

DAVID BALLANO GEDDIS JR
GEORGINA AVENUE
PALM HARBOR

BOCC Pinellas, November 14, 23

Lets say our so-called Founding Fathers assailed 3-Ships/3-Constitutions, seen as the Former, the Latter and the Last Resort, in the Federalist Papers.

George Washington, Hamilton, Thomas Jefferson would all need a place to Dock or Birth such ships, as assailed, ~~recognized as warships in Article 1 section 10.~~

As Explained last Commission meeting on October 31 Agenda Item 13 Attorney Rubenstein compacted (in a parallel) sense, these 3-ships all on one dock.

As Explained;

The 1st dockage is covered, it provides or gives cover to accompany a second place of Birth.

The 2nd dock has a hoist. It is equipped to gives rise to, or lifts a 3rd Birth into place.

The framework of the 3rd is currently just being "Staked-Out/StakeHeld" the parameters of such are still somewhat spacious, not fully formed and difficult to sea.

The 14th Amendment (amending an existing legal platform) is seen as a Dock extension, used to Depart one Ship and board another ship of a different character.

The Declaration of Independence is symbolic of a Floating Dock, a Floating Document serving as PreAmble to (both) Hamilton's 1st and 2nd Constitution.

Three Constitutions, with an amendment used to extended an existing legal platform, further accompanied by a Floating Document, serving to Birth a Secret/Undisclosed Commercial Enterprise, on a High Seas Booze Cruise, as constituted.

Drunken sailors rebelliously subverting Code requirements, hoping to invoke Appropriation Rights, contrived on a Artificial Riparian claim, as encompass.

Such Conflagrated sailors are in total violation of maritime law...

