March 10, 2023

The Honorable Ken Burke, CPA
Clerk of the Circuit Court and Comptroller

The Honorable Chairman and Members
of the Board of County Commissioners

On behalf of the Division of Inspector General (IG), I am pleased to present the IG's 2022 Annual Report. *The International Standards for the Professional Practice of Internal Auditing* of The Institute of Internal Auditors, *Standard Number 2060 – Reporting to Senior Management and the Board*, mandates reporting periodically on the internal audit activity's purpose, authority, responsibility, and performance relative to its plan.

This report summarizes the objectives and accomplishments of the IG for the year ending December 31, 2022.

We would like to take this opportunity to thank you for the development of the 2023 IG Annual Plan issued January 27, 2023. We strive to ensure that you are satisfied with any audit, investigation, or requested project completed. It is the goal of the IG to ensure adherence to Pinellas County (County) resolutions, directives, policies, procedures, and internal controls.

The Annual Report is designed to serve as a helpful guide for County management in developing recommendations for the annual work plan that is completed every January by the IG. Please feel free to contact us anytime to request a review of an area or function that, in your perspective, could be improved.

In its 40th year of continuous operations, the IG team takes pride in their contribution towards making the County operate as efficiently and effectively as possible for our citizens and stakeholders. The staff of the entire IG is to be applauded for their accomplishments, dedication, and production of this report.

Respectfully Submitted,

Melissa Dondero

INTRODUCTION

Summary of Performance

With a sharp focus on preserving the public trust and serving as a catalyst for positive change, the Division of Inspector General concentrated resources on several key projects during the year ending December 31, 2022. We continued efforts to audit the Emergency Rental Assistance Program grants, which resulted in the identification of potential fraudulent activity that is in the process of being investigated in partnership with local and national law enforcement agencies. In addition, we conducted an investigation in partnership with the Pinellas County Sheriff's Office (PCSO) that concluded with the arrest of a former County employee charged with bribery and official misconduct. We issued 15 internal audit reports which included 45 recommendations, all of which management concurred with and committed to implementing to improve County operations. We also completed a multi-year investigation of a former professional guardian that entailed a comprehensive examination of 45 guardianship cases and working with partners from the Social Security Administration, U.S. Department of Veterans' Affairs Office of Inspector General, Florida Department of Financial Services, the PCSO, and the Office of the State Attorney Sixth Judicial Circuit of Florida. To date, the former professional guardian has been charged with 16 offenses including exploitation of an elderly person and grand theft. We are proud to serve with integrity, transparency, and compassion.

We appreciate and value the support of the Clerk of the Circuit Court and Comptroller (Clerk), Board of County Commissioners (BCC), Pinellas County (County) Administration, County staff, and citizens for the County's Inspector General function.

The IG office is comprised of three service units: Internal Audit, Information Systems Audit, and the Public Integrity Unit (PIU), working together to:

- Ensure an independent, objective analysis and evaluation of County programs and operations,
- Issue public reports, and
- Make recommendations to strengthen and improve the delivery of public services to the citizens of Pinellas County.

The IG publicly issued 24 County Government related reports during 2022, which yielded 34 Opportunities for Improvement, encompassing 64 Recommendations. Departmental management concurred with, and committed to, the implementation of all 64, or 100% of Recommendations. This is a reflection of the intangible value and importance of a strong, independent audit and investigative process, management's commitment to that process, and their dedication to ensuring adherence to County resolutions, directives, policies, procedures, and internal controls.

The IG PIU's Guardianship Section issued 63 guardianship reports to the Florida Sixth Judicial Circuit Court (2 of which were also issued publicly), which resulted in over \$768,000 in questionable expenditures identified and 16 felony offenses against a former professional guardian.

In addition, the IG PIU's Guardianship Section issued 8 guardianship reports to the Florida Department of Elder Affairs, Office of Public and Professional Guardians (OPPG).

Below is a summary of reports issued by the IG during 2022:

2022 Reports Issued	
Audits	15
Follow-Up Audits	3
Investigations	5
Follow-Up Investigations	3
Consultations	1
Guardianship Audits	14
Guardianship Investigations	49
OPPG Investigations	8
Total Reports	98

Overall, for the year 2022, the IG has identified over \$954,000 in potential economic impact to the County and its citizens.

