reviews and inspections are not included.
	9	Due to the characteristics of differing materials at the project site, an exact match of the existing conditions may not be possible due to the changes in material.
	10	Costs for working "off-hours" have been included in the budget pricing. Work is anticipated to be performed Monday - Friday between the hours of 6:00pm and 6:00am. Overtime costs for acceleration has not been included.
	11	An OCIP / CCIP or wrap up insurance policy has not been included.
	12	Costs for utilities such as electrical power, water, and sewer have not been included in the lump sum proposal as it is anticipated the current utilities will be used for construction and funded direct by the Owner.
	13	Included is the use of a Subcontractor Default Insurance Policy and the rate is indicated on our estimate recap sheet. The cost for the Subcontractor Default Insurance Policy is a fixed internal rate and thereby un-auditable.
	14	General Liability Insurance is included and the rate is indicated on the estimate recap sheet. The cost for General Liability Insurance is a fixed internal rate and thereby un-auditable.
	15	Costs for employee and trade parking have not been included in the lump sum proposal. It is anticipated the personnel working nights will have parking access to the lot directly across the street without fees and personnel present during days will have access to the parking garage and/or lot directly across the street without fees.
	16	Costs for a layout performed by a licensed surveyor or record survey at completion is not included in the lump sum proposal as it is not applicable to the project.
	17	Costs for courthouse security and/or security escorts have not been included.
	18	As discussed, Pinellas County will provide temporary construction office space in the 501 1st Ave North, Suite 110.
	19	Impact fees or any other governmental fees are excluded.
	20	Additional work requested by the Owner or Authorities Having Jurisdiction (permit review, inspections, or other requests) to be funded by use of Owner Contingency.
	21	For change order work performed pursuant to section 10.4, the Design Builder may charge actual and reasonable direct costs in connection with such change work along with the fee percentage as stated in Attachment 2 of this agreement.
	22	Line items in the schedule of values for the general requirements/conditions are lump sum will be billed per month as shown on the completion schedule (Attachment 4).

**ST. PETERSBURG JUSTICE CENTER, COURTS CONSOLIDATION
QUALIFICATIONS**

Dated: June 12, 2019, Amended July 3, 2019, July 10, 2019, July 31, 2019, August 16, 2019

PACKAGE	ITEM #	DESCRIPTION
BP01D	ALLOWANCES	
	1	<p>In reference to the Design Build Services Agreement, Exhibit H (General Terms and Conditions), paragraph 2.3 indicates the Design Builder assumes all risks with respect to the conditions encountered at the project site including subsurface or concealed conditions. In addition the aforementioned paragraph indicates the Design Builder will not be entitled to any adjustment to the Lump Sum Price or Contract Time as a result of the site conditions encountered with the exception of hazardous materials. As destructive investigation is not feasible due to the existing facility being occupied with judicial activities in process an allowance is being included to fund work required due to unforeseen conditions that cannot be observed to being concealed by existing finishes or the spaces by occupied by building occupants and/or building activities.</p> <p>The allowance is intended to fund all conditions unforeseen during the preconstruction and construction phases of the project. Additional work required for hazardous materials that are unforeseen during the preconstruction and construction phases will be funded via change order to the Lump Sum Price and not the aforementioned allowance.</p> <p>In the event concealed conditions are discovered that have been unknown to the project team, additional design work may be required along with an extension to the schedule and costs added to the lump sum agreement for design fees, general conditions, and cost of work items.</p>
	2	The Design Build Services Agreement, Exhibit K (Permits) indicates the Permit Fee / Other is \$39,900 and is included in the lump sum agreement pricing as an allowance. There are not additional costs included in the price for the lump sum agreement for any governmental fees.
	3	Cost overruns in allowance costs are to be funded to the Design-Builder via change order or use of contingency. Cost savings from allowances may either be transferred to contingency or used for other scopes of work.
	4	Allowances included in the lump sum agreement are inclusive of labor, materials, subcontractor overhead & fee unless noted otherwise.
	5	Manhattan has strived to include allowances for design items identified by Manhattan as missing from project documents. Manhattan will reconcile these allowances based on Construction Documents when they are provided for use. Items not fully detailed and located on the contract project documents will also be priced once final Construction Documents are received by Manhattan.
BP02A	DEMOLITION	
	1	<p>Costs for asbestos abatement have been included for items indicated in the Building Sciences Assessment, Asbestos Pre-Renovation Survey dated September 14, 2015, prepared by GHD. The items included for asbestos abatement are 3,000 SF of existing plaster ceilings, acoustical ceiling tiles in Courtroom #6 Entrance to Judge's Chambers, 12" x 12" vinyl tile in 3 maintenance rooms, and red/brown HVAC mastic on the seams for the ductwork.</p> <p>It is suspected the innerliner of the existing mechanical ductwork may test positive for asbestos containing material, therefore, costs are included for remediation of the innerliner of the existing ductwork. The deduct cost of work line item for remediation of the innerliner is \$43,440.</p> <p>It is suspected the balance of the existing plaster ceilings may test positive for asbestos containing material, therefore, costs are included to remediate the existing plaster ceilings on the 2nd floor, 3rd floor, and 4th floor. The deduct cost of work line item for remediation of the additional plaster ceilings is \$173,060.</p>
	2	Removal of asbestos and/or hazardous not indicated in the documents is excluded.

