My name is Nicole Boyle, I am a mom whose children go to public school, an employee for a business located in Pinellas County, a homeowner, a taxpayer and a registered voter. I am writing to you in regards to the mask mandate. I implore you to stay strong and do what is best for your constituents. Science doesn't lie. The Governor is only forcing this issue to continue to try to win the President's favor. Repealing the mask mandate is a death sentence for many. There are so many of us who are doing the right thing and need your help. Please vote against repealing the mask mandate. Thank you for your time!

Good Afternoon,

My name is Daniele Schreier, I am a local constituent who has been in this area for over 20 years. My degree is in Public Policy and Administration and I have interned with Pasco County. I am writing to you in regards to the mask mandate. I implore you to stay strong and do what is best for your constituents. Science doesn't lie. The Governor is only forcing this issue to continue to try to win the Presidents favor. Repealing the mask mandate is a death sentence for many. There are so many of us who are doing the right thing and need your help. Please vote against repealing the mask mandate. Thank you for your time!

Sincerely,
Daniele Schreier

Topic State of Emergency & Mask Ordinance

BCC Agenda Date 10-6-2020

Your Stand on the Issue Support

Comments

Commissioners, please hold firm on maintaining the State of Emergency and mask ordinance. We have only three things that are proven to protect us from COVID-19: masks, social distancing, and hand washing. It is a three legged-stool. Do not cut off one of the legs. I urge you not to give in to the mob of weakened and ill-informed anti-maskers. They are experiencing the mind-numbing effects of this pandemic and their sense of danger has been reduced. This is a known side-effect of a constant state of siege. Our Brains Numb Us To COVID19's Risks <https://tampabaytimes-fl.newsmemory.com/>

Comments

Despite some claims that we are flattening the curve, Florida has been in third place in the U.S. for numbers of cases and number of deaths for the past month or so. The number one spot is held by California, whose population is 39.78m, the second is Texas, population 29.90m and we're third with a population of 21.48m. As we all know, the virus does not recognize borders. To believe that Pinellas County has a handle on this pandemic while we're surrounded by others whose numbers are higher, is wishful and harmful thinking. We need to keep renewing the mask mandate until we truly have this under control.

BCC Agenda Date 10-6-2020
Your Stand on the Issue Support

Comments

I am aware that the Board of Commissioners may be considering whether the ordinance referenced above should be continued or should be abandoned. My understanding is that there is some sentiment and possibly pressure from citizens to discontinue the ordinance as they believe that the requirement to wear a mask indoors is an infringement on their rights. I implore you to continue the face-covering requirement, or even to increase the situations under which one must wear a face covering to be more comprehensive and protective. Science has proven that the COVID virus is spread through droplets that are airborne and that travel far greater distances than originally thought. Furthermore, wearing a mask greatly reduces the chance that a person infected will spread the virus. Since it has also been discovered that persons can be infected and contagious without even having symptoms, it is even more critical that everyone wear a mask to protect from becoming ill and to prevent the spread from asymptomatic carriers. Respected medical journals, such as the New England Journal of Medicine, are publishing scientific articles with significant data proving that wearing of masks greatly reduces transmission. As our children and teachers go back to school and our bars reopen, please do not allow the removal of face coverings be another piece of tinder on this fire. I implore you all to consider our community's need to continue the Ordinance that was so wisely adopted.

Topic Face mask ordinance
BCC Agenda Date 10-6-2020
Your Stand on the Issue Support

