ASSURANCES - NON-CONSTRUCTION PROGRAMS

OMB Approval No. 4040-0007
Expiration Date 02/28/2025

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681- 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

Previous Edition Usable

Authorized for Local Reproduction

Standard Form 424B (Rev. 7-97)
Prescribed by OMB Circular A-102

9. Will comply, as applicable, with the provisions of the Davis- Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327- 333), regarding labor standards for federally-assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93- 205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

Standard Form 424B (Rev. 7-97) Back

Project Abstract Summary

Funding Opportunity Number: SM-23-006

CFDA(s): 93.243

Applicant Name: Pinellas County Board of County Commissioners

Descriptive Title of Applicant's Project:

Pinellas County Treatment for Individuals Experiencing Homelessness

Project Abstract:

Pinellas County, FL is seeking to increase capacity of services, including case management, recovery support services, evidence based mental health and substance use treatment services, and/or housing navigation to 320 individuals over the five-year grant period who have, or are currently, or at-risk of experiencing homelessness, and have serious mental illness, serious emotional disturbance, and/or co-occurring disorder (COD). The County will partner with three (3) organizations including a homeless emergency shelter and behavioral health treatment providers. These providers offer vast experience engaging with individuals experiencing homelessness, connecting individuals to treatment, and assisting clients' entry to housing including permanent supportive housing. Project Name: Pinellas County - Treatment for Individuals Experiencing Homelessness Population Served: The population of focus is primarily male/female adults who are or have experienced homelessness in Pinellas County, Florida, who have a serious mental illness (SMI), serious emotional disturbance (SED), and/or co-occurring disorder (COD). The County is seeking to focus on the population entering the County's largest jail diversion emergency homeless shelter, Pinellas Safe Harbor. The homeless population suffers a variety of ailment and health risks at rates consistently higher, and in some cases dramatically higher, than the housed. Homelessness and Health: What is the Connection Fact Sheet, published by the National Health Care for the Homeless Council in February 2019, showed homeless individuals had depression (49% vs 8%), and substance use disorder (58% vs 16%) when compared to their housed counterparts. The Point in Time study for Pinellas County showed 18.3% of the respondents reported a substance use disorder, and 23% reported having a serious mental health issue. Pinellas Safe Harbor serves on average, 1,385 unique individuals quarterly where 28% self-report having mental illness as a primary need and 14.5% self-report having both alcohol and drug use as a primary need. Project Goals/Measurable Objectives: Goal: Individuals experiencing homelessness are on a path to secure housing, coordinated behavioral health services and to improve their engagement and connection to wraparound services. Pinellas County's objectives are to 1) Reduce the caseload ratio of existing case managers through the hiring of additional staff; 2) Increase the average % of placements into permanent housing; 3) Reduce the # of emergency incidents through connections to medical and behavioral healthcare; and 4) Engage and connect clients to enrollment resources for health insurance, Medicaid/Medicare, and/or mainstream benefits. The County anticipates serving and avg. of 64 clients/year or 320 over the lifetime of the grant. Strategies/Interventions: The TIEH Program will utilize the following evidence-based practices to meet the Program's Goals and Objectives: Critical Time Intervention, Trauma-Informed Care, Stages of Change, Seeking Safety, Motivational Interviewing, and Supportive Housing.

Additional Location(s)

File Name:

SECTION A: Population of Focus and Statement of Need

A-1. Geographic Catchment Area: Pinellas County (Florida) is 280 square miles with 588 miles of coastline located on Florida's West Coast. Pinellas is Florida's most densely populated county with over 3,400 people per square mile and the 7th most populous with over 959,000 residents counted in the 2020 census. **Population of Focus:** The homeless population in Pinellas County includes individuals in emergency, transitional, and safe haven shelters as well as unsheltered homeless individuals and those in jail. The total number of homeless individuals, according to data collected by the Pinellas County Continuum of Care (CoC) has declined from 3,480 persons in 2018 to 2,675 in 2022. 451 individuals were identified as chronically homeless in 2022 with 77 veterans. Pinellas County intends to focus on those individuals' experiencing homelessness who are coming through the Pinellas County Sheriff's Office's (PCSO), Pinellas Safe Harbor emergency shelter (Safe Harbor), as it is the largest emergency shelter in the County and is also receiving individuals who are diverted from the criminal justice system. In January 2011, Safe Harbor opened as a jail diversion, emergency shelter to address a significant need in the community with respect to homeless individuals, oftentimes with criminal justice involvement. Safe Harbor, run by PCSO allows access 24 hours a day 7 days a week for law enforcement and homeless outreach teams. As a low-barrier emergency shelter there are few restrictions to intake. **Coordination with CoC:** Pinellas County Human Services and PCSO have long histories of working with the Pinellas County Continuum of Care (CoC) and serve on the Board and various councils/committees of the CoC. **Demographics:** In 2022, the average daily population of Safe Harbor was 267 with approximately 1,285 unique clients served quarterly. Clients served by Safe Harbor were 27% black/African American and 69% white. Ethnically, 7.5% of Safe Harbor clients were Hispanic/Latino and 92.4% non-Hispanic. Safe Harbor served approximately 71% male clients, 28% female clients, and <1% that identified as "other."

A-2. Extent of Need: The most recent PIT count for Pinellas (2022) indicates that 23% of the adult homeless population self-report challenges associated with serious mental illness and 18.3% for substance use disorder. As the largest emergency shelter in the county with a capacity of 470, Safe Harbor has had an average daily population of 267 individuals. Annual figures for 2022 indicate 30.6% of clients (1694/5540) self-report mental illness and 15.8% (875/5540) self-report alcohol and/or drug misuse – of note reported figures only capture primary special need when more than one is indicated. This would result in approximately 45% of Safe Harbor clients self-reporting a behavioral health need.

In 2022, the facility saw 44 emergency medical services calls related to overdoses and 18 calls for psychiatric crises needs. Safe Harbor has a licensed mental health counselor (LMHC) working full time at the facility to help clients. In 2022 the LMHC worked with 393 clients and Baker Acted (Florida's involuntary mental health examination) 35 – accounting for time off, this resulted in an average of 34 individuals served and 3 Baker Acts monthly.

Safe Harbor utilizes the local Homeless Management Information System (HMIS) to track the prior living situation reported as 45.1% (2500/5540) place not meant for habitation, 2% (110/5540) psychiatric facility, and 1.9% (106/5540) substance use treatment facility.

Service Gaps: In 2020, a working group from the City of Largo Homeless Advisory Team, Homeless Leadership Alliance (Pinellas County’s lead agency for the Continuum of Care - CoC), Pinellas Park and the Pinellas County Sheriff’s Office (PCSO) convened to evaluate the current state of Safe Harbor to include conditions, services, outcomes, and community impact. The goal of the working group was to reduce impacts on emergency services (law enforcement and emergency medical) and surrounding neighborhoods. Key findings of the working group identified the need to utilize methods to better engage Safe Harbor clients in housing and wrap around services. Permanently housing clients utilizing Safe Harbor will take a coordinated response engaging multiple agencies. Additionally, staffing constraints leaves Safe Harbor with an average ratio of 1 case manager per 72 clients while the industry standard is 35 for standard case management and 15 for intensive case management (de Vet, 2013).

Safe Harbor serves both the chronically homeless and non-chronically homeless. Although the chronically homeless are approximately 19% of Safe Harbor client, this population generally has more barriers to re-housing and will likely need more intensive case management services and longer-term support to remain stably housed once housing is attained. The non-chronically homeless may have a higher likelihood of self-sufficiency upon housing attainment with a tiered support system and less intense services. Due to the impacts of homelessness on an individual, both populations were identified in the working group report to need improved access to case management, mental health and/or substance use services, life and job skills training, and improved access to health care.

SECTION B: Proposed Implementation Approach

Number of Unduplicated Individuals to be Served with Award Funds					
Year 1	Year 2	Year 3	Year 4	Year 5	Total
40	80	80	80	40	320

B-1. Goals and measurable objectives: **Goal #1:** Individuals experiencing homelessness are provided access to services that lead to secure permanent housing. **Objective 1-1:** Reduce the caseload of existing FY23 Safe Harbor Social Workers/Case Managers by 20% by Year 2 (FY25) by hiring additional Social Worker/Case Manager FTEs to support the daily population. **Objective #1-2:** Increase the % who discharge to a permanent housing solution in the community to 5% by 2026 (3.7% in 2022). **Goal #2:** Individuals experiencing homelessness with a self-reported mental health or substance use diagnosis, are engaged in managing their health conditions. **Objective #2-1:** Reduce the # of emergency “notable” incidents by 5% after the five-year project period. **Objective #2-2:** 5% of uninsured program clients enroll in resources for medical care, health insurance, Medicaid/Medicare, and/or mainstream benefits. **Objective #2-3:** TIEH clients

enrolled in the Pinellas County Health Program have a medical visit with a primary care provider within 60 days of intake.

B-2. To carry out the required activities, Pinellas County will partner with Safe Harbor as the place-based point of entry for individuals experiencing homelessness. Pinellas County will contract, via a sub-award, with Boley Centers (Boley) and Personal Enrichment through Mental Health Services (PEMHS), two provider organizations who will implement and deliver the TIEH program with a staffing model of a Project Director, Counselor, Case Managers, and Peer staff.