Attachment 3: Assumptions, Clarifications, Exclusions

ST. PETERSBURG JUSTICE CENTER, COURTS CONSOLIDATION QUALIFICATIONS

Dated: June 12, 2019, Amended July 3, 2019, July 10, 2019, July 31, 2019, August 16, 2019

PACKAGE	ITEM #	DESCRIPTION
BP03A	CONCRETE	
	1	Concrete and concrete housekeeping pads are not required for the project and costs are excluded from the proposal.
BP04A	MASONRY	
	1	Masonry is not required and excluded from the proposal.
BP05A	STEEL	
	1	Steel required for the project has not been sized due to the state of the documents and anticipated steel is included as an allowance.
BP06A	FINISH CARPENTRY	
	1	Courtroom wood panels are included as blueprint matched, 48" or 60" wide (not 36" as shown on the drawings). Panels will be balanced matched (not centered matched), plain sliced cherry (not quartered) as sequences would have multiple breaks with quartered.
	2	Due to the natural characteristics of wood veneers in regards to veining color variations, an exact matching of the Architect's single sample and/or existing finishes is extremely difficult. Manhattan will submit a range of sample veneers for approval including photos and/or personal inspection as necessary.
BP08B	GLASS	
	1	The cost for glass is included for glass "lites" in the doors and frames as required. Costs for storefront anywhere in the building is not included.
BP11A	EQUIPMENT	
	1	Costs for Parking Control Equipment, Loading Dock Equipment, Detention Equipment and Food Service Equipment are not included.
	2	Existing elevator finishes outside the existing elevator shaft cannot be matched due to age of material and manufacturer. All cab walls, doors, and ceiling to be #4 stainless steel. All outside elevator fixtures to be #4 stainless steel.
BP12A	WINDOW TREATMENT	
	1	Draper Window Shades are included in lieu of Mechoshade.
BP14A	ELEVATORS	
	1	Access to view the existing elevator shaft was inaccessible during design and bidding. Costs to remove and/or relocate items concealed in the existing elevator shaft are not included.
	2	Owner payment to Manhattan for elevators will be adjusted to reflect the payment terms of the selected elevator subcontractor. This may include required deposits and/or payments to initiate shop drawings, equipment procurement and delivery.
21A, 22A, 23A	FIRE PROTECTION, PLUMBING, HVAC	
	1	It is anticipated water supply is adequate to meet the project requirements.
	2	Mechanical piping of any kind is not to be painted as there is no mechanical piping exposed to view, however, all mechanical piping will be marked every 20'.
BP27A	COMMUNICATIONS	
	1	Costs for distributed antenna systems (DAS) and public safety systems for radio communications are not part of the project and excluded from the lump sum agreement.
	2	Sheet T0-1 references Cat 6A entrance protectors. The entrance protectors are not applicable to the project, therefore, all costs for entrance protectors are excluded.
	3	Keynote 13 on Sheet T4-1 references distribution switches. Distribution switches are included as an allowance.