Comments

Commissioners, I strongly support a continued mask ordinance in Pinellas County. The required use of masks has greatly decreased the spread of the coronavirus not only in Pinellas County, but everywhere masks are required. As a result, the vast majority of people have been able to return to an almost normal life. When everyone is wearing a mask, people feel safe to shop, go out to dinner and participate in other activities because they do not fear that the unmasked person in the building may be spreading the virus. Masks continue to be recommended, for indoor situations and where social distancing is not possible, on both the Florida COVID-19 website <https://floridahealthcovid19.gov/#latest-stats> and CDC website <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>. As we enter Phase 3 reopening in Florida, restaurants will be going to 100% capacity. Packed dining rooms will greatly increase the chances of the virus spreading. The seasonal flu is arriving. Masks have shown to be effective in preventing the spread of the flu in the Southern Hemisphere. You can stop the spread of two viruses at once! People of every age should feel safe when they go out for basic necessary activities. Going to the grocery, department store, pharmacy, malls, etc. should not be a life threatening activity. Shopping safely is only possible if masks are worn by all shoppers and store employees. The following report says it all when it comes to the effectiveness of masks in preventing the spread of the virus; Subject: Absence of Apparent Transmission of SARS-CoV-2 from Two Stylists After Exposure at a Hair Salon with a Universal Face Covering Policy — Springfield, Missouri, May 2020 | MMWR <https://www.cdc.gov/mmwr/volumes/69/wr/mm6928e2.htm> This virus is still highly contagious and can be deadly to some people. If you give this virus an inch, it will take a life. As of this writing, Pinellas County is fourth in total deaths among Florida counties. Please continue the mask ordinance until we see what;

phase 3, the seasonal flu, seasonal visitors, and cooler weather brings. You have a difficult decision, especially in the current political climate. That should not be the case. Everyone should be willing to do whatever is necessary to save lives. Wear a mask, save a life! What ever you decide, the citizens of Pinellas county will have to live, or die, with your decision. Thank you for your service to the citizens of Pinellas County. Stay safe. Respectfully, Vincent Caruso

BCC Agenda Date 10-6-2020

Your Stand on the Issue Support

Comments

The Board should consider the reason the case numbers in Pinellas County are down (and now starting to go up again). It is because you courageously approved the mask ordinance, Please keep the ordinance in effect until such time as the medical experts say it is okay to remove it. Do not make the mistake of removing the ordinance and allowing the positive case numbers to increase once again. Mandatory masks are the main reason the cases have decreased and we want them to continued to decrease. Its about science and not a political statement!

Regarding your discussion of the "Mask Mandate". PLEASE do not cancel the mandate. Gov. DeSantis is not and has not considered the health of Floridians. He has failed, miserably! Currently, Masks and social distancing are the most important tools for staying safe. Health experts and scientists say this virus is not done with us yet. And by the way, cases are rising again. Let the dissenters dissent, but protect the majority.

In light of the President getting Covid (and not wearing a mask or keeping social distancing), please do not change the requirement to wear masks for Pinellas County. Had the President worn a mask, he probably would not have Covid and not have become a 'super spreader'. We are still plateaued in Pinellas and we don't want our numbers to rise again which would force closures.

Thank you,
Debie Scurr

I am writing today to request that you vote YES to keep the mask ordinance in place for Pinellas County. As a long time resident who is also immunocompromised- as our MANY of our residents- I feel it's important to continue this simple task that works to prevent the spread of this horrible disease.

As we approach the return of our snowbirds it's vital, people will be coming from many areas of the country and we need to set an example to keep all of us safe.

Looking at the numbers of deaths in our county alone should lead you in the direction to continue the use of masks. Despite a lower number of documented infections we have a higher number of deaths.

Follow the science, it works!

Dear Commissioner Eggers:

As a Registered Nurse, mother, concerned citizen, voter, and person of color, I strongly urge you to vote to keep the mask ordinance in place. Sadly, COVID-19 disproportionately affects people of color, so it is of special concern to me.

Since Governor DeSantis has gone ahead with COVID-19 phase 3 re-opening, we have seen an increase in COVID-19 numbers. Without face masks, these numbers will be even higher. The science is very clear and unambiguous on this subject: masks work to protect people and prevent unnecessary deaths. Coronavirus is an airborne disease, and the best thing we have for an airborne illness is a mask.

As a registered nurse, I use masks to protect myself and other people. The mask ordinance must remain in place until we see the numbers trend significantly lower for at least two weeks, something that has not occurred. The numbers only look good now in comparison to the astronomical and alarming numbers we were seeing in the summer.