Historical Background

We appreciate the Clerk of the Circuit Court and Comptroller, Board of County Commissioners, and County Administration for their support of the Division of Inspector General function.

Pinellas County is a Charter County established under the Constitution and Laws of the State of Florida in 1912. The County approved the Home Rule Charter in 1980, consequently establishing a BCC/Administrator form of government. The elected seven-member BCC is the legislative and governing body of Pinellas County. The County Administrator serves as the chief administrative officer who oversees daily County operations. The elected Constitutional Officers include the:

- Clerk of the Circuit Court and Comptroller
- Property Appraiser
- Public Defender

- Sheriff
- State Attorney
- Supervisor of Elections
- Tax Collector

The Clerk is a Constitutional Officer whose authority and responsibilities are derived from constitutional and statutory provisions. Article VIII, Section 1(d), of the State Constitution, provides for the election of certain County officers including a Clerk of the Circuit Court. The latter part of this section specifies that:

“The clerk of the circuit court shall be ex officio clerk of the board of county commissioners, auditor, recorder and custodian of all county funds.”

Article V, Section 16, of the State Constitution, also specifies that the Clerk shall have the duties quoted above. The law also confers onto the Clerk the responsibility to act as the County’s Auditor.

In 1983, the Clerk established the Internal Audit Division in order to fulfill the responsibility of County Auditor. One of the most significant roles of an internal audit function is to serve as a public watchdog over taxpayer dollars.

The Clerk of the Circuit Court and Comptroller, Pinellas County, Florida, Division of Inspector General, serves as public watchdog over taxpayer dollars.

The Clerk established the *Fraud, Waste and Abuse Policy* in 2003 to facilitate the development of internal controls that will provide for the detection, prevention, and reporting of fraud, waste, and abuse aimed at County government. It is the intent of this policy to promote awareness of the potential for fraud, waste, and abuse throughout the County, and to provide guidelines and assign responsibility for the development of adequate internal controls and systems.

In March 2015, the County Administrator issued *Pinellas County Administrative Directive No. 19-1, Fraud, Waste and Abuse Policy*, which formally provides instruction and guidance for implementing the *Fraud, Waste and Abuse Policy* to BCC employees.

In conjunction with the previously mentioned policy, the IG’s PIU was established in November 2003. The PIU conducts investigations of suspected inappropriate activities in County affairs. These investigations can involve conducting interviews under oath, the examination of books and records, and the implementation of other appropriate investigative techniques.

In May 2009, the Audit Charter was amended to the Inspector General Charter, thereby resulting in a title change from the Internal Audit Division to the Division of Inspector General.

Independence

As specified in the IG Charter, to provide for the independence of the IG activity, its personnel report to the IG/Chief Audit Executive, who reports functionally and administratively to the Clerk. Since the Clerk is an elected Constitutional Officer, and thus responsible to the citizens and taxpayers of Pinellas County, the Clerk is considered to be independent.

The IG office is organizationally independent from those areas which it will be auditing, reviewing, and investigating.

The IG/Chief Audit Executive must communicate and interact directly with the Clerk. The Clerk, as County Auditor, communicates with the BCC, but this does not restrict the IG/Chief Audit Executive from communicating with the BCC directly.

The IG has no direct responsibility to, or authority over, any area subject to its audit, review, and investigation. Therefore, the IG office is organizationally independent from those areas which it will be auditing, reviewing, and investigating. The IG/Chief Audit Executive has the authority and responsibility to conduct audits and investigations of any operation under the direction of the Clerk or the BCC, functions for which the BCC provides financial support as separate entities in its budget, or which the BCC is the ex-officio governing body, and to issue reports thereon.

Mission

The mission of the Division of Inspector General is to promote accountability and integrity in government and preserve the public trust by providing independent and objective audits, investigations, and consultations designed to add value and improve the County's operations. We strive to educate citizens and policymakers regarding the operation of their government.

The Division of Inspector General provides risk-based and objective assurance, advice, and insight to help the County accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of governance, risk management, and control processes. To facilitate the prevention and detection of fraud, waste, and abuse, the Division of Inspector General also conducts investigations, coordinating with law enforcement and other investigative agencies as warranted.