With over 1,000 unique homeless individuals passing through Safe Harbor each quarter, the TIEH Program staff will initiate **outreach and engagement** with individuals at Safe Harbor. Upon intake at Safe Harbor clients self-report any mental health or substance use diagnosis (SMI, SED, or COD) or concerns. Through the partnership with Safe Harbor, Boley and PEMHS Case Management staff will be based within Safe Harbor to engage and further assess those clients within the first few days of their arrival to the shelter.

Pinellas County TIEH Program will develop and implement a service delivery plan that addresses the following: Case Managers will provide intake and coordinate the **screening of clients for mental health, substance use, or co-occurring disorder** utilizing several screening tools to include CAGE substance use screening tool, Functional Assessment Rating Scales (FARS), DLA Functional Assessment, a biopsychosocial evaluation. These screening tools will provide staff a baseline assessment of an individual to inform treatment planning and can be leveraged at 6 month or annual intervals and discharge to review service effectiveness.

o Upon review of the screening results and **enrollment into TIEH**, Case Managers will work with each individual client to understand their needs and desires regarding services available through TIEH, and behavioral health treatment options. **Referrals can be made to community based mental health care providers and/or substance use treatment providers.** All community-based providers that the Pinellas TIEH program can refer to can provide co-occurring treatment services, the deciding factors will be individualized and take into consideration client choice and primary diagnosis. The TIEH program will also incorporate a licensed mental health counselor (LMHC) or licensed clinical social worker (LCSW) into the staffing model to provide on-site access at Safe Harbor. This position will support a current non-TIEH LMHC, on-site that provides crisis diversion, and to assist clients with maintenance type interventions.

Located adjacent to Safe Harbor is the Bayside Health Clinic, a Federally Qualified Health Center (FQHC) serving homeless residents through the Pinellas County Health Care for the Homeless (HCH) program. The HCH program includes a full array of mental health and substance use disorder services, including Medication Assisted Treatment (MAT). Eligible clients of TIEH needing medical coverage will be assisted with the HCH program intake to receive primary medical care and access to behavioral health, specialty care and pharmacy.

o Boley & PEMHS will deliver **trauma-informed, culturally competent services and utilize evidence-based practices including** Motivational Interviewing (MI) and Seeking Safety to support clients through service engagement and treatment. MI is an evidence-based practice that has proven successful by working with a client providing a guiding methodology that works to enhance individual motivation to change, rather than directing an individual to change. Seeking Safety is an evidence-based therapy treatment that helps individuals with trauma, post-traumatic stress disorder, and substance misuse.

Boley staff routinely work with sister agencies, ensuring that clients gain **access to local outpatient, intensive outpatient, short-term residential, or recovery housing program resources** and to ensure that services, treatment and housing are available to people they serve. Boley staff have established strong referral relationships, consult with medical providers from the various agencies, and are aware of community resources and program eligibility requirements.

o Boley is the largest provider of permanent supportive housing for people with special needs in Pinellas County. Boley operates 57 group home beds for people with mental illness and two Safe Haven facilities serving 45 chronically homeless individuals with mental illnesses, including 20 Veterans. Boley has developed 14 HUD 811 projects with 230 units and an additional 50+ units of affordable housing developed through a variety of funding sources. Boley developed over 308 permanent supportive housing units for homeless people and disabled by mental illness.

Boley's case management staff and the use of the best practice model of Supportive Housing further **supports stability across service and housing transitions**. The staff use evidence-based practices in their method of service delivery including techniques from Critical Time Intervention, Motivational Interviewing, and Stages of Change. These practices increase housing stability, build motivation, and strengthen commitment among participants. Boley uses the evidence-based Individual Placement and Support approach for its Supported Employment Programs. All staff are trained in Trauma Informed Care, a best practice approach to recognize trauma symptoms and integrates this information into treatment planning and delivery.

o Safe Harbor is currently developing **telehealth access** to community primary care (HCH program), and mental health and substance use providers using telehealth stations (laptops/iPads) configured to connect clients to specific community providers. The population of focus often do not have consistent access to telehealth enabled smartphones or laptops with internet connections. Additional laptops and tablets will be procured by Boley to allow clients choice in their treatment provider while still providing virtual opportunities for treatment engagement.

o Boley has successfully engaged **Peers** in a variety of programs and will seek to **hire individuals with lived experience** for Peer positions in the TIEH Program. Peer positions are pivotal in seeking client engagement and providing individuals the support necessary to effectively engage in treatment and other supportive services.

o Pinellas County launched a Coordinated Access Model (CAM) in April of 2023 for adults ages 18-64. The CAM is a virtual hub that connects Pinellas's adults with providers that offer structured therapy (i.e., individual, group, CBT, etc.), case management, and other outpatient, non-crises behavioral health services. **Individuals not eligible for TIEH**, those without a diagnosis of a severe and persistent mental illness, **will be referred** to the CAM for behavioral health needs, Pinellas HMIS for housing resources and connections to coordinated entry, and to 211 for any additional social service needs. Staff will continue outreach with these non-eligible individuals to **follow-up after referral to ensure connection to services and housing**.

o Boley hires individuals who are engaged with the community and often live in the same communities that the organization's clients reside. Boley homes and apartments are dispersed throughout the communities in which their employees live and work. The organization's **employment statistics are equal to or exceed the general population demographics**.

Additionally, Boley supports and operates a Consumer Advisory Board, in existence since 1984, with representatives from throughout its programs to provide administration and staff with feedback regarding the agency's services. The Board's mission is to provide a forum for consumer to voice their concerns regarding program and facility issues. The Board is comprised of representatives from each program area and each residence of Boley, including consumers currently living and working in the community.

o Boley has developed a **Language Assistance Plan (LAP)** to address the organization's responsibilities for the needs of individuals with Limited English Proficiency (LEP). Boley utilized the U.S. Department of Transportation (USDOT) LEP Guidance Handbook and performed a four-factor analysis to develop its LAP. Factor 2 of this four-factor process identifies the frequency with which LEP individuals encounter Boley's programs, activities and services. Through various methods it was identified that Boley staff infrequently interact with LEP persons and that most of these interactions have occurred with LEP persons who mainly spoke Spanish. Over the 5-year review period, Boley had 10 requests for translated documents. Boley has had all tools and resources translated into Spanish and have a contract to language services to address any other language needs for clients engaging with Boley services.

o Boley works exclusively with people with very low income of all demographics, providing housing and psycho-social rehabilitation services. 92% of the people served by Boley have income at or below 35% AMI. Boley provides services to all minority populations and place services in areas of high concentration of minorities and marginalized populations. Boley does not discriminate based on gender, race, religion, sexual orientation, or any other protected demographic. The agency strives to ensure that resources are accessible to any marginalized groups. **Demographic data will be collected to ensure access and address any disparity gaps**.

o The TIEH program will **create conflict and grievance resolutions processes that are culturally and linguistically appropriate**, similar to those currently in place at Boley. Boley posts public notices at many locations to apprise the public of their rights under Title VI, Civil Rights Act of

1964. These notices are located, at minimum, at reception desks, meeting rooms, public areas of Boley offices and on the Boley website. Boley provides access to a Title VI Complaint Form that individuals can utilize to address discrimination complaints. The complaint procedure, process and form are all accessible on Boley's website www.boleycenters.org. The forms are accessible in English and Spanish.

o Program staff will work with TIEH clients to **identify eligibility and coordinate access to health insurances, Medicaid, and other publicly funded assistance**. Referrals will be made to the SSI/SSDI Outreach, Access, and Recovery (SOAR) program for coordination and submittal of SSI and SSDI benefit applications and connections to stabilizing social services to assist in facilitating self-sufficiency. Services may also include referrals to local health insurance marketplace navigators, local indigent care health programs and will be determined individually based upon each clients' specific needs and circumstances. Benefits coordination is a key component of TIEH case management to aid in client stability upon housing attainment. Case managers will work with clients to attain proper identification documents, treatment records, income verifications, and other necessary documentation to support application to the best suited programs based upon their needs.

o Case Managers **will provide linkages to and support engagement with recovery support services** to ensure retention in services and to support continued treatment gains. The DLA Assessment initiated at intake will help guide staff with which linkages are needed. Services will be tailored to each participant and engagement will be supported with assistance from peer specialists, recovery coaches, and master's level counselors. Referrals will include vocational rehabilitation, Job Corp and Career Source Pinellas, and coordination with disadvantaged transportation programs. Safe Harbor residents have access to loaner bikes and support groups and classes offered on-site at the facility such as: Alcoholics Anonymous, Narcotics Anonymous, HIV Awareness, Walkwise-Pedestrian Safety, Go Healthy, Milieu Therapy Listening Groups, and Recovery Together – Substance Abuse Recovery. Through the SOAR and HCH programs, clients can further access occupational therapy and other resources to stabilize and facilitate self-sufficiency (financial assistance, food, housing, financial responsibility, etc.).

o Case Managers will work with clients **to connect them to sustainable permanent housing resources** through a variety of tools available within Pinellas County. A VISPDAT is the initial assessment within Pinellas County for an individual to access coordinated entry. The VISPDAT is completed within the Homeless Management Information System (HMIS), the system utilized by Pinellas' Coordinated Entry System for the Continuum of Care (CoC). This system allows clients to be assessed for the appropriate housing resource and connect them when that resource becomes available. Resources may include rapid rehousing, HUD/VASH, permanent supported housing, tenet-based housing vouchers, unaccompanied youth vouchers, or supported housing.

o PEMHS acts as the backup for **Pinellas County's 988 call center**. Beyond the call center, PEMHS provides a community-based mobile crisis response team that is available 24/7 that serves as part of a "no wrong door" model and will travel to the acute situation or crisis to provide assistance and meet any level of need.

o Pinellas County, for the TIEH Program, will leverage a well-established Quarterly ***Safe Harbor Partner's Meeting to act as the Steering Committee for this project***. Upon award, Pinellas County will review membership (***culturally and linguistically diverse***) and extend invitations to any required representation that is identified as not represented, such as the SAMHSA Government Project Officer.

o The TIEH ***Infrastructure Development included in the budget will consist of staff training***. Additionally, *without cost*, staff will work to develop partnerships with various housing authorities, shelters, and transitional housing program. These partnerships will be incorporated into TIEH Program Policies developed at the initiation of the program. Policies will address staffing structure, client eligibility, referral processes, and grievance procedures.