Granted, Pinellas County has fared relatively well compared to other counties in Florida, especially considering the density of our population, and it is thanks to the commissioners who showed the courage and leadership to vote "Yes" to the mask ordinance. I thank them for saving and valuing our lives, and for listening to science and reason.

Comissionor Eggers,

Thank for the the mask mandate for Pinellas County. Our positivity rate has been "holding" because of it. The rate is not going down, which isn't good news. It may also mean masks are not being worn as often as possilbe or correctly. All the data is Science based and supported by Dr. Fauci and Dr. Robert Redfield, just to name two experts.

Another discussion and vote is coming up next week. Please keep the mask mandate in place. If it is lefted I will loose my confidence to shop at Publix, Target or go out to breakfast at local restuarants in Clearwater. It will be more of a risk for everyone.

Please vote YES to extend the mask mandate.

Sincerley,
Maura K Hedrich
Clearwater

Subject Masks

Message Please do not remove the mask mandate. This is the ONLY thing that has made me feel comfortable enough to support our economy by shopping small business, going out to restaurants etc... Please listen to science and make the right choice. I can tell you right now if you do away with the county mask mandate I for one will stop contributing to our county's economy if I feel unsafe. This is a mistake! Pinellas county has done the right thing and was ahead of the curve in Florida. Let's continue protecting the health of our citizens and the businesses in Pinellas by making people feel safe about going out. I can tell you everyone I know feels the same way. If we can't go out without fearing for our health, we won't.

Dear Mr. Eggers,

Just a short note to thank you and the Board for your necessary regulations regarding COVID safety measures. As a health-compromised senior, I am so grateful that Pinellas County allows me to go to the grocery store or an (outdoor seating) restaurant with some small measure of confidence.

Please keep up the good work!

With sincere appreciation,
Sheree Hamrick
St Petersburg

Subject mask mandate - visitor to FL

Message I understand there's great discussion over lifting or easing the mask mandate. I visited Indian Shores in August and I wanted you to understand how important the enforcement of the mask ordinance is. It is the **ONLY** reason I was comfortable visiting (from Ohio). I refused to some nearby areas because of the blatant lack of enforcement and social distancing. In Indian Shores (and Indian Rocks Beach) I felt like my safety mattered. So much so that we've scheduled a return visit in November. The masks make a difference. Don't remove the very thing that has helped so much!! Yes, everyone {everywhere} is tired of the Coronavirus / restrictions and simply just want to stop wearing the masks, but I consider it a fairly immature reason to risk moving backwards in this fight. Re-implementing will be even more difficult. Please know how important this is - my future travel there may hinge on it.
Thanks.

Subject: Mask Mandate is Good!

CAUTION:

This message has originated from **Outside of the Organization**. Do Not Click on links or open attachments unless you are expecting the correspondence from the sender and know the content is safe.

Mr Eggers,

I am writing to you today to express my opinion regarding the county's mask mandate.

Please keep the mandate in place as long as Covid is an issue.

Our customers are afraid to travel during Covid and everything we can do on this end to make them feel safe is a bonus. The scientific evidence is there, masks are one of the only things that work to control the spread.

I know that my wife and I and our families and friends are venturing out to the local community a few times a month and spending money. We appreciate the mask mandate and do not understand the anti-maskers that are over running your meetings.

If the mask mandate were to be rescinded before a vaccine is in place or before Florida is not at further risk of Covid, we will begin to stay home again and that is a detriment to our local economy.

All The Best,

Tim Tolliver

Dear Mr. Eggers: I read a quote from you about rescinding the mask ordinance. All I can say is you must like to tempt fate and want to be responsible for deaths of innumerable people. PLEASE PLEASE PLEASE keep the mask ordinance in place for all indoor establishments. As it is we are still taking too many risks with restaurants, barber shops, and beauty salons open. Aerosol transmission of this virus is REAL and deadly. The only defense we have at this moment is Mask wearing and Social distancing.

Please do your job to protect the people you represent and keep the mask ordinance in place.

Yours truly,
Henrietta C Silverman