Quality Assurance

In accordance with our commitment to comply with national best practices, the IG adopted and embraced the following:

- The Institute of Internal Auditors, *International Professional Practices Framework* which includes the *Core Principles for the Professional Practice of Internal Auditing*, the *Code of Ethics*, the *Definition of Internal Auditing*, and the *International Standards for the Professional Practice of Internal Auditing* (Red Book)
- The Association of Inspectors General, *Principles and Standards for Offices of Inspector General* (Green Book)
- The Commission for Florida Law Enforcement Accreditation, *The Florida Inspectors General Standards Manual* (CFA)

The Red Book defines internal auditing as an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

Assurance services (audits) involve an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management, and control processes for the organization. Consulting services are advisory and performed at the specific request of clients, the nature and scope of which are agreed with the client, and are intended to add value and improve an organization's governance, risk management, and control processes without the internal auditor assuming management responsibility.

The Green Book describes investigations and forensic audits as independent techniques to gather and assess evidence related to alleged wrongdoing; potential violations of laws, rules and regulations, policies and procedures; or other abuses that impact negatively on the ability of the organization to effectively and efficiently carry out its duties. Furthermore, the Green Book requires compliance with the aforementioned Red Book standards when performing audits.

The CFA is an accreditation program recognized as a means of maintaining the highest standards of professionalism for independent investigations based on meeting specific requirements and prescribed standards. Furthermore, the CFA requires compliance with the aforementioned Green Book when conducting investigations.

“Who audits the auditors and investigators?” is the most common question asked of IG staff.

The IG’s continuous improvement program of its audit and investigative activities include the assessment of operations by independent external quality assurance review teams based on the Red Book, Green Book, and CFA standards.

An external quality assurance review is a strategic assessment of an internal audit and/or investigative function, including its infrastructure, staff experience, and performance relative to organizational goals, best practices, and standards. The external quality assurance review program is voluntary; however, the benefit of undergoing external quality assessments is that it allows the IG to stipulate that our activities, **“Conform with auditing and investigative standards.”** It also builds stakeholder confidence by documenting our commitment to quality and successful best practices and the mindset for professionalism. Obtaining an external quality assessment review provides evidence to the Clerk, BCC, County management, County staff, and Pinellas County citizens that we are concerned about our own organizational internal controls, ethics, governance, and risk management processes.

“Who audits the auditors and investigators?”

The IG’s continuous improvement program.

A thorough evaluation of the IG PIU’s policies and procedures, management, operations, and support services to determine compliance with the CFA standards is performed every three years. The most current CFA assessment was conducted in December 2021. The CFA assessment team determined that the IG was 100% compliant with the CFA standards and reaccreditation was awarded on February 24, 2022.

An evaluation of the IG’s compliance with the Red Book and Green Book standards is performed every five years. The most current Red Book and Green Book assessment was conducted by the Association of Inspectors General in July 2021. The assessment team determined the IG’s Audit Services and PIU met all relevant Red Book and Green Book standards, which is the highest affirmation.

Operations

The Division is subdivided into the following three service units, although all team members are cross trained to perform both audits and investigations:

- Internal Audit
- Information Systems Audit
- Public Integrity Unit, which includes:
 - County investigation services
 - Guardianship audit and investigation services

The IG office was comprised of 14 positions in 2022 as depicted in the organizational chart below. Please see Appendix A for current team member biographies.

Professional Development

The IG recognizes that the quality and effectiveness of its services are dependent upon a professionally trained team. To this end, the IG allocates a portion of its resources to ensure continuing professional education as a key requirement of the aforementioned standards. Membership in professional organizations provides training, credentialing, and networking opportunities.

All members of the IG are affiliated with the following professional organizations:

- Association of Certified Fraud Examiners (National and Tampa Bay Chapter)
- Association of Government Accountants (National and Tampa Chapter)
- Association of Inspectors General (National and Florida Chapter)
- Association of Local Government Auditors
- Florida Audit Forum
- Florida Government Finance Officers Association
- Florida Police Accreditation Coalition, Inc. (Office-wide Membership)
- Institute of Internal Auditors (National and Florida West Coast Chapter)
- National White Collar Crime Center (Office-wide Membership)

IG members are also affiliated with other professional organizations directly related to their professional certifications, licenses, and areas of specialization. Please see Appendix A, which highlights the key certifications earned by IG team members, and Appendix B, which highlights the mission of affiliated professional organizations.