B-3. In ***Attachment 4***, Pinellas County has provided a realistic ***timeline*** for the five (5) years of the project period showing dates, key activities, and responsible staff.

SECTION C: Proposed Evidence-Based Service/Practice

C-1. Boley and PEMHS intend to ***utilize the following Evidence-Based Practices (EBPs)*** - Motivational Interviewing (MI), Seeking Safety, Critical Time Intervention, and Stages of Change to engage clients. ***The population of focus*** often have a trauma history, involvement with the justice system, and/or suffer from behavioral health issues where these EBPs will accommodate the client's needs and build a better relationship with between the client and supportive staff. MI is an evidence-based practice that incorporates the concepts of partnership, acceptance, compassion, and evocation to provide a person-centered guiding method to encourage an individual's motivation to change. Peer and counseling services afford clients access to the evidence-based model of Seeking Safety, which incorporates the overarching goals of safety for a client in an integrated treatment model. Seeking Safety is a coping skills approach to help individuals attain safety from trauma and/or addiction with a focus on the present. This model supports the MI practice as it focuses on empowerment and choice and while it encourages self-help groups, it does not require them.

For clients eligible for Supportive Housing services, Boley offers a best practice model of Supportive Housing where staff use Critical Time Intervention and Stages of Change EBPs. These practices increase housing stability, build motivation, and strengthen commitment among clients. Boley also uses the evidence-based Individual Placement and Support approach for our Supported Employment Programs. All staff are trained to provide Trauma-Informed Care, a best practice approach that recognizes trauma symptoms and integrates information into treatment planning and delivery. ***No modifications have been made to the EBPs for use in this program.***

C-2. The TIEH program ***will monitor and ensure fidelity through the reassessments of clients*** utilizing Functional Assessment Rating Scales (FARS) or DLA Functional Assessment. The screening tools will provide staff a baseline assessment of an individual to inform treatment planning and can be leveraged at 6 month or annual intervals to review service effectiveness and

inform the program of the impact of MI, Seeking Safety, and other services provided to TIEH clients throughout their tenure in the program.

SECTION D: Staff and Organizational Experience

D-1. Pinellas County (applicant), through its Human Services Department has been creating solutions for a stronger community by serving those most in need since 1955. With a network of over 105 partner agencies and managing over 200 contracts and \$26 million in federal and state grants, Human Services works with our partners to help County residents meet essential needs and increase their self-sufficiency through a range of community programs covering health, homelessness, consumer protection, veteran services, justice coordination services, financial assistance and more. Pinellas County's Health Care for the Homeless (HCH) program provides primary care, dental, and specialty care *services to over 2,000 homeless residents annually* through the Bayside Health Clinic, a mobile medical unit, a street medicine team, and telehealth.

PCHS will partner through a subaward agreement with ***Boley Centers and Personal Enrichment through Mental Health Services, Inc.***, two local non-profit mental health providers with long histories of providing services to the target population.

Boley will be the lead subrecipient agency with oversight of the TIEH program through Project Director/Performance Management and supporting Case Management/Peer Staff. Since 1970, Boley has been providing residential, psychiatric and substance abuse treatment, educational, skills training and vocational services for veterans and non-veteran residents of Pinellas County who have behavioral health disabilities. Boley provides assertive community treatment, supported housing, case management, psychiatric rehabilitation services, work adjustment training, community employment services, supported employment, follow-along services, psychiatric care, and educational and vocational programs for young adults. Boley Centers is the largest provider of permanent supportive housing for people with severe and persistent mental illness many of whom have co-occurring substance use disorders in Pinellas County, providing over 1,000 units of affordable housing with approximately 800 of those providing permanent supported housing services. Approximately ½ of the people served have been homeless for extended periods of time. Boleys' Supported Living program provides supported housing services to people with severe and persistent mental illness residing in scattered-site apartments throughout the community. Additionally, Boley operates 57 group home beds for people with mental illness and two Safe Haven facilities serving 45 chronically homeless individuals with mental illnesses, including 20 Veterans.

Boley has been an active member of the social services community and were original members of the Pinellas County Homeless Coalition, now the Homeless Leadership Alliance of Pinellas. Boley's CEO and COO have maintained active leadership roles and Boley staff are actively involved in its committees and the Coordinated Entry System. Boley routinely works with sister agencies, ensuring that clients gain access to local resources and to ensure that services, treatment, and housing are available to people they serve.

PEMHS, will provide clinical care staffing to the TIEH Program through a subaward agreement to Boley. PEMHS has been committed to providing care in crisis since 1981. The agency's comprehensive range of programs are designed to meet the needs of children, adults, and families to build strong communities. Programs include a 24-hour suicide hotline, emergency screening, crisis interventions services, inpatient services for adults and children, and community-based programs. Community-based services include the Community Action Team, Largo Strong, System Navigation, the Behavioral Health Network (BNet), H.O.M.E. Navigation, Pinellas Integrated Care Alliance (PICA) Team, and Mobile Crisis Response Team (MCRT). The PICA team provides integrated case management to connect individuals to community treatment and resources in collaboration with the Pinellas County Sheriff's Mental Health Unit (MHU). The MHU refers individuals in need of care to the PICA team. The PICA Steering Committee (Pinellas County Administration, the Pinellas County Sheriff's Office (PCSO), Central Florida Behavioral Health Network, and Department of Health Pinellas) discusses outcomes and findings to improve program service delivery and the overall system of care.

PCSO, will provide on-site access and office space to Pinellas Safe Harbor for TIEH Program. The PCSO is the lead law enforcement agency for Pinellas County. The PCSO is committed to establishing methods to prevent the criminalization of the homeless and mentally ill population. The Mental Health Unit (MHU) was created to reduce both Baker Acts and contact with law enforcement officers among those living with mental illness. The MHU pairs a specially trained deputy with a civilian Crisis Response Specialist to meet with citizens in mental health crisis that may warrant intervention, who are often times homeless individuals. The PCSO's Safe Harbor has been providing emergency shelter and case management to homeless adults since 2011. Safe Harbor management holds regular meetings with all partners of homeless services within Pinellas County to identify collaborative methods to help reduce homelessness. All new deputy sheriff's receive Mental Health First Aid training and training specific to homelessness and Safe Harbor before they complete their field training program. The PCSO has representation and collaborates with the the Homeless Leadership Alliance of Pinellas: Board of Directors, Data and System Performance Committee, Point in Time, Provider's Council and SOAR.

D.2. Staffing for the project will include: Project Director - 1.0 LOE; Licensed Mental Health Counselor (LMHC) or Licensed Clinical Social Worker (LCSW) – 1.0 LOE; Intensive Case Managers – 2.0 LOE; Peer Specialists – 2.0 LOE; and Evaluator – 0.25 LOE. Job descriptions for each of the positions are attached to this application.

The ***Project Director*** will be responsible for day-to-day operations, ensuring data entry into the SPARS system, and coordinating the team's efforts with Safe Harbor and referral partners. This self-contained clinical team provides treatment, rehabilitation, and support services to clients who have are experiencing homelessness and who have severe and persistent mental illnesses; supervises and evaluates the team in conjunction with appropriate psychiatric support to ensure service excellence to program clients; and also functions as a practicing clinician on the team. Qualifications include master's degree in social work or mental health counseling. LCSW/LMHC preferred. ***Evaluator (0.25 FTE):*** PCHS will contract with an organization/ individual to compile

reports and data summaries to assist and inform the program. Qualifications include Graduate Degree in Public Health, Behavioral Sciences, or similar and at least two years professional experience evaluating programs. **Licensed Mental Health Counselor (LMHC) or Licensed Clinical Social Worker (LCSW) (1.0 FTE):** Provide assessment of mental health needs, case management, and general health education to clients assigned to caseload. They will also collaborate with physician offices and other partners in the clients' care. Qualifications include a master's degree and licensure or at minimum license eligible **Intensive Case Manager (2.0 FTE):** Assesses service and treatment needs of clients residing in or entering permanent supported housing and ensures all needed services are provided. Completes appropriate and necessary reports (including NOMS reporting), records, documents, etc. and files in appropriate records. Qualifications include a bachelor's degree and a 1-3 years' experience working with serious mental illness. **Peer Specialist (2.0 FTE):** Works with the treatment team to provide psycho-social rehabilitation services to consumers. Provides mentoring services to consumers to assist with the achievement of individualized goals. Qualifications include a High School Diploma or GED Equivalency and six months of responsible work experience, preferable involving interactions with the public.