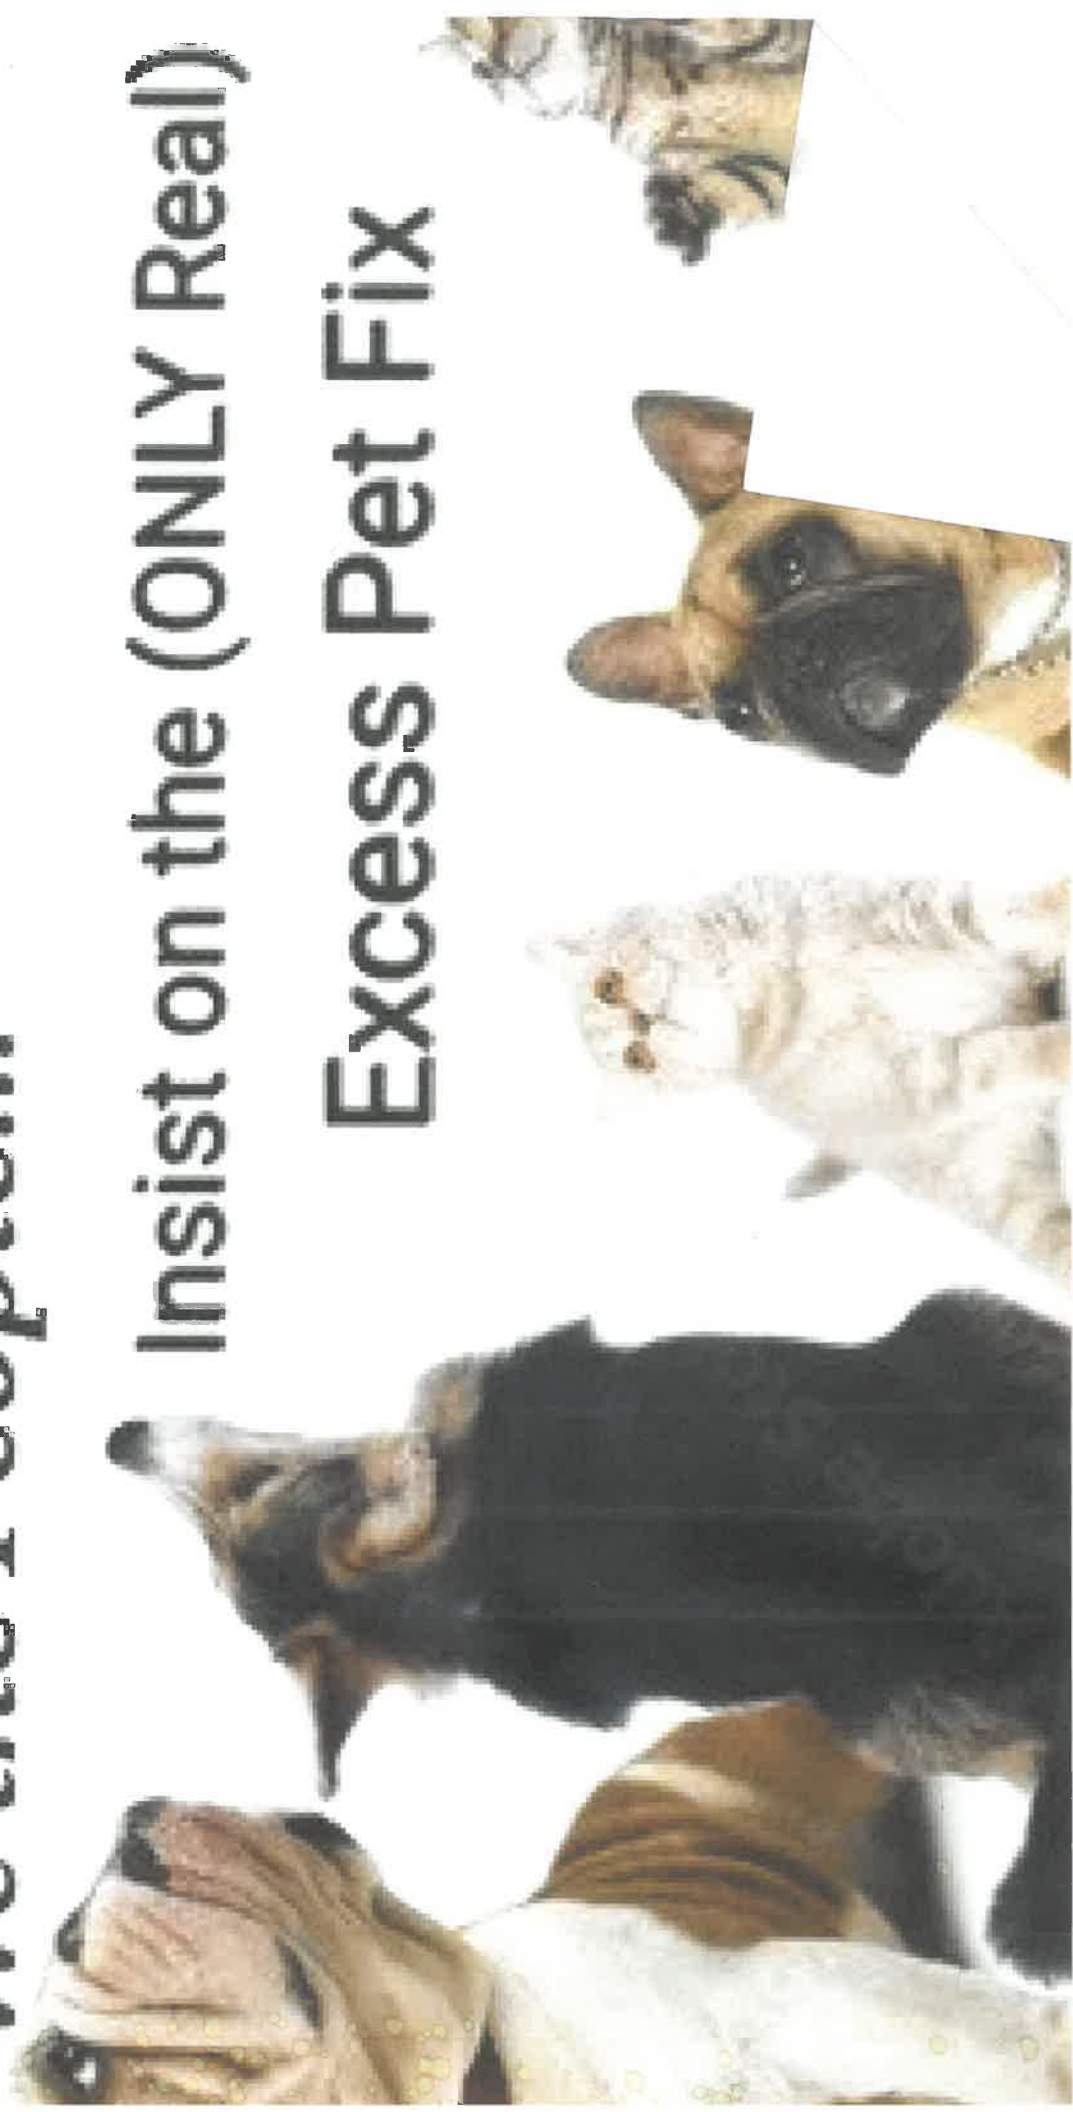

As encompassed, the bearings of such seamen are rogue, their undertakings "It" does not pass inspection. And, their vessels, recognized as a "Secret" in Article 1 section 5, Peacetime *Ships of War* as assailed in Article 1 section 10, have assailed into waters of such without legal permit.

The helmsmanship of such piracy is atrocious.

We the People...

Insist on the (ONLY Real)

Excess Pet Fix

Why this petition matters

Started by [Andrea Wells](#)

In spite of there being 122 officially recognized animal rescue partners in Pinellas County, the shelters and rescues are continuously over capacity, financially broke and spiritually broken due to the perpetual overflow of dogs and cats.

Pinellas lawmakers have the ability to enact THE overpopulation solution which has proven effective elsewhere by insisting that owned pets are required to be spayed or neutered. Registered breeders, agility/show/hunting dogs and medical exemptions are exceptions to sterilization requirements.

Enacted elsewhere for the following:

"Purpose. The county has determined that the unintended or uncontrolled breeding of dogs and cats within the county leads to many dogs, cats, puppies, and kittens being unwanted, becoming strays, suffering privation and death, being impounded and euthanized at great expense to the community, and constituting a public nuisance and public health hazard. It is, therefore, declared that every feasible means of reducing the number of unwanted dogs, cats, puppies, and kittens be encouraged."

Spay/Neuter Insistence:

- reduces excess litters born, contained, housed and either adopted -or- killed/cremated at > \$1,000 each in Pinellas County at taxpayer expense.
- unburdens our shelters and the volunteer army of caregiver citizens from time, money and resources used to manage these excessive numbers of animals born into homelessness.
- faces the fact that "adopting our way out of this mess" isn't working for anything or anyone. The only solution is to Fix the problem at the source.
- addresses cruel futility via hoarding animals in cages for months causes deteriorating behavior, including aggression, leads to animals eventually being destroyed serving no one

We must not continue witnessing what doesn't add up while fully knowing it never can.

Spay/neuter insistence at the source = the problem's prevention that's been proven necessary and effective.

WE insist that the Commissioners We vote for enact THE only real and cost-effective excess homeless pet solution.