Training is vital to our function, as it keeps us abreast professionally and current on auditing and investigative techniques, risk assessments, information technology, and best practices.

Training time by subject area in 2022 is depicted in the following chart:

Budget

The IG is funded by the Clerk's General Fund budget appropriated from the BCC. The following represents the Fiscal Year 2022 IG budget versus actual:

	Budget	Actual
Personal Services	\$1,393,128	\$1,374,510
Operating Expenses	\$125,253	\$110,126
Capital Outlay	\$0	\$0
Total	\$1,518,381	\$1,484,636

Annual Plan Selection Process

The IG recognizes that an overall strategy and plan are critical in order to meet the goals, objectives, and mission of the office. Annually, projects are selected and prioritized using a dynamic risk-based approach. Risk factors include:

- Perception of risks from County-wide administration and officials
- Economic factors such as the amount of financial impact, volume of transactions, number of personnel, generation of revenue, and the alignment of responsibility
- Changes in organization, management, key personnel, and information systems
- Environmental factors such as controls, regulations, and public perception

We also solicit recommendations from citizens and other Constitutional Officers, survey all County employees, and receive tips from the Fraud, Waste, and Abuse Hotline.

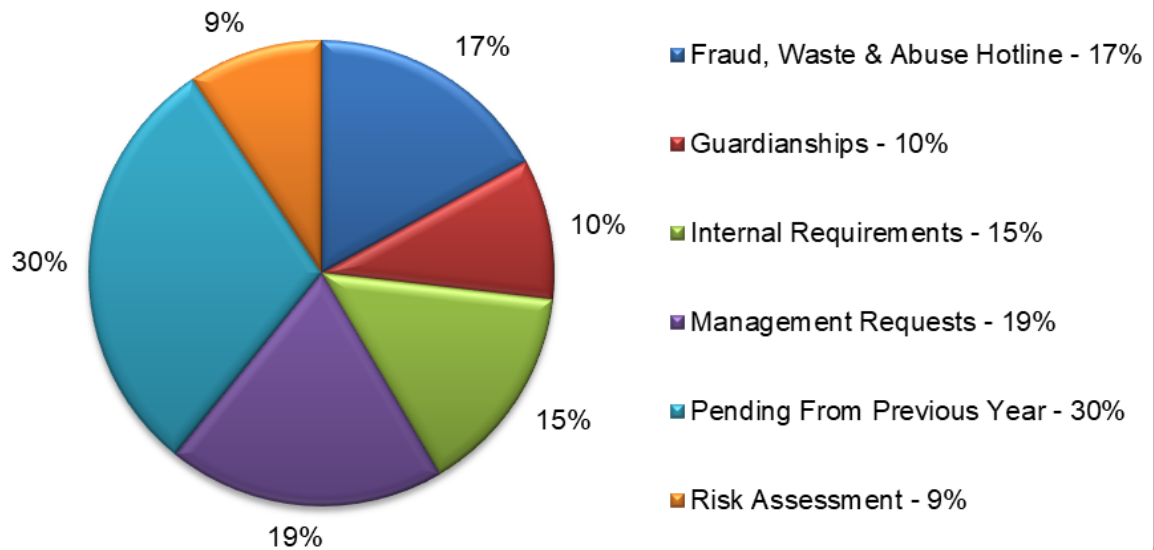

The number of audits selected for the plan is based on audit impact (the problems or risks it would address and the likely types of findings and recommendations), the sensitivity and complexity of the audit compared to its likely impact, staff resources, and the breadth and depth of audit coverage across County government.

Based on the estimated available hours for the IG team in 2022, the Annual Plan for 2022 is broken down by project type and by the source in the following charts. Please see the Annual Plans on the IG website at: [Inspector General Annual Plans](#).

Audits

The objective of these projects is to provide auditees with an independent appraisal of whether desired results and objectives are achieved economically, efficiently, and in accordance with prescribed laws, regulations, policies, and procedures. The following chart depicts the typical audit process:

An Opportunity for Improvement is our way of working with management toward the advancement of government best practices in order to better serve the citizens and stakeholders of Pinellas County.