SECTION E: Data Collection and Performance Measurement

E-1. Pinellas County will leverage the case management staff *to collect the client specific data* for the National Outcome Measures (NOMs) during client interactions at intake, six months, and at discharge. Clients will be provided non-cash incentives for NOMS participation and informed they are not required to complete the NOMS portion of the project to receive services. Further, clients will be assessed via the Functional Assessment Rating Scales (FARS) or DLA Functional Assessment tool at intake to determine eligibility and to direct treatment. These assessments will be done annually, and recorded in the electronic record, during program enrollment to evaluate an individual's progress during service engagement. The Project Director will ensure assessment completion at proper intervals to monitor the clients' clinical functioning and to provide an objective measure of where they are and their success. The Project Director will collect data elements for the required IPP reporting of: # of individuals screened for mental health or related interventions, #/% of individuals receiving mental health or related services after referral, # of communities that enhance health information sharing for provision of services between agencies and programs, and # of organizations collaborating or sharing resources with other organizations as a result of the grant.

Pinellas County Human Services works closely with the Evaluator and TIEH partners, Boley, PEMHS, and PCSO, to manage, monitor, and enhance the program by reviewing utilizing the SPARS data elements, the assessment tools, data collected by PCSO Safe Harbor, and will discuss proposed changes that may better inform the program's evaluation. **E-2. PCHS's Quality Assurance (QA) team** is well versed in data aggregation and has extensive experience developing program dashboards within PowerBI. Data will be requested monthly, reviewed by QA to ensure validity, and populate the dashboard. **Demographic and disparity data elements will be included in the dashboard to identify and close any gaps.** The Quarterly Steering Committee meetings will be leveraged to present the dashboard for partners to review the data, evaluate the programs efforts, and monitor progress towards the program's goals and objectives.

Project Abstract: Pinellas County Board of County Commissioners

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756

PinellasCounty.org | FOA No: SM-23-006

Project Summary: Pinellas County, FL is seeking to increase capacity of services, including case management, recovery support services, evidence based mental health and substance abuse treatment services, and/or housing navigation to 320 individuals over the five-year grant period who have, or are currently or are at-risk of experiencing homelessness, and have serious mental illness (SMI), substance abuse disorder (SUD, serious emotional disturbance (SED), and/or co-occurring disorder (COD).

The County will partner with three (3) organizations including a homeless emergency shelter and behavioral health treatment providers. These providers offer vast experience engaging with individuals experiencing homelessness, connecting individuals to behavioral health treatment, and assisting clients' entry to housing including permanent supportive housing.

Project Name: Pinellas County - Treatment for Individuals Experiencing Homelessness

Population Served: The population of focus is primarily male/female adults who are or have experienced homelessness in Pinellas County, Florida, who have a serious mental illness (SMI), serious emotional disturbance (SED), and/or a co-occurring disorder (COD). The County is seeking to focus on the population entering the County's largest jail diversion emergency homeless shelter, Pinellas Safe Harbor.

The homeless population suffers a variety of ailments and health risks at rates consistently higher, and in some cases dramatically higher, than the housed. *Homelessness and Health: What is the Connection Fact Sheet*, published by the National Health Care for the Homeless Council in February 2019, showed homeless individuals had Depression (49% vs. 8%), and substance use disorders (58% vs. 16%) when compared to their housed counterparts. The Point In Time study for Pinellas County showed 18.3% of the respondents reported a Substance Use Disorder, and 23.0% reported having a serious mental health issue. Pinellas Safe Harbor serves, on average, 1,385 unique individuals quarterly where 28% self-report having mental illness as a primary need and 14.5% self-report having both alcohol and drug use as a primary need.

Project Goals/Measurable Objectives: Goal: Individuals experiencing homelessness are on a path to secure housing, coordinated behavioral health services and improve their engagement and connection to wraparound services. Pinellas County's objectives are to 1) Reduce the caseload ratio of existing Case Managers through the hiring of additional staff; 2) Increase the average % of placements into permanent housing; 3) Reduce the # of emergency incidents through connections to medical and behavioral health care; and 4) Engage and connect clients to enrollment resources for health insurance, Medicaid/Medicare, and/or mainstream benefits.

The County anticipates serving an avg. of 64 clients/year or 320 over the lifetime of the grant.

Strategies/Interventions: The TIEH Program will utilize the following Evidence Based Practices to meet the Program's Goals and Objectives:

- Critical Time Intervention
- Trauma-Informed Care
- Stages of Change
- Seeking Safety
- Motivational Interviewing (MI)
- Supportive Housing

	Software licensure for staff access to the electronic health record.										
9	Contracted PEMHS LCSW or LMHC	Unit Cost/Rate	\$90,000.00	Basis	per position	Quantity	1.00	Duration	1.00	Other Cost	\$90,000
	Budget for \$73,770 salary and \$16,229 fringe for 1 FTE - salary costs are based upon recent costs for similar positions within the organization										
10	Client Incentives	Unit Cost/Rate	\$30.00	Basis	participant	Quantity	3.00	Duration	50.00	Other Cost	\$4,500
	Client incentives will be non-cash incentives, such as gift cards, and are budgeted at \$30 each for clients and will be provided at the completion of data collection for the required NOMS to encourage client participation in these efforts. The use of incentives is appropriate, judicious, and conservative and do not provide "undue inducement" that would remove the voluntary nature of participation. The incentives will be leveraged as an opportunity to compensate individuals for the additional time required to complete the NOMS tool, beyond treatment related assessments. Clients will be informed they										

Line Item #	Contractual Other Narrative:
	are not required to complete the NOMS portion of the project to receive services.

I. Total Direct Charges (sum A to H)	\$499,999	\$499,999	\$499,999	\$499,999
J. Indirect Charges				
Total Project Costs (sum of I and J)	\$499,999	\$499,999	\$499,999	\$499,999

Budget Summary Narrative:
Pinellas County anticipates future year costs to be the same/similar to year 1. Items that are start up costs and will not be realized in future years will be offset by increases anticipated in staffing costs - salary and fringe.

FUNDING LIMITATIONS / RESTRICTIONS

Funding Limitation/Restriction
No more than 15 percent of the total award for the budget period may be used for developing the infrastructure necessary for expansion of services.

	Year 1	Year 2	Year 3	Year 4	Year 5	Total for Budget Category
A. Personnel						
B. Fringe Benefits						
C. Travel						
D. Equipment						
E. Supplies						
F. Contractual	\$3,500	\$3,500	\$3,000	\$1,000	\$1,000	\$12,000
H. Other						
I. Total Direct Charges (sum A to H)	\$3,500	\$3,500	\$3,000	\$1,000	\$1,000	\$12,000
J. Indirect Charges

Percentage of the Budget	0.700%	0.700%	0.600%	0.200%	0.200%	

Funding Limitation/Restriction Narrative:
Although awards for the provision of services must be used primarily for direct services, SAMHSA recognizes that infrastructure changes may be needed to implement the services or improve their effectiveness. You may use no more than 15 percent of the total award for the types of infrastructure development listed below, if necessary, to support the direct service expansion of the project. You must describe in Section B of your Project Narrative the use of funds for infrastructure activities which may include: Developing partnerships with other providers for service delivery and stakeholders serving the population of focus, including those working with underserved and diverse populations. Training/workforce development to help your staff or other providers in the community identify mental health or substance abuse issues, implement evidence-based practices, or provide effective culturally and linguistically competent services consistent with the purpose of the program. Policy development to support needed service system improvements (e.g., rate-setting activities, establishment of standards of care, adherence to the Behavioral Health Guide for the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care, development/revision of credentialing, licensure, or accreditation requirements)
Pinellas County is leveraging grant dollars for required staff trainings, which aligns with the definition of infrastructure from the

NOFO (verbiage above)

Funding Limitation/Restriction

No more than 15 percent of the total award for the budget period may be used for data collection, performance measurement, and performance assessment, including incentives for participating in the required data collection follow-up.

	Year 1	Year 2	Year 3	Year 4	Year 5	Total for Budget Category

J. Indirect Charges						
TOTAL for the Budget Year	\$44,500	\$49,000	\$49,000	\$49,000	\$43,600	\$235,100
Percentage of the Budget	8.900%	9.800%	9.800%	9.800%	8.720%	

Funding Limitation/Restriction Narrative:

No more than 15 percent of the total award for the budget period may be used for data collection, performance measurement, and performance assessment, including incentives for participating in the required data collection follow-up.

Pinellas County is leveraging grant dollars for an evaluator and client incentives for the TIEH program - these line item amounts are included in the above table representing the grant funding to be used for data collection, performance measurement, and performance assessment.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ASSURANCE OF COMPLIANCE

Under the Paperwork Reduction Act of 1995, as amended, and 5 C.F.R. § 1320.5(b)(2)(i), persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 0945-0008. In lieu of completing this hard copy form and mailing it in, the Applicant may provide this assurance via the U.S. Department of Health and Human Services' Assurance of Compliance online portal at <https://ocrportal.hhs.gov/ocr/aoc/instruction.jsf>.