Manhattan

Building excellence.

► **List of Subcontractors and Major Suppliers**

Project Name: St. Petersburg Justice Center, Courts Consolidation

Description: Lump Sum Agreement Price

Location: St. Petersburg, FL

Pre-construction Phase: 50% Documents

Date: July 3, 2019

1. Environmental Consultant: OHC Environmental Engineering
2. Demolition and Abatement: Cross Environmental Services
3. Finish Carpentry and Millwork: Mill-Rite Woodworking Company
4. Doors, Frames, and Hardware: Pinnacle Door and Hardware
5. Glass: City Glass and Mirror
6. Drywall and Plaster: Cornerstone Lathing
7. Flooring: Manasota Flooring / Spectra Contract Flooring / Sun-Tile
8. Ceilings and Acoustical Work: Rhiel Ceilings
9. Painting: Southern Plains Painting
10. Specialties: Interior Specialties
11. Window Treatments: Hile's Curtain Specialties
12. Elevators: Kone
13. Fire Suppression: Randall Mechanical / Piper Fire Protection
14. Plumbing: Randall Mechanical
15. HVAC: Randall Mechanical / Spectrum Mechanical
16. Electric: L.C. Electric
17. Communication and Security: ACCI
18. Audio / Visual: Promedia

► Allowance Log

Project Name: St. Petersburg Justice Center, Courts Consolidation
Description: Lump Sum Agreement Price
Location: St. Petersburg, FL
Pre-construction Phase: 50% Documents
Date: June 12, 2019, Amended July 3, 2019, July 10, 2019, July 31, 2019

Allowance Detail

1. Unforeseen Conditions: \$50,000

The allowance is intended to fund all conditions unforeseen and/or concealed/hidden during the preconstruction and construction phases of the project.

2. Permits: \$39,900

The allowance is intended to fund all costs for permits (Building Permits, Trade Permits, Inspections, etc.)

3. Miscellaneous and Structural Steel Allowance: \$54,200

The allowance is intended to fund the furnishing and installation of anticipated miscellaneous and structural steel items not indicated on the current set of drawings. The steel items anticipated include, but are not limited to elevator door opening head angles/lintels to support existing masonry where openings are being cut for the new elevator, elevator sill angles, elevator hoist beams, elevator divider beams, elevator machine room beams at the top of the elevator shaft, elevator pit ladder, elevator sump pit cover, exhaust fan penetration steel frame supports, steel support tubes for countertop/vanity support, and other miscellaneous steel support items that may be required.

4. Interior Signage: \$16,080

The allowance is intended to fund providing interior signage on the 2nd, 3rd, and 4th Floors.

5. Furniture, Fixtures, and Equipment (FF&E): \$180,000

The allowance is intended to fund furniture, fixtures, and equipment as designated by the Owner.

6. Moving Existing Items: \$49,000

The allowance is intended to fund relocation of existing furniture items in the area of work to a designated area on the building property and relocate back to the area of work after construction. The allowance is not intended to fund relocation of personal items of building occupants (computers, technology items, office supplies, artwork, etc.)

7. Distribution Switches: \$126,000

The allowance is intended to fund distribution switches indicated on Keynote 13 on Sheets T4-1 and T4-2. The pricing is based on 14 distribution switches at \$9,000 each. Feedback for pricing was received by Pinellas County, Business Technology Services.

8. Material Price Escalation Allowance : \$77,816

The allowance is intended to fund costs for escalation incurred from lump sum proposal to commencement of construction. Design-Builder to provide documentation to Owner for costs incurred for use of the Escalation Allowance.