During 2022, the IG issued:

**15
AUDIT REPORTS**

**24
OPPORTUNITIES FOR
IMPROVEMENT**

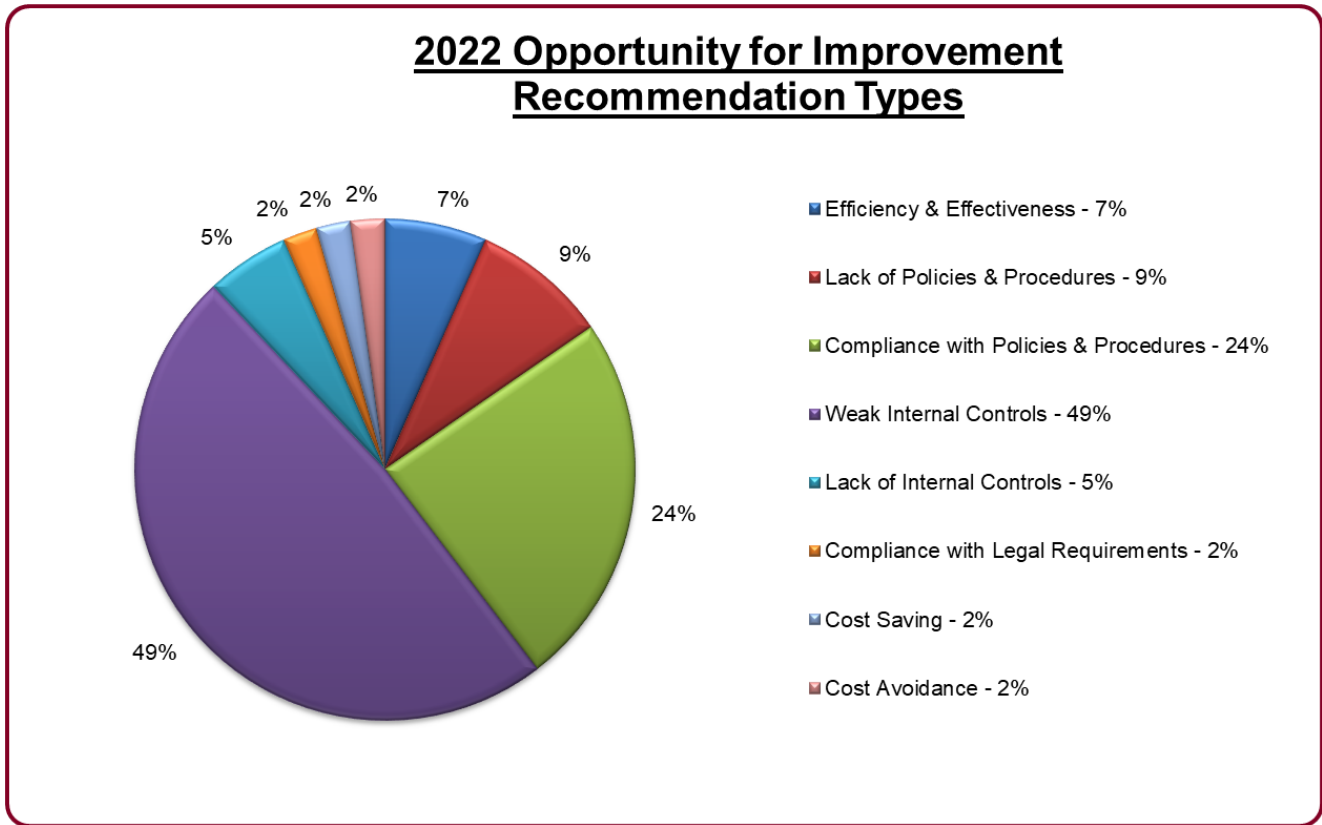

**45
RECOMMENDATIONS**

Recommendations are an integral part of our audits; this is where an opportunity for change or improvement takes place. We presented a total of 168 Recommendations in reports issued from 2020 through 2022; the management of the audited departments concurred with all 168 (100%).

The table below presents the report year and Recommendation statistics:

Year	Number of Recommendations	Concurred To By Management	
		Number	Percentage
2022	45	45	100%
2021	60	60	100%
2020	63	63	100%
TOTAL	168	168	100%

The following chart shows Opportunity for Improvement Recommendations by type:

Investigations

The objective of these projects is to investigate allegations of fraud, waste, and abuse directed against County government. Investigations that uncover administrative wrongdoing typically reveal violations of law, policy, or regulations. They also identify the individuals responsible for the violations and make recommendations for administrative action. The following chart depicts the typical investigation process:

The following table shows the number of investigations conducted over the past three years and their disposition. The investigation disposition falls into one of three categories:

1. *Substantiated*:
 - There is sufficient evidence to justify a reasonable conclusion that the allegation is true.
2. *Unsubstantiated*:
 - There is insufficient evidence to either prove or disprove the allegation.
3. *Unfounded*:
 - The allegation proved to be false or there is no credible evidence to support the allegation.