ASSURANCE OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, SECTION 504 OF THE REHABILITATION ACT OF 1973, TITLE IX OF THE EDUCATION AMENDMENTS OF 1972, THE AGE DISCRIMINATION ACT OF 1975, SECTION 1557 OF THE PATIENT PROTECTION AND AFFORDABLE CARE ACT, AND FEDERAL CONSCIENCE AND NONDISCRIMINATION LAWS

The Applicant provides this assurance in consideration of and for the purpose of obtaining Federal grants, loans, contracts, property, discounts or other Federal financial assistance from the U.S. Department of Health and Human Services.

THE APPLICANT HEREBY AGREES THAT IT WILL COMPLY WITH:

1. Title VI of the Civil Rights Act of 1964, as amended (codified at 42 U.S.C. § 2000d *et seq.*), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin (including limited English proficiency) be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
2. Section 504 of the Rehabilitation Act of 1973, as amended (codified at 29 U.S.C. § 794), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified individual with a disability in the United States shall, solely by reason of their disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
3. Title IX of the Education Amendments of 1972, as amended (codified at 20 U.S.C. § 1681 *et seq.*), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 86), to the end that, in accordance with Title IX and the Regulation, no person in the United States shall, on the basis of sex (including pregnancy, sexual orientation, and gender identity), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any education program or activity for which the Applicant receives Federal financial assistance from the Department.
4. The Age Discrimination Act of 1975, as amended (codified at 42 U.S.C. § 6101 *et seq.*), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
5. Section 1557 of the Patient Protection and Affordable Care Act, as amended (codified at 42 U.S.C. § 18116), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 92), to the end that, in accordance with Section 1557 and the Regulation, no person in the United States shall, on the ground of race, color, national origin (including limited English proficiency), age, disability, or sex (including pregnancy, sexual orientation, and gender identity) be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any health program or activity for which the Applicant receives Federal financial assistance from the Department.

As applicable, the Church Amendments, as amended (codified at 42 U.S.C. § 300a-7), the Coats-Snowe Amendment (codified at 42 U.S.C. § 238n), the Weldon Amendment (*e.g.*, Consolidated Appropriations Act, 2022, Pub. L. No.

117-103, Div. H, Title V § 507(d), 136 Stat 49, 496 (Mar. 15, 2022)) as extended by the Continuing Appropriations and Ukraine Supplemental Appropriations Act, 2023, Pub. L. No. 117-180, Div. A, § 101(8) (Sep. 30, 2022); , Section 1553 of the Patient Protection and Affordable Care Act, as amended (codified at 42 U.S.C. § 18113), and Section 1303(b)(4) of the Patient Protection and Affordable Care Act, as amended (codified at 42 U.S.C. § 18023(b)(4)), and 45 C.F.R. Part 88, to the extent that the rights of conscience are protected and associated discrimination and coercion are prohibited, in any program or activity for which the Applicant receives Federal financial assistance. Consistent with applicable court orders, the version of Part 88 in effect as of [October 20, 2022] is found at 76 Fed. Reg. 9968-9977 (Feb. 23, 2011).

The Applicant agrees that compliance with this assurance constitutes a material condition of continued receipt of Federal financial assistance, and that it is binding upon the Applicant, its successors, transferees, and assignees for the period during which such assistance is provided.

If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is so provided, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of the property. The Applicant further recognizes and agrees that the United States shall have the right to seek judicial enforcement of this assurance.

The person whose signature appears below is authorized to sign this assurance and commit the Applicant to the above provisions.

Clearwater, FL 33756

Dear Administrator Burton:

I am pleased to offer this letter of commitment from the Pinellas County Sheriff's Office (PCSO) to partner with Pinellas County Human Services for the ***FY23 SAMHSA Treatment for Individuals with Serious Mental Illness, Serious Emotional Disturbance, or Co-Occurring Disorders Experiencing Homelessness (TIEH)*** grant opportunity. We have worked as a partner with Pinellas County and numerous homeless service providers at the Pinellas Safe Harbor emergency homeless shelter to serve the chronically homeless, keep them out of the county jail and the criminal justice system, and give them the necessary tools to redirect their lives. This is the target population that will be served by this project.

PCSO supports the grant's goals to 1) engage and connect the population of focus to behavioral health treatment, case management, and recovery support services; 2) assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies; and 3) provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.

PCSO commits to supporting the proposed initiatives of this grant program by:

- Participating in the implementation of the program by educating and referring residents of Pinellas Safe Harbor to the services available.
- Providing access and workspace within the facility for contracted partners to conduct targeted case management, integrated behavioral health treatment, peer support, recovery support services, and linkages to sustainable permanent housing for individuals who are experiencing homelessness in Pinellas County.

April 24, 2023
Page 2

PCSO provides full support and partnership in this project to provide additional services for this underserved population. Thank you for your continued efforts to improve access to and delivery of coordinated comprehensive services to the homeless residents of Pinellas County.

Sincerely,

Sheriff Bob Gualtieri
Pinellas County, Florida

Clearwater, FL 33756

Dear Administrator Burton:

I am pleased to offer this letter of commitment from Boley Centers, Inc. to partner with Pinellas County's Human Services Dept. for the ***FY23 SAMHSA Treatment for Individuals with Serious Mental Illness, Serious Emotional Disturbance, or Co-Occurring Disorders Experiencing Homelessness (TIEH)*** grant opportunity.

Boley Centers supports the grant's goals to 1) engage and connect the population of focus to behavioral health treatment, case management, and recovery support services; 2) assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies; and 3) Provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.

Boley Centers commits to supporting the proposed initiatives of this grant program by:

- Identifying and hiring the 1.0 FTE Project Director responsible for implementation of the Project, Data Collection and Reporting.
- Carrying out the Required & Allowable Activities of the grant program by hiring additional clinical/case management staff responsible for engaging prospective clients in program services offered directly or within the community.
- Working closely with Pinellas County Human Services, Pinellas County Sheriff's Office, PEMHS, and all identified community partners for implementation of the program's goals and objectives.

Further, Boley Centers certifies that the organization meets the two-year mental health experience requirement and applicable licensing, accreditation, and certification requirements. Boley Centers provides full support and partnership in this project to provide additional services for this underserved population. Thank you for your continued efforts to improve access to and delivery of coordinated comprehensive services to the homeless residents of Pinellas County.

Sincerely,

Kevin Marrone
President/CEO

Barry A. Burton
Pinellas County Administrator
315 Court Street
Clearwater, FL 33756

Dear Administrator Burton:

I am pleased to offer this letter of commitment from Personal Enrichment Through Mental Health Services, Inc. (PEMHS) to partner with Pinellas County's Human Services Dept. for the ***FY23 SAMHSA Treatment for Individuals with Serious Mental Illness, Serious Emotional Disturbance, or Co-Occurring Disorders Experiencing Homelessness (TIEH)*** grant opportunity.

PEMHS supports the grant's goals to 1) engage and connect the population of focus to behavioral health treatment, case management, and recovery support services; 2) assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies; and 3) Provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.

PEMHS commits to supporting the proposed initiatives of this grant program by:

- Carrying out the Required & Allowable Activities of the grant program by hiring additional clinical/case management staff responsible for engaging prospective clients in program services offered directly or within the community.
- Working closely with Pinellas County Human Services, Pinellas County Sheriff's Office, Boley Centers, and all identified community partners for implementation of the program's goals and objectives.

Further, PEMHS certifies that the organization meets the two-year mental health experience requirement and applicable licensing, accreditation, and certification requirements. PEMHS provides full support and partnership in this project to provide additional services for this underserved population. Thank you for your continued efforts to improve access to and delivery of coordinated comprehensive services to the homeless residents of Pinellas County.

Sincerely,

Maxine Booker
President/Chief Executive Officer

DOMINIQUE RANDALL

St. Petersburg, FL 33713 – 434-851-4556

DDRANDALL434@GMAIL.COM

Dedicated to serve and work towards permanent solutions to strengthen resilient communities. Passion to improve health and housing insecurities and intrinsically motivated to foster success.

EXPERIENCE

CURRENT-AUGUST 2021

HOMELESS SECTION MANAGER, PINELLAS COUNTY HUMAN SERVICES

Participate in Pinellas County Continuum of Care committees and community spaces that work to champion services and solve the experience of homelessness. Partner with funded providers to ensure best practices and innovation. Perform ongoing research and review of complex homeless system issues and develop plans to mitigate impacts to the community. Coordinate with emergency management for event preparedness including evacuation planning and execution.

AUGUST 2021-MARCH 2019

HOMELESS CRISIS RESPONSE SUPERVISOR, HOMELESS LEADERSHIP ALLIANCE

Oversite of Coordinated Entry for Pinellas County Continuum of Care including sorting of prioritization list and referrals to permanent housing solutions. Case conferencing and follow up with programs to improve best practices and positive outcomes for people. Lead and participate in workgroups to address access to homeless services, family homelessness, and veterans experiencing homelessness. Work to create policies to increase best practices and offer county trainings. Creation and implementation of voucher referral program to connect RRH clients to permanent housing vouchers. Supervise 8 staff, Diversion and System Navigators including increased outcome tracking for all staff via database systems.