Year	Total Number of Investigations Completed	Total Number of Allegations	Substantiated	Unsubstantiated	Unfounded
2022	5	19	13	3	3
2021	4	12	5	5	2
2020	5	18	4	11	3
Total	14	49	22	19	8

Equally important to the investigative process is the identification of:

- Internal control weaknesses
- Contracting irregularities
- Other problems that place County government at risk for fraud, waste, and abuse

Therefore, the investigative reports frequently make specific recommendations to:

- Correct the identified deficiencies
- Provide guidance on the applicable laws and regulations
- Suggest employee training where appropriate

During 2022, the IG issued:

5

21
RECOMMENDATIONS

The table below presents the report year and Recommendation statistics:

Year	Number of Recommendations	Concurred To By Management	
		Number	Percentage
2022	21	21	100%
2021	27	24	89%
2020	21	21	100%
TOTAL	69	66	96%

When investigative findings suggest signs of criminal conduct, they are presented to the appropriate law enforcement authorities for further action. Three cases were referred to the State Attorney's Office or other law enforcement agency in 2022:

- One case is pending review for potential prosecution
- One case resulted in an arrest; the case is currently in the criminal justice system
- One case resulted in an arrest and a plea deal which included probation, restitution, community service, and court fees

The Fraud, Waste, and Abuse Hotline is one of our ways to promote honesty and efficiency in government and maintain the public's trust. County management, County employees, and citizens are urged to immediately report any suspected fraud, waste, or abuse.

Reports may be made in several convenient ways:

- Written complaints may be faxed to (727) 464-8386
- Written complaints may be mailed to 510 Bay Avenue, Clearwater, Florida 33756
- Call the dedicated Hotline number (727) 45FRAUD (727-453-7283)
- Report online through the Clerk's website:
 - [Report Fraud of County Resources](#)
 - [Report Fraud of Guardianship Cases](#)

When reporting fraud, waste, or abuse, you may remain anonymous, if you wish.

The fraud reporting program is critical to our efforts to combat fraud, waste, and abuse, as complaints provide the ability to generate leads from multiple sources. Investigations are initiated upon the receipt of credible information alleging an act of fraud, waste, or abuse that falls within the IG's jurisdiction.

During calendar year 2022, the IG handled:

Follow-Ups

The objective of these projects is to track the status of management’s action on reported findings and recommendations. To meet the standard of due professional care, the IG has established a process that assesses the adequacy, effectiveness, and timeliness of management’s actions. Management is primarily responsible for deciding the appropriate action to be taken on reported findings and recommendations.

Based on a risk assessment, approximately one year after the issuance of an audit or investigative report, a follow-up is conducted and a report is issued. The report summarizes management’s responses to Recommendations that are categorized as implemented, acceptable alternative, partially implemented, not implemented, or no longer applicable.

The table below summarizes follow-up statistics for the past three years:

Year	Number of Follow-Ups	Number of Opportunities for Improvement	Number of Recommendations*	Implemented/Partially Implemented/Acceptable Alternative	
				Number	Percentage
2022	6	32	42	40	95%
2021	9	36	69	53	77%
2020	9	136	309	266	86%
Total	24	204	420	359	85%

*Does not include recommendations that are no longer applicable at time of follow-up.

Division of Inspector General - A Good Investment

With an estimated population of 956,615 and actual operating expenditures of \$1,484,636, the cost to fund the IG office in 2022 per resident of Pinellas County was only \$1.55. Not only is the expense of having an IG office cost-effective, its importance extends beyond the financial considerations. The impact of maintaining transparency and trust in local County government is invaluable. The value of accountability and prevention cannot be measured. The vigilance of the IG team ensures Pinellas County taxpayers and stakeholders receive a fair and honest accounting of their funds.