MARCH 2019-NOVEMBER 2018

DIVERSION SPECIALIST, HOMELESS LEADERSHIP BOARD

Creation of new position and develop department to identify and assist households who are on the verge of experiencing homelessness. Identify solutions to quickly resolve housing crisis through effective problem solving, utilization of community resources, and access of formal and informal support networks. Develop and train on diversion techniques for Pinellas County Continuum of Care.

NOVEMBER 2018-SEPTEMBER 2017

HMIS TRAINING AND SUPPORT SPECIALIST, HOMELESS LEADERSHIP BOARD

Coordinate trainings for all Pinellas Homeless Management Information System (PHMIS) users and programs; including over 275 users and 30 agencies. Work with providers to better capture data related to services in the community to ensure accurate reporting to various community partners and funders. Introductory trainings on Housing First, Coordinated Entry, and HUD homeless/chronic homeless definitions, for all new users. Annual refresher training for all users and coordination of quarterly Agency Administrator meetings for Continuum of Care.

SEPTEMBER 2017-JANUARY 2016

SUPERVISOR OF HOMELESS SERVICES, DIRECTIONS FOR LIVING

Supervise department of 10-15 staff. Responsible for onboarding of all staff and creating manual for department. Manage database quality and grant funding utilization. Approving grant funds and improving community relationships. Triaging emergency shelter placement for families in Pinellas County. Participate in audits and reporting on regular basis including significant improvement of grant and audit finding and outcomes.

JANUARY 2016-JUNE 2015

SENIOR HOMELESS CASE MANAGER, DIRECTIONS FOR LIVING

Lead Case Manager for homeless families in Pinellas. Maintain smaller caseload while taking on more department responsibilities. Ensuring weekly all housing requests were completed for approval and communicating changes to staff. Assisted in supervising case managers and training new staff. Manage all new client referrals to homeless services.

JUNE 2015-SEPTEMBER 2014

HOMELESS SERVICES CASE MANAGER, DIRECTIONS FOR LIVING

Case management for homeless families at Directions for Living. Providing prevention and diversion services, treatment and outreach to the community. Connecting clients, and their families, to various resources and programs. Assist with housing, income, child safety, mental health, and substance abuse concerns. Worked with admission and eligibility for Pinellas County Healthcare for the Homeless and assigning referrals for services.

JULY 2014-MAY 2011

COUNSELING ADMIN. ASSISTANT & ELIM HOME ADMISSIONS, TRBC

Admissions for Elim Home, male sober living program, and correspondence with doctors, lawyers, and probation officers to confirm entry into program. Connecting all clients with appropriate counseling staff. Administrative duties including managing donor relations and accounting, all intakes and inquiries, ordering supplies, submitting room reservations, and financial requisitions.

BOLEY CENTERS, INC.

POSITION DESCRIPTION

Title: Director, PSH Intensive Case Management Team Exempt/Nonexempt: Exempt

Reports to: Vice President of Homeless Services Dress Category: 1

Supervises: Intensive Case Managers
Licensed Practical Nurse
Peer Assistant

Summary

Description: Establishes, administers and directs the Permanent Supported Housing Intensive Case Management Team and the wrap around services they provide. This self-contained clinical team provides treatment, rehabilitation, and support services to clients who have been homeless for extended periods and who have severe and persistent mental illnesses; supervises and evaluates the team in conjunction with appropriate psychiatric support to ensure service excellence to program clients; also functions as a practicing clinician on the team.

Duties (Functions):

Primary (Essential):

- Directs the day-to-day clinical operations of the team including scheduling staff hours to assure appropriate coverage for day, evening, weekend, and holiday shifts and on-call hours; leads the daily staff meetings and treatment planning meetings; continuously evaluates the status of clients and does appropriate planning and coordination of treatment activities to ensure immediate attention to their changing needs.
- Acts as Account Manager with the City of St. Petersburg, i.e. is the direct contact with the City staff, completes all reports, handles any complaints or concerns, etc.
- Directs and coordinates the client admission process and treatment, rehabilitation, and support services of the program in coordination with the psychiatrist. Schedules the admissions interview; develops and coordinates the initial assessment and initial treatment plan; assigns the most appropriate staff to the individual treatment team; and provides clinical supervision of the development of the comprehensive assessment and the treatment plan for each client.
- Directs and coordinates, for each client, the comprehensive assessment of psychiatric history, mental status and diagnosis; medical/dental health; use of drugs or alcohol;

education and employment; social development and functioning, activities of daily living; and family structure and relationships.

- Responsible for all aspects of the day-to-day management of staff including, but not limited to, hiring, work assignments and performance management.
- Manages the Consumer Contingency funds.
- Operates own or agency vehicle to transport clients and/or travel between locations.
- Develops and documents performance measures; reports results to Q.I. Committee; assists Director on any corrective action plans when required.
- Supervises medical records management assuring maintenance of records in compliance with Agency policies, Medicaid, and other third-party payment requirements; ensures that staff is trained regarding medical record requirements; regularly reviews client assessments, treatment plans, and progress notes; supervises individual staff for medical records mastery.
- Initiates and maintains relationships, in coordination with other staff, with law enforcement and other human service agencies, hospitals and community resources.
- Conducts clinical assessments and provides direct clinical treatment, rehabilitation, and support services to clients.
- Performs on-call duty for crisis intervention and for staff supervision and consultation.

Secondary:

- Will comply with Compliance Plan and standards of conduct and report any non-compliance to the appropriate official.
- Completes other duties as assigned.
- Will attend all required trainings.
- Completes other duties as assigned.

Qualifications:

Education: Master's Degree in social work or mental health counseling. LCSW/LMHC preferred. Registered counseling intern will be considered if within six months of license and licensure exam has already been passed. Education must be from an accredited school, college, or university. Must be licensed or license eligible.

Experience: Minimum of five years relevant experience with significant experience in administration, case management, staff supervision.

Knowledge: Knowledge of mental illness and related terminology and treatment, clinical Services management and supervision practices preferred.

Skills and Abilities:

Good skills and demonstrated abilities preferred in planning, organizing, directing, staffing, controlling, counseling, Clinical/crisis intervention, communication - verbal and/or written, interpersonal and public relations, staff supervision, coordination/cooperation, problem solving, decision making, self-management, and such others that are usually and customarily considered necessary for the satisfactory completion of essential duties.

Performance Standards:

Must comply with all work-related rules and standards including, but not limited to attendance. Must not present a direct threat to the safety and health of self or others.

Working Conditions:

Primarily indoor/office work with some exposure to outdoors when traveling between offices and other facilities/locations. Potential exposure to a physical hazard exists when dealing with unstable or difficult clients.

Physical Requirements:

Exerting up to 30 pounds of force occasionally and/or up to 10 pounds of force frequently and/or a negligible amount of force constantly to move or manipulate objects. Physical activities including, but not necessarily limited to, climbing, kneeling, crouching, reaching - above and/or below waist, standing, walking, fingering, talking, seeing, hearing, handling, sitting, at varying frequency and intensity may be required to satisfactorily accomplish one or more of essential duties.

Machines, Tools, Equipment, and Materials:

May include, but may not necessarily be limited to, standard office supplies/equipment, automobile, telephone, computer, client charts.

Safety Equipment:

Unusual or special circumstances may require use of emergency equipment including, but not necessarily limited to, fire extinguisher and first aid equipment/materials, etc.

Special

Requirements: Valid Florida driver's license, own transportation vehicle, and insurance required.

POSITION DESCRIPTION

Title: Intensive Case Manager Exempt/Nonexempt: Nonexempt
Reports to: Director, PSH Intensive Case Management Team Salary Grade: E
Supervises: N/A Dress Category: 2

Summary

Description: Assesses service and treatment needs of clients residing in or entering permanent supported housing and ensures all needed services are provided to all clients assigned to caseload. Completes appropriate and necessary reports, records, documents, etc. and files in appropriate records.

Duties (Function):

Primary (Essential):

- Conducts SPDAT assessment and other needed functional assessments to determine strengths, needs and preferences. Works with clients to develop a comprehensive service plan. Implements service plans for each assigned client; updates plan every six months. May screen/do intakes for program participants.
- Coordinates both in-house and/or community appointments, i.e. medical, dental, therapy.
- Makes and/or receives calls regarding a broad spectrum of client related issues and involving contact with a wide variety of individuals (parents, friends, etc.), social services (Medicaid, Social Security, etc.) and service providers both internal and external to Boley Centers.
- Maintains formal and informal working relationships with local service and treatment providers to ensure client access to services and treatment.
- Schedules and attends necessary or required conferences/meetings with individuals both internal and/or external to Boley Centers regarding routine or special matters pertaining to the clients assigned to the caseload.
- Meets, as necessary, with appropriate individuals both internal and/or external to Boley Centers, to handle client update problems or a situation that may require immediate intervention/action.

- Completes, in an accurate and timely manner, all documentation required to ensure ongoing compliance with all internal and/or external requirements.
- Maintains ongoing awareness of each assigned client's needs by the frequent reading of such documentation as activity reports, progress notes, etc. and by frequent personal meetings with each client.
- Operates own or agency vehicle to transport clients and/or travel between locations.
- Provides and/or arranges for 24 hour crisis intervention.
- Writes memos, letters, statements, etc. regarding client related issues.