Recommendations by the IG do not always result in a measurable financial impact. However, there are many scenarios in which implementation of the IG recommendations could result in a positive financial impact or efficiencies not readily quantifiable. Regarding items that did result in a quantifiable impact, the table below shows the 2022 project recommendations and services provided that resulted in potential recoveries, savings, cost avoidance, and other economic impacts that conservatively total over \$954,800:

PROJECT	POTENTIAL COUNTY IMPACT	POTENTIAL CITIZEN IMPACT
Audits	\$36,415	-
Investigations	\$410	-
Guardianship Audits	-	\$217,712
Guardianship Investigations	-	\$550,340
PCSO PREA Hotline	\$150,000	-
TOTALS	\$186,825	\$768,052

A well run audit and investigative function is an investment that benefits County government, but more importantly, the citizens and taxpayers of Pinellas County.

Cooperative Partnership Projects

Florida Sixth Judicial Circuit Court – Probate, Guardianship, and Mental Health Division, And Clerk’s Probate Court Records Department

The objective of these projects is to augment the Clerk’s Probate Court Records Department, Guardianship Section’s authority under Section 744.368 of the Florida Statutes, which states the Clerk, “*shall audit the verified inventory and the accountings. The clerk shall advise the court of the results of the audit.*” Also, these projects provide assistance to the Probate, Guardianship, and Mental Health Division of the Florida Sixth Judicial Circuit Court (Court). These projects help with supporting the Clerk and Court’s oversight process as it pertains to the protection of persons’ subject to guardianship assets per Chapter 744 of the Florida Statutes and related Administrative Orders of the Florida Sixth Judicial Circuit. The IG conducts varying levels of audits and investigations of guardianship activities.

During 2022, the IG handled 24 guardianship fraud, waste, and abuse complaints, of which 2 were accepted for investigation and 13 were referred to other entities. The guardianship audit work performed during calendar year 2022 resulted in over \$217,000 in questionable expenditures identified and one professional guardian removed. The IG conducts the following three types of guardianship audits/reviews:

- **Level I**
 - An IG Level I review consists of the review of guardianship reports in conjunction with the supporting documentation and is performed once the Clerk’s Probate Guardianship Section’s initial examination reveals discrepancies.
- **Level II**
 - An IG Level II audit consists of the examination of the guardianship report and the attempted verification of selected questionable items. Limited inquiries and/or requests for supporting documentation may be necessary to resolve issues.
- **Level III**
 - An IG Level III audit consists of a comprehensive examination and attempted verification of all significant items pertinent to the guardianship report.

**Florida Department of Elder Affairs
Office of Public and Professional Guardians**

In 2016, the Florida Department of Elder Affairs, Office of Public & Professional Guardians (OPPG), was given the statutory responsibilities for handling complaints and conducting investigations of professional guardians pursuant to the guardianship laws in Florida Statute Chapter 744. With no investigative unit or investigative experience, OPPG determined a cooperative partnership was needed with Clerks’ Offices of Inspectors General having the expertise and experience needed to fulfill OPPG’s investigative authority. Therefore, in 2016, a Memorandum of Understanding (MOU) was executed between OPPG and several Clerks of Circuit Court and Comptrollers, Offices of Inspectors General, establishing a statewide partnership known as the Statewide Investigation Alliance (Alliance).

As an Alliance member, the IGs’ staff of independent and professional auditors/investigators reinforces the Florida Judicial Circuit Courts’ duties of oversight and protection of persons subject to guardianship, the Clerks of the Circuit Court and Comptrollers’ duties to audit and investigate guardianships and advise the Court, and the OPPG’s duties of monitoring, educating, and disciplining professional guardians. In cooperation with the Court, Clerk, and OPPG, the Alliance conducts investigations involving legally sufficient complaints against professional guardians to fulfill the new requirements of Florida Statute Chapter 744.

During calendar year 2022, the PIU Guardianship Unit issued 8 investigation reports to the OPPG.

Guardianship Association of Pinellas County

The IG has a cooperative partnership with the Guardianship Association of Pinellas County (Association) to provide training to Association members and submit articles to the Association newsletter.

DAVID Internal Control Review

Pinellas County Property Appraiser's Office

The objective of this project is to provide periodic monitoring of Property Appraiser employees' use of the Driver and Vehicle Information Database (DAVID) personal data as required by the MOU between the Property Appraiser and the Florida Department of Highway Safety and Motor Vehicles (DHSMV).