Secondary:

- Will comply with Compliance Plan and standards of conduct and report any noncompliance to the appropriate official.
- Will attend all required trainings.
- Completes other duties as assigned.

Qualifications:

Education: Bachelor's degree with a major in counseling, social work, psychology, criminal justice, nursing, rehabilitation, special education, health education, or a related human services field (a related human services field is one in which major course work includes the study of human behavior and development) and has a minimum of one year of full time or equivalent experience working with adults experiencing serious mental illness; or bachelor's degree and three years full time or equivalent experience working with adults experiencing serious mental illness. Education must be from an accredited school, college, or university.

Experience: Minimum of one to three years experience working with serious mental illness required depending upon type of bachelor's degree.

Knowledge: Knowledge of mental illness and symptoms, mental health system and supports, community social services systems.

Skills and

Abilities: Good skills and demonstrated abilities in verbal and written communications, coordination/cooperation, follow-through, interpersonal relations, attention to detail, use of basic language and math, following verbal and written procedures and instructions, recording information orally and in writing, internal and external public relations, working independently, verbal and physical crisis intervention techniques, planning, problem solving,

negotiating, flexibility to change, decision making, scheduling own and others' work, counseling techniques and evaluation techniques, organizing own and others' work and such others that are usually and customarily considered necessary for satisfactory completion of essential duties.

Performance

Standards: Must comply with all work related rules and standards including, but not limited to attendance. Must not present a direct threat to the safety or health of self or others.

Working

Conditions: Job environment includes indoors, outdoors and office work. May be exposed to such environmental conditions as fumes, odors, dust, gasses, uncomfortable cold/heat, variable temperatures and uncomfortable noise; exposure to a potential hazard may occur when handling household cleaning chemicals; physical hazard may exist when dealing with unstable or difficult client/tenant. Overtime may be required from time to time. May require overnight and/or out of town travel, on-call duty from time to time.

Physical

Requirements: Exerting up to 50 pounds of forces occasionally and/or up to 20 pounds of force frequently, and/or up to 10 pounds of force constantly to move objects. Physical activities including, but not necessarily limited to climbing, stooping, kneeling, crouching, reaching, sitting, standing, walking, feeling, talking, seeing, hearing, driving auto and van at varying frequency and intensity may be required to satisfactorily accomplish one or more of the essential duties.

Machines, Tools, Equipment,

Materials: May include, but may not necessarily be limited to screw driver, stapler, computer, adding machine, telephone, heating & air conditioning units, hammer, drill, vacuum cleaner.

Safety

Equipment: May include but not necessarily limited to seat belt, rubber gloves, weight (lifting) belt. Special or unusual circumstances may require use of emergency safety equipment including but not limited to fire extinguisher and first aid equipment.

Special

Participant Protections: Pinellas County Board of County Commissioners

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756

PinellasCounty.org | FOA No: SM-23-006

Confidentiality and SAMHSA Participant Protection/Human Subjects Guidelines

Confidentiality and Participant Protection:

It is important to have safeguards protecting individuals from risks associated with their participation in SAMHSA projects. **All applicants (including those who plan to obtain Institutional Review Board (IRB) approval) must address the elements below.** If some elements are not applicable to the proposed project, explain why the element(s) is not applicable. In addition to addressing these elements, you will need to determine if the section below titled "Protection of Human Subjects Regulations" applies to your project. If so, you must submit the required documentation as described below. There are no page limits for this section.

1. Protect Clients and Staff from Potential Risks

- **Identify and describe the foreseeable physical, medical, psychological, social and legal risks or potential adverse effects participants may be exposed to as a result of the project.**

Psychological stress may occur among some clients when questioned about topics that relate to a recent discussing personal matters. For those participants who show any signs of distress or unwillingness to answer questions on these matters, their privacy will be respected and the program staff will immediately move to another topic and obtain the assistance of a trained therapist if needed for follow-up.

Clients are also informed that there is a potential risk that personal information about them may be inadvertently released. Though this release of information is not intentional or done on purpose, the fact is that personal information about them is being kept on file and in rare instances these events occur. In order to minimize the potential risks and harm to the clients, all staff will receive training in motivational interviewing skills and in discussing potentially sensitive information. The training also will emphasize skills in handling and discussing sensitive information in a supportive, non-threatening, non-judgmental manner. The staff also will receive training in confidentiality (HIPAA and 42CFR Part 2) and ethical behavior. The clients always have the option to refuse to answer questions or discuss information that makes them too uncomfortable. If a client becomes distressed, the client will receive an assessment by a qualified clinician to determine the extent of the effect, and the client will receive additional counseling and/or appropriate referrals/linkages as necessary.

While there are no foreseeable physical or medical risks or adverse effects due either to: a) participation in the project itself, or to b) the evaluation activities, there is the possibility of some legal risk in circumstances in which it is determined that a client poses a danger to herself or others, as well as in the case of suspected child abuse or neglect. In either or both cases, reports to the authorities would have to be made by program or evaluation staff and the potential for legal repercussions exist. In response to such a circumstance, every effort will be made to provide referrals and/or connections to supportive and therapeutic services and other relevant assistance.

- **Identify and describe the foreseeable physical, medical, psychological, social and legal risks or potential adverse effects staff may be exposed to as a result, of the project.**

There are no foreseeable physical or medical, social, or legal risks to staff as a result of this project. Staff may experience psychological effects as a result of this project due to burnout, compassion fatigue, or vicarious trauma. Staff are afforded the opportunity to access employer sponsored health

Participant Protections: Pinellas County Board of County Commissioners

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756
PinellasCounty.org | FOA No: SM-23-006

and wellness benefits, along with paid time off, and leisure activity discounts. Self-care will be promoted along with mindfulness in the workplace. Staff will be encouraged to seek out support and resources through their immediate supervisor if they feel they are impacted by burnout, compassion fatigue, or vicarious trauma.

- **Describe the procedures you will follow to minimize or protect participants and staff against potential risks, including risks to confidentiality.**

The proposed project will leverage data systems that maintain client information in accordance with regulations governing confidentiality of client records and HIPAA. Treatment service records are maintained in a secure electronic health record and access is restricted to those staff working directly with a particular client. All client files contain properly executed release forms if a release of information is necessary concerning client progress and history. Staff receive training upon hiring and annually regarding confidentiality and HIPAA. Staff members that process requests for information receive training in the application of the confidentiality regulations. These staff members, in particular, understand the importance of protecting client confidentiality and do so with the utmost caution. Any documents released are clearly marked with a prohibition of re-disclosure that instructs the receiver of the information regarding the confidential nature of the information. Every time the program must share information with external systems, the client signs a disclosure form.

All research or evaluation records will be kept separate from treatment records and provided to partners de-identified, to the degree necessary, to protect individuals provided with outreach services. As a covered entity, Pinellas County Human Services maintains a HIPAA Policy outlining protected health information management procedures, including those procedures of outside contractors and vendors.

Clients are advised, by means of Informed Consent, that contracted providers will follow all Federal and State laws regarding confidentiality, but are mandated to report cases of child abuse. Confidentiality may also be broken if there is threatening or harm to contracted staff or its property or cases of medical necessity/emergency. Clients are also informed that because this project is sponsored by SAMHSA, staff from that or other DHHS agencies may review records that identify the client.

- **Identify your plan to provide guidance and assistance in the event there are adverse effects to participants and staff.**

Clients may experience temporary emotional upset during the initial contact or during the assessment process while discussing personal matters. In order to minimize the potential risks and harm to the clients, all staff will receive training in motivational interviewing skills and in discussing potentially sensitive information. The training also will emphasize skills in handling and discussing sensitive information in a supportive, non-threatening, non-judgmental manner. The staff also will receive training in confidentiality (HIPAA and 42CFR Part 2) and ethical behavior. The clients always have the option to refuse to answer questions or discuss information that makes them too uncomfortable. If a client becomes distressed, the client will receive an assessment by a qualified clinician to determine the extent of the effect, and the client will receive additional counseling and/or appropriate referrals/linkages as necessary.

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756
PinellasCounty.org | FOA No: SM-23-006

Intervention, Counseling, and Care Coordination Sessions: As with the initial contact and assessments, clients may become emotionally upset during care coordination and counseling sessions while discussing personal matters. As previously stated, the staff will receive extensive training in interviewing and counseling skills, ethical behavior, and confidentiality. More specifically, the staff will receive training in identifying verbal and nonverbal cues that indicate a client may be becoming frustrated, upset, angry, and/or distraught. The staff also will receive instruction in therapeutic techniques to calm and reassure the client and to conduct de-escalation procedures. In addition, if necessary, the staff will conduct additional screening to determine the extent of the effect. The TIEH Program Director and Licensed Mental Health Counselor (LMHC) or Licensed Clinical Social Worker (LCW) also will be available to the clinical staff for consultation and guidance. If needed, staff will provide the client with referrals for additional services the program does not provide. In the rare event that the client becomes excessively upset, expresses suicidal/homicidal ideation, or experiences psychotic-like symptoms, the program will assist the client in obtaining crisis stabilization services.