Every three years, the DHSMV requests the Property Appraiser to submit an internal control attestation ensuring DAVID data is used in an appropriate manner per the MOU. The Pinellas County Property Appraiser requested the IG to perform the attestation engagement. As a result of that engagement, the Property Appraiser requested the IG to perform a limited audit annually to analyze the DHSMV access transaction reports for the Property Appraiser employees to determine that DAVID information was obtained for legitimate business purposes.

The Property Appraiser also has a data exchange MOU with the DHSMV for its online homestead exemption residency verification process. This MOU requires an internal control and data security audit by the first anniversary of MOU execution. The IG performs this audit for the Property Appraiser on a three-year cycle.

Clerk of the Circuit Court and Comptroller

The Clerk has an MOU with the DHSMV for DAVID access. Every three years, the DHSMV requires the Clerk to submit an internal control attestation ensuring DAVID data is used in an appropriate manner per the MOU. The IG performs this attestation engagement to analyze DHSMV access transaction reports for the Clerk employees to determine that DAVID information was obtained for legitimate business purposes.

The Clerk also has a data exchange MOU with the DHSMV used to obtain driver license transcripts for traffic court purposes. This MOU requires an internal control and data security audit by the first anniversary of MOU execution. The IG performs this audit for the Clerk on a three-year cycle.

Consumer Protection

Pinellas County Consumer Protection has an MOU with the DHSMV for DAVID access. Every three years, the DHSMV requires Consumer Protection to submit an internal control attestation ensuring DAVID data is used in an appropriate manner per the MOU. The IG performs this attestation engagement.

Risk Management

Risk Management has a data exchange MOU with the DHSMV used to obtain driver license transcripts for vetting new County drivers and administering the safe driver award program. This MOU requires an internal control and data security audit by the first anniversary of MOU execution. The IG performs this audit for Risk Management on a three-year cycle.

Prison Rape Elimination Act (PREA) Hotline

Pinellas County Sheriff

In 2014, the Pinellas County Sheriff requested the IG’s assistance to comply with federal law, and in a cooperative effort, to save the County an estimated \$150,000 per year in additional funds to operate the PREA Hotline.

PREA is a federal law established to address the elimination and prevention of sexual abuse in correctional systems. PREA applies to all Federal, State, and local prisons, jails, police lock-ups, private facilities, and community settings, such as residential facilities.

The PCSO has a **zero tolerance policy** for all forms of sexual abuse of inmates either by other inmates, staff, volunteers, contractors, or individuals having responsibility for the safety, security, care, and/or treatment of inmates. Inappropriate relationships will not be tolerated and these relationships are criminal and may be prosecuted under state and federal laws.

The objective of this project is to provide an independent hotline for reporting complaints of sexual abuse or sexual harassment of any inmate incarcerated in the Pinellas County Jail in accordance with the Prison Rape Elimination Act (28 CFR Part 115.51).

Support of County Functions

The objective of these projects is to serve as an independent, objective resource for County management. Examples of support IG provided in 2022 include:

- Consulting services at management request, which resulted in the following completed consulting project:
 - Review of the Pinellas County Affordable Housing Program
- Management requests that we participate on various boards and teams, such as:
 - Oracle Business Applications Executive Committee
 - Security Panel
 - Technology Steering Cooperative
 - Business Technology Services and Clerk's Office Project Dashboard and Risk Register
 - Clerk's Office Strategic Planning Committee

Citizen Service

The IG participates in several programs, discussed below, in which citizens provide service hours assisting staff in gathering data and research needed for projects, and maintaining the interior and exterior appearance of the IG office building.

The Volunteers In Pinellas (VIP) program affords citizens the opportunity to make a difference in the community. The program matches individuals' unique interests, talents, and abilities with available volunteer opportunities throughout the County.

The PCSO's Day Reporting program is a work release program allowing an offender who committed a non-violent misdemeanor to serve their jail sentence by completing community service instead of being incarcerated.

The PCSO's Adult Pre-Arrest Diversion program allows a person who commits certain eligible misdemeanor offenses and meets eligibility criteria to complete community service in lieu of a criminal charge.

In adherence to the Centers for Disease Control and Prevention guidelines, to reduce the risk of COVID-19 exposure and transmission, we did not have citizens serving at the IG office in 2022.