A client may become upset, have a worsening of symptoms, or experience a crisis following a session because of discussing sensitive or traumatic information. In this event, program staff will provide clients with program cell phone numbers and instruct the client to call. Trained staff will conduct an on-phone screening and determine the need for additional counseling and/or referrals. In the event that the client becomes excessively upset, experiences feelings of violence, has suicidal/homicidal ideations, or experiences psychotic-like symptoms, program staff will instruct them to call a crisis hotline immediately. Staff will provide this information and crisis hotline numbers to the clients during the initial intake and consenting session.

To address burnout, compassion fatigue, and vicarious trauma, staff are afforded the opportunity to access employer sponsored health and wellness benefits, along with paid time off, and leisure activity discounts. Self-care will be promoted along with mindfulness in the workplace. Staff will be encouraged to seek out support and resources through their immediate supervisor if they feel they are impacted by burnout, compassion fatigue, or vicarious trauma.

2. Fair Selection of Participants

- **Explain how you will recruit and select participants.**

The Director, Team Lead, will work with Safe Harbor staff to identify individuals to assess for participation in the TIEH program. Intensive Case Managers will screen individuals to ensure a significant mental illness (SMI) for inclusion in the program. Individuals without an SMI will be referred to Social Works within Pinellas Safe Harbor, to the Pinellas Continuum of Care for housing resources, or 211 for social service connections.

- **Identify any individuals in the geographic catchment area where services will be delivered who will be excluded from participating in the project and explain the reasons for this exclusion.**

3. Absence of Coercion

Participant Protections: Pinellas County Board of County Commissioners

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756
PinellasCounty.org | FOA No: SM-23-006

If you plan to compensate participants, state how participants will be awarded incentives (e.g., gift cards, bus passes, gifts, etc.) If you plan to implement a contingency management program, specify the evidence-based model you will use and briefly justify its use with your population(s) of focus. If you have included funding for incentives in your budget, you must address this item

Pinellas County plans to provide non-cash incentives, gift cards, to TIEH clients participating in data collection efforts. Upon completion of a data collection tool, clients will be provided one gift-card with a \$30. Pinellas County is not utilizing a contingency management program, rather leveraging incentives to compensate clients for their time and effort associated with the completion of the data collection tool.

- **Provide justification that the use of incentives is appropriate, judicious and conservative and that incentives do not provide an “undue inducement” that removes the voluntary nature of participation.**

Clients of the are homeless and of limited income. The \$30 value of the incentive for this population is appropriate, judicious, and conservative. It is not of such a great amount that it decreases the client’s ability to rationally participate in the data collection efforts. The purpose and intent are to appropriately compensate a client for the time and effort they’ve spent engaging in data collection efforts above and beyond treatment intakes and assessments.

- **Describe how you will inform participants that they may receive services even if they chose to not participate in or complete the data collection component of the project.**

Participants will be informed during the Informed Consent process that their participation in the data collection is voluntary and that if they choose to not participate in or complete any data collection component of the project, they may still receive services through the TIEH program.

4. Data Collection

- **Identify from whom you will collect data (e.g., from participants themselves, family members, teachers, others).**

Data may be collected directly from participants by TIEH programmatic staff, such as Case Managers, and treatment providers. Aggregate data from treatment provides may be utilized for evaluation purposes. Evaluation reports will be developed by the contracted evaluator to evaluate the program’s progress towards obtaining its goals.

- **Describe the data collection procedures and specify the sources for obtaining data (e.g., school records, interviews, psychological assessments, questionnaires, observation or other sources). Identify what type of specimens (e.g., urine, blood) will be used, if any. State if the specimens will be used for purposes other than evaluation.**

Sources of obtaining data may include, but are not limited to: CAGE, DLA, FARS, biopsychosocial, and NOMS. Specimens will not be used for TIEH funded services.

PinellasCounty.org | FOA No: SM-23-006

- In **Attachment 2**, “Data Collection Instruments/Interview Protocols,” you **must** provide copies of all available data collection instruments and interview protocols that you plan to use (unless you are providing the web link to the instrument(s)/protocol(s)).

Attachment 2 includes data collections instruments and links, with the exception of the NOMS tool, which the project will obtain via SPARS upon award.

5. Privacy and Confidentiality

- **Explain how you will ensure privacy and confidentiality. Describe:**

- **Where data will be stored.**

All participant information will be securely stored in Boley and/or PEMHS electronic health record (EHR) or within the Pinellas Homeless Management Information System (HMIS).

- **Who will have access to the data collected.**

Only specified treatment provider staff will have access to the information, on a need to know basis.

- **How the identity of participants will be kept private, for example, through the use of a coding system on data records, limiting access to records, or storing identifiers separately from data.**

When necessary, a master list of names of participants with their corresponding project ID number may be kept in a separate location and only specified Research staff (need to know basis) will have access to the master list of participant names and their Project ID number.

All contracted providers agree to maintain the confidentiality of client records according to the provisions of **Title 42 of the Code of Federal Regulations, Part II**.

NOTE: Recipients must maintain the confidentiality of alcohol and drug abuse client records according to the provisions of **Title 42 of the Code of Federal Regulations, Part II**.

6. Adequate Consent Procedures

- **Include, as appropriate, sample consent forms that provide for: (1) informed consent for participation in service intervention; (2) informed consent for participation in the data collection component of the project; and (3) informed consent for the exchange (releasing or requesting) of confidential information. The sample forms must be included in Attachment 3, “Sample Consent Forms”, of your application. If needed, give English translations.**

Pinellas County will seek consent upon a client’s agreement to receive referrals to community treatment providers. Attachment 3 includes the Pinellas County Human Services’ Universal Release of Information as a sample form.

- **Explain how you will obtain consent for youth, the elderly, people with limited reading skills, and people who do not use English as their first language. Describe how the consent will be documented. For example: Will you read the consent forms? Will you ask prospective participants questions to be sure they understand the forms? Will you give them copies of what they sign?**

Pinellas County Human Services | 440 Court Street, 2nd floor, Clearwater, FL 33756
PinellasCounty.org | FOA No: SM-23-006

Upon agreement to connect with referrals to treatment, participants will receive a written Universal Release of Information. Although the project does not anticipate serving youth, participating youth would require the consent of their parent or legal guardian. Participants with primary languages other than English will be offered a multi-lingual assistant and/or a translation service will be offered. For participants with literacy issues will have the option of having the consent read to them. A sample Informed Consent is included in Attachment 3 and signed copies will be offered to the participant to keep.

NOTE: Never imply that the participant waives or appears to waive any legal rights, may not end involvement with the project, or releases your project or its agents from liability for negligence.

7. Risk/Benefit Discussion

- **Discuss why the risks you have identified in element 1. (Protect Clients and Staff from Potential Risks) are reasonable compared to the anticipated benefits to participants involved in the project.**

The risks are reasonable in relation to the anticipated benefits to the participants involved in the TIEH project. Clients are likely to benefit from the case management, peer support, outpatient treatment, and care coordination. Benefits are likely to include improved social and life skills, improved living environments, better healthcare, improved mental functioning and reductions in risk-taking behaviors. Clients may also be eligible to received appropriate referrals and linkages to services to address additional needs to aid clients in obtaining permanent and stable housing. This project does not fall under the Protection of Human Subjects and Regulations (45 CFR 46).

SAMHSA expects that most recipients funded under this announcement will not have to comply with the Protection of Human Subjects Regulations (45 CFR 46), which requires Institutional Review Board (IRB) approval. However, in some instances, the applicant's proposed project may meet the regulation's criteria for research involving human subjects. Although IRB approval is not required at the time of award, you are required to provide the documentation below prior to enrolling participants into your project.

In addition to the elements above, applicants whose projects must comply with the Human Subjects Regulations must:

- Describe the process for obtaining IRB approval for your project.
- Provide documentation that an Assurance of Compliance is on file with the Office for Human Research Protections (OHRP).
- Provide documentation that IRB approval has been obtained for your project prior to enrolling participants.

General information about Human Subjects Regulations can be obtained through OHRP at <http://www.hhs.gov/ohrp> or (240) 453-6900. SAMHSA-specific questions should be directed to the program contact listed in Section VII of this announcement compared to the anticipated benefits to participants involved in the project.

**ASSURANCE
of Compliance with SAMHSA Charitable Choice
Statutes and Regulations
SMA 170**

**REQUIRED ONLY FOR APPLICANTS APPLYING FOR GRANTS THAT FUND
SUBSTANCE ABUSE TREATMENT OR PREVENTION SERVICES**

SAMHSA's two Charitable Choice provisions [Sections 581-584 and Section 1955 of the Public Health Service (PHS) Act, 42 USC 290k, et seq., and 42 USC 300x-65 et seq., respectively] allow religious organizations to provide SAMHSA-funded substance abuse services without impairing their religious character and without diminishing the religious freedom of those who receive their services. These provisions contain important protections both for religious organizations that receive SAMHSA funding and for the individuals who receive their services, and apply to religious organizations and to State and local governments that provide substance abuse prevention and treatment services under SAMHSA grants.

As the duly authorized representative of the applicant, I certify that the applicant:

Will comply, as applicable, with the Substance Abuse and Mental Health Services Administration (SAMHSA) Charitable Choice statutes codified at sections 581-584 and 1955 of the Public Health Service Act (42 U.S.C. §§290kk, et seq., and 300x-65) and their governing regulations at 42 C.F.R. part 54 and 54a respectively.
